IC 36-2-1-2

Changing boundaries; transfer of territory; petition; signatures; election; order

Sec. 2. (a) If the resident voters in a specified territory in two (2) or more contiguous counties desire to change the boundaries of their respective counties, they may file a petition with the executives of their respective counties requesting that the territory be transferred. The petition must:

- (1) be signed by at least the number of voters resident in the territory requested to be transferred required to place a candidate on the ballot under IC 3-8-6-3;
- (2) contain a clear, distinct description of the requested boundary change; and
- (3) not propose to decrease the area of any county below four hundred (400) square miles in compliance with Article 15, Section 7 of the Constitution of the State of Indiana.

(b) Whenever a petition under subsection (a) is filed with a county executive, the executive shall determine, at its first meeting after the petition is filed:

- (1) whether the signatures on the petition are genuine; and
- (2) whether the petition complies with subsection (a).

(c) If the determinations under subsection (b) are affirmative, the executive shall certify the question to the county election board of each affected county. The county election boards shall jointly order a special election to be held, scheduling the election so that the election is held on the same date in each county interested in the change, but not later than thirty (30) days and not on the same date as a general election. The election shall be conducted under IC 3-10-8-6. All voters of each interested county are entitled to vote on the question. The question shall be placed on the ballot in the form prescribed by IC 3-10-9-4 and must state "Shall the boundaries of _____ County and _____ County change?".

(d) After an election under subsection (c), the clerk of each county shall make a certified copy of the election returns and not later than five (5) days after the election file the copy with the auditor of the county. The auditor shall, not later than five (5) days after the filing of the returns in the auditor's office, make a true and complete copy of the returns, certified under the auditor's hand and seal, and deposit the copy with the auditor of every other county interested in the change.

(e) After copies have been filed under subsection (d), the auditor of each county shall call a meeting of the executive of the county,

which shall examine the returns. If a majority of the voters of each interested county voted in favor of change, the executive shall:

- (1) enter an order declaring their boundaries to be changed as described in the petition; and
- (2) if the county has received territory from the transfer, adopt revised descriptions of:
 - (A) county commissioner districts under IC 36-2-2-4; and
 - (B) county council districts under IC 36-2-3-4;

so that the transferred territory is assigned to at least one (1) county commissioner district and at least one (1) county council district.

(f) The executive of each county shall file a copy of the order described in subsection (e)(1) with:

- (1) the office of the secretary of state; and
- (2) the circuit court clerk of the county.

Except as provided in subsection (g), the transfer of territory becomes effective when the last county order is filed under this subsection.

(g) An order declaring county boundaries to be changed may not take effect during the year preceding a year in which a federal decennial census is conducted. An order that would otherwise take effect during the year preceding a year in which a federal decennial census is conducted takes effect January 1 of the year in which a federal decennial census is conducted.

(h) An election under this section may be held only once every three (3) years.

(i) Notwithstanding subsection (g) as that subsection existed on December 31, 2009, a boundary change that took effect January 2, 2010, because of the application of subsection (g), as that subsection existed on December 31, 2009, is instead considered to take effect January 1, 2010, without an amended order or any other additional action being required.

If a copy made under subsection (a) is certified by the recorder who copied it as a true and complete copy of the instrument recorded in his office, it shall be admitted as evidence with the same force as the original record.

IC 36-2-2-4

Division of county into districts; membership, duties, and compensation of county redistricting commission; single-member district criteria; recertification of districts; filing with circuit court clerk; time for filing; district boundary description prevails over conflicting map

Sec. 4. (a) This subsection does not apply to a county having a population of:

(1) more than four hundred thousand (400,000) but less than seven hundred thousand (700,000); or

(2) more than two hundred fifty thousand (250,000) but less than two hundred seventy thousand (270,000).

The executive shall divide the county into three (3) districts that are composed of contiguous territory and are reasonably compact. The district boundaries drawn by the executive must not cross precinct boundary lines and must divide townships only when a division is clearly necessary to accomplish redistricting under this section. If necessary, the county auditor shall call a special meeting of the executive to establish or revise districts.

(b) This subsection applies to a county having a population of

more than four hundred thousand (400,000) but less than seven hundred thousand (700,000). A county redistricting commission shall divide the county into three (3) single-member districts that comply with subsection (d). The commission is composed of:

- (1) the members of the Indiana election commission;
- (2) two (2) members of the senate selected by the president pro tempore, one (1) from each political party; and
- (3) two (2) members of the house of representatives selected by the speaker, one (1) from each political party.

The legislative members of the commission have no vote and may act only in an advisory capacity. A majority vote of the voting members is required for the commission to take action. The commission may meet as frequently as necessary to perform its duty under this subsection. The commission's members serve without additional compensation above that provided for them as members of the Indiana election commission, the senate, or the house of representatives.

(c) This subsection applies to a county having a population of more than two hundred fifty thousand (250,000) but less than two hundred seventy thousand (270,000). The executive shall divide the county into three (3) single-member districts that comply with subsection (d).

(d) Single-member districts established under subsection (b) or (c) must:

- (1) be compact, subject only to natural boundary lines (such as railroads, major highways, rivers, creeks, parks, and major industrial complexes);
- (2) contain, as nearly as is possible, equal population; and
- (3) not cross precinct lines.

(e) Except as provided by subsection (g), a division under subsection (a), (b), or (c) shall be made:

- (1) during the first year after a year in which a federal decennial census is conducted; and
- (2) when the county adopts an order declaring a county boundary to be changed under IC 36-2-1-2.

(f) A division under subsection (a), (b), or (c) may be made in any odd-numbered year not described in subsection (e).

(g) This subsection applies during the first year after a year in which a federal decennial census is conducted. If the county executive or county redistricting commission determines that a division under subsection (e) is not required, the county executive or county redistricting commission shall adopt an ordinance recertifying that the districts as drawn comply with this section.

(h) Each time there is a division under subsection (e) or (f) or a recertification under subsection (g), the county executive or county redistricting commission shall file with the circuit court clerk of the county, not later than thirty (30) days after the division or recertification occurs, a map of the district boundaries:

- (1) adopted under subsection (e) or (f); or
- (2) recertified under subsection (g).

(i) The limitations set forth in this section are part of the ordinance, but do not have to be specifically set forth in the ordinance. The ordinance must be construed, if possible, to comply with this chapter. If a provision of the ordinance or an application of the ordinance violates this chapter, the invalidity does not affect the other provisions or applications of the ordinance that can be given effect without the invalid provision or application. The provisions of the ordinance are severable.

(j) If a conflict exists between:

- (1) a map showing the boundaries of a district; and
- (2) a description of the boundaries of that district set forth in the ordinance;

the district boundaries are the description of the boundaries set forth in the ordinance, not the boundaries shown on the map, to the extent there is a conflict between the description and the map.

(2) more than two hundred fifty thousand (250,000) but less than two hundred seventy thousand (270,000).

The county executive shall, by ordinance, divide the county into four (4) contiguous, single-member districts that comply with subsection

(d). If necessary, the county auditor shall call a special meeting of the executive to establish or revise districts. One (1) member of the fiscal body shall be elected by the voters of each of the four (4) districts. Three (3) at-large members of the fiscal body shall be elected by the voters of the whole county.

One (1) member of the fiscal body shall be elected by the voters of each of these seven (7) single-member districts.

(c) This subsection applies to a county having a population of more than two hundred fifty thousand (250,000) but less than two hundred seventy thousand (270,000). The fiscal body shall divide the county into nine (9) single-member districts that comply with subsection (d). - (4) include whole townships, except when a division is clearly necessary to accomplish redistricting under this section.

(e) Except as provided by subsection (g), a division under subsection (a), (b), or (c) shall be made:

(g) This subsection applies during the first year after a year in which a federal decennial census is conducted. If the county executive, county redistricting commission, or county fiscal body determines that a division under subsection (e) is not required, the county executive, county redistricting commission, or county fiscal body shall adopt an ordinance recertifying that the districts as drawn comply with this section.

(h) Each time there is a division under subsection (e) or (f) or a recertification under subsection (g), the county executive, county redistricting commission, or county fiscal body shall file with the circuit court clerk of the county, not later than thirty (30) days after the division or recertification occurs, a map of the district boundaries:

The provisions of the ordinance are severable.

(j) If a conflict exists between:

- (1) a map showing the boundaries of a district; and
- (2) a description of the boundaries of that district set forth in the ordinance;

the district boundaries are the description of the boundaries set forth in the ordinance, not the boundaries shown on the map, to the extent there is a conflict between the description and the map.

- (1) the county executive proclaims the urgent necessity; and
- (2) copies of the ordinance are posted in three (3) public places in each of the districts of the county before it takes effect.

(c) The following apply in addition to the other requirements of this section:

(3) Upon written request by the legislative body, the department of environmental management may waive the notice requirement of subdivision (2)(A).

(4) An environmental restrictive ordinance passed or amended after 2009 by the legislative body must state the notice requirements of subdivision (2).

(5) The failure of an environmental restrictive ordinance to comply with subdivision (4) does not void the ordinance.

(d) After an ordinance or resolution passed by the legislative body of a county subject to IC 36-2-3.5 has been signed by the presiding officer, the county auditor shall present it to the county executive, and record the time of the presentation. Within ten (10) days after an ordinance or resolution is presented to it, the executive shall:

(1) approve the ordinance or resolution, by signature of a majority of the executive, and send the legislative body a message announcing its approval; or

(2) veto the ordinance or resolution, by returning it to the legislative body with a message announcing its veto and stating its reasons for the veto.

(f) An ordinance increasing a building permit fee on new development must:

(1) be published:

(A) one (1) time in accordance with IC 5-3-1; and

- (2) the indices for finding, retrieving, and viewing all recorded documents received by the county recorder for recording in a calendar day, week, month, or year; or
- (3) both subdivisions (1) and (2).

(b) As used in this section, "bulk user" means an individual, a corporation, a partnership, a limited liability company, or an unincorporated association that purchases bulk form copies. However, "bulk user" does not include an individual, a corporation, a partnership, a limited liability company, or an unincorporated association whose primary purpose is to resell public records.

(c) As used in this section, "copy" means:

- (1) duplicating electronically stored data onto a disk, tape, drum, or any other medium of electronic data storage; or
- (2) reproducing on microfilm.

(d) As used in this section, "indices" means all of the indexing information used by the county recorder for finding, retrieving, and viewing a recorded document.

(e) As used in this section, "recorded document" means a writing, a paper, a document, a plat, a map, a survey, or anything else received at any time for recording or filing in the public records maintained by the county recorder.

(f) The county recorder shall collect the fees prescribed by this section for the sale of recorded documents in bulk form copies to bulk users of public records. The county recorder shall pay the fees

into the county treasury at the end of each calendar month. The fees prescribed and collected under this section supersede all other fees for bulk form copies required by law to be charged for services rendered by the county recorder to bulk users.

(g) Except as provided by subsection (h), the county recorder shall charge bulk users the following for bulk form copies:

(1) Seven cents (\$0.07) per page for a recorded document, including the index of the instrument number or book and page, or both, for retrieving the recorded document.

(2) Seven cents (\$0.07) per recorded document for a copy of the other indices used by the county recorder for finding, retrieving, and viewing a recorded document.

(h) As used in this subsection, "actual cost" does not include labor costs or overhead costs. The county recorder may charge a fee that exceeds the amount established by subsection (g) if the actual cost of providing the bulk form copies exceeds the amount established by subsection (g). However, the total amount charged for the bulk form copies may not exceed the actual cost plus one cent (\$0.01) of providing the bulk form copies.

(i) The county recorder shall provide bulk users with bulk form copies in the format or medium in which the county recorder maintains the recorded documents and indices. If the county recorder maintains the recorded documents and indices in more than one (1) format or medium, the bulk user may select the format or medium in which the bulk user shall receive the bulk form copies. If the county recorder maintains the recorded documents and indices for finding, retrieving, and viewing the recorded documents in an electronic or a digitized format, a reasonable effort shall be made to provide the bulk user with bulk form copies in a standard, generally acceptable, readable format. Upon request of the bulk user, the county recorder shall provide the bulk form copies to the bulk user within a reasonable time after the recorder's archival process is completed and bulk form copies become available in the office of the county recorder.

(j) Bulk form copies under this section may be used:

(1) in the ordinary course of the business of the bulk user; and

(2) by customers of the bulk user.

Chapter 8.5. Election and Terms of Office of Certain County Officers

IC 36-2-8.5-1

"County office"; general assembly findings

Sec. 1. (a) As used in this section, "county office" has the meaning set forth in IC 36-1-8-15.

(b) The general assembly finds the following:

(1) That due to events that occurred at different times in Indiana's history, the beginning of the terms of certain elected county offices varies from a uniform date due to changes in the dates of general elections, vacancies in offices, and other events described by the Indiana supreme court in the following cases:

(A) Howard v. State, 10 Ind. 74 (Ind. 1857).

(B) Greible v. State, 12 N.E. 700 (Ind. 1887).

(C) State v. Menaugh, 51 N.E. 117 (Ind. 1898).

(D) Scott v. State, 52 N.E. 163 (Ind. 1898).

(2) That on many occasions at the beginning of the twentieth century, the general assembly attempted to standardize the beginning of the terms of county offices.

(3) That the voters of Indiana approved an amendment to Article 6, Section 2 of the Constitution of the State of Indiana at the November 2004 general election authorizing the general assembly to provide by law for uniform dates for beginning the terms of county offices.

(4) That the variation in the beginning dates of the terms of county offices is not a general condition but affects only a known and fixed set of county offices.

(5) That a statement of a rule applicable to each county office whose term varies from a uniform date would be clearer in application than a general statement of a rule to make the beginning of the terms of those county offices uniform.

(c) The general assembly enacts this chapter to:

(1) provide a rule applicable to each county office whose term of office deviates from a uniform date as of June 30, 2005; and

(2) implement Article 6, Section 2(b) of the Constitution of the State of Indiana to provide for a uniform date for beginning the terms of county offices described in Article 6, Section 2(a) of the Constitution of the State of Indiana.

The coroner or the coroner's designee having custody of a photograph, a video recording, or an audio recording of an autopsy may also use or allow the use of the photograph, video recording, or audio recording for training or educational purposes (as defined in IC 16-39-7.1-1.5) if all information that identifies the individual on whom the autopsy was performed is masked or removed from the photograph, video recording, or audio recording. of an autopsy, and may prescribe any restrictions or stipulations that the court considers appropriate.

(h) In determining good cause under subsection (g), the court shall consider:

- (1) whether the disclosure is necessary for the public evaluation of governmental performance;
- (2) the seriousness of the intrusion into the family's right to privacy;
- (3) whether the disclosure of the photograph, video recording, or audio recording is by the least intrusive means available; and
- (4) the availability of similar information in other public records, regardless of form.

(i) In all cases, the viewing, copying, listening to, or other handling of a photograph, video recording, or audio recording of an autopsy must be under the direct supervision of the coroner, or the coroner's designee, who is the custodian of the record.

(j) A surviving spouse shall be given:

- (1) reasonable notice of the petition filed with the court to view or copy a photograph or video recording of an autopsy or a petition to listen to or copy an audio recording;
- (2) a copy of the petition filed with the court to view or copy a photograph or video recording of an autopsy or a petition to listen to or copy an audio recording; and

(l) A coroner or coroner's designee who:

- (1) is the custodian of a photograph, a video recording, or an audio recording of an autopsy; and
- (2) knowingly or intentionally violates this section;

commits a Class A misdemeanor.

(m) A person who knowingly or intentionally violates a court order issued under this section commits a Class A misdemeanor.

A parent of the decedent, an adult child of the decedent, a next of kin of the decedent, and an insurance company are prohibited from publicly disclosing any information contained in the report beyond that information that may otherwise be disclosed by a coroner under this section. This prohibition does not apply to information disclosed in communications in conjunction with the investigation, settlement, or payment of the claim.

The court shall state in the order the reasons for granting or denying the petition. An order issued under this subsection must use the least restrictive means and duration possible when restricting access to the information. Information to which access is restricted under this subsection is confidential.

(2) access to the information specified in subsection (a) would not create a significant risk to the criminal investigation of the death.

The person petitioning the court for modification or termination shall serve a copy of the petition on the prosecuting attorney and the coroner.

(k) Upon receipt of a petition for modification or termination filed under subsection (j), the court may:

(1) summarily grant, modify, or dismiss the petition; or

(2) set the matter for hearing.

If the court sets the matter for hearing, upon the motion of any party or upon the court's own motion, the court may close the hearing to the public.

(l) If the person filing the petition for modification or termination proves by a preponderance of the evidence that:

- (1) the public interest will be served by allowing access; and
- (2) access to the information specified in subsection (a) would not create a significant risk to the criminal investigation of the death;

the court shall modify or terminate its order restricting access to the information. In ruling on a request under this subsection, the court shall state the court's reasons for granting or denying the request.

Information requests; medicolegal examinations; interference with postmortem examinations; denial of recovery

Sec. 22.6. (a) Upon request of a procurement organization, a coroner shall release to the procurement organization the name, contact information, and available medical and social history of a decedent whose body is under the jurisdiction of the coroner. If the decedent's body or part is medically suitable for transplantation, therapy, research, or education, the coroner shall release postmortem examination results to the procurement organization. The procurement organization may make a subsequent disclosure of the postmortem examination results or other information received from the coroner only if relevant to transplantation or therapy.

(b) The coroner may conduct a medicolegal examination by reviewing all medical records, laboratory test results, x-rays, other diagnostic results, and other information that any person possesses about a donor or prospective donor whose body is under the jurisdiction of the coroner which the coroner determines may be relevant to the investigation.

(c) A person that has any information requested by a coroner under subsection (b) shall provide that information as expeditiously as possible to allow the coroner to conduct the medicolegal investigation within a period compatible with the preservation of parts for the purpose of transplantation, therapy, research, or education.

(d) If an anatomical gift has been or might be made of a part of a decedent whose body is under the jurisdiction of the coroner and a postmortem examination is not required, or the coroner determines that a postmortem examination is required but that the recovery of the part that is the subject of an anatomical gift will not interfere with the examination, the coroner and procurement organization shall cooperate in the timely removal of the part from the decedent for the purpose of transplantation, therapy, research, or education.

(e) If an anatomical gift of a part from the decedent under the jurisdiction of the coroner has been or might be made, but the coroner, in consultation with a pathologist, initially believes that the recovery of the part could interfere with the postmortem investigation into the decedent's cause or manner of death or interfere with the preservation or collection of evidence, the coroner and pathologist shall consult with the procurement organization or physician or technician designated by the procurement organization about the proposed recovery. After consultation, the coroner may allow the recovery, delay the recovery, or deny the recovery.

(f) Before the removal procedure, the coroner or designee may allow recovery by the procurement organization to proceed, or, if the coroner or designee reasonably believes that the part may be involved in determining the decedent's cause or manner of death or, in tissue procurement cases, if the coroner or designee determines

that, for evidentiary purposes, the body must remain undisturbed prior to autopsy, deny recovery by the procurement organization. The coroner or designee must be present at the scene before denying the recovery of a part. When practicable, the coroner and pathologist shall work with the procurement organization to facilitate removal of a part following any postmortem examination of the decedent.

(g) If the coroner or designee denies recovery under subsection (e) or (f), the coroner or designee shall:

- (1) explain in a record the specific reasons for not allowing recovery of the part;
- (2) include the specific reasons in the records of the coroner and forensic pathologist; and
- (3) provide a record with the specific reasons to the procurement organization and the state department of health.

(h) If the coroner or designee allows recovery of a part under subsection (d), (e), or (f), the procurement organization shall do the following:

- (1) At the request of the coroner or designee and when practicable, perform diagnostic studies that would aid in documenting the presence or absence of injuries.
