SECTION 3.

GENERAL GOVERNMENT

A. LEGISLATIVE

FOR THE GENERAL ASSEMBLY

LEGISLATORS' SALARIES - HOUSE

Total Operating Expense	6,179,501	6,405,001
-------------------------	-----------	-----------

HOUSE EXPENSES

Total Operating Expense	11,594,570	11,844,570
-------------------------	------------	------------

LEGISLATORS' SALARIES - SENATE

Total Operating Expense	2,055,318	2,055,318
-------------------------	-----------	-----------

SENATE EXPENSES

Total Operating Expense	10,293,711	11,692,593
-------------------------	------------	------------

Included in the above appropriations for house and senate expenses are funds for a legislative business per diem allowance, meals, and other usual and customary expenses associated with legislative affairs. Except as provided below, this allowance is to be paid to each member of the general assembly for every day, including Sundays, during which the general assembly is convened in regular or special session, commencing with the day the session is officially convened and concluding with the day the session is adjourned sine die. However, after five (5) consecutive days of recess, the legislative business per diem allowance is to be made on an individual voucher basis until the recess concludes.

Each member of the general assembly is entitled, when authorized by the speaker of the house or the president pro tempore of the senate, to the legislative business per diem allowance for every day the member is engaged in official business.

The legislative business per diem allowance that each member of the general assembly is entitled to receive equals the maximum daily amount allowable to employees of the

executive branch of the federal government for subsistence expenses while away from home in travel status in the Indianapolis area. The legislative business per diem changes each time there is a change in that maximum daily amount.

In addition to the legislative business per diem allowance, each member of the general assembly shall receive the mileage allowance in an amount equal to the standard mileage rates for personally owned transportation equipment established by the federal Internal Revenue Service for each mile necessarily traveled from the member's usual place of residence to the state capitol. However, if the member traveled by a means other than by motor vehicle, and the member's usual place of residence is more than one hundred (100) miles from the state capitol, the member is entitled to reimbursement in an amount equal to the lowest air travel cost incurred in traveling from the usual place of residence to the state capitol. During the period the general assembly is convened in regular or special session, the mileage allowance shall be limited to one (1) round trip each week per member.

Any member of the general assembly who is appointed by the governor, speaker of the house, president or president pro tempore of the senate, house or senate minority floor leader, or Indiana legislative council to serve on any research, study, or survey committee or commission, or who attends any meetings authorized or convened under the auspices of the Indiana legislative council, including pre-session conferences and federal-state relations conferences, is entitled, when authorized by the legislative council, to receive the legislative business per diem allowance for each day the member is in actual attendance and is also entitled to a mileage allowance, at the rate specified above, for each mile necessarily traveled from the member's usual place of residence to the state capitol, or other in-state site of the committee, commission, or conference. The per diem allowance and the mileage allowance permitted under this paragraph shall be paid from the legislative council appropriation for legislator and lay member travel unless the member is attending an out-of-state meeting, as authorized by the speaker of the house of representatives or the president pro tempore of the senate, in which case the member is entitled to receive:

- (1) the legislative business per diem allowance for each day the member is engaged in approved out-of-state travel; and
- (2) reimbursement for traveling expenses actually incurred in connection with the member's duties, as provided in the state travel policies and procedures established by the legislative council.

Notwithstanding the provisions of this or any other statute, the legislative council may adopt, by resolution, travel policies and procedures that apply only to members of the general assembly or to the staffs of the house of representatives, senate, and legislative services agency, or both members and staffs. The legislative council may apply these travel policies and procedures to lay members serving on research, study, or survey committees or commissions that are under the jurisdiction of the legislative council. Notwithstanding any other law, rule, or policy, the state travel policies and procedures established by the Indiana department of administration and approved by the budget agency do not apply to members of the general assembly, to the staffs of the house of representatives, senate, or legislative services agency, or to lay members serving on research, study, or survey committees or commissions under the jurisdiction of the legislative council (if the legislative council applies its travel policies and procedures to lay members under the authority of this SECTION), except that, until the legislative council adopts travel policies and procedures, the state travel policies and procedures established by the Indiana department of administration and approved by the budget agency apply to members of the general assembly, to the staffs of the house of representatives, senate, and legislative services agency, and to lay members serving on research, study, or survey committees or commissions under the jurisdiction of the

legislative council. The executive director of the legislative services agency is responsible for the administration of travel policies and procedures adopted by the legislative council. The auditor of state shall approve and process claims for reimbursement of travel related expenses under this paragraph based upon the written affirmation of the speaker of the house of representatives, the president pro tempore of the senate, or the executive director of the legislative services agency that those claims comply with the travel policies and procedures adopted by the legislative council. If the funds appropriated for the house and senate expenses and legislative salaries are insufficient to pay all the necessary expenses incurred, including the cost of printing the journals of the house and senate, there is appropriated such further sums as may be necessary to pay such expenses.

DISTRIBUTION FOR TUITION SUPPORT			
Total Operating Expense	6,622,800,000	6,691,600,000	

The foregoing appropriations for distribution for tuition support are to be distributed for tuition support, complexity grants, full-day kindergarten, special education programs, career and technical education programs, honors grants, Mitch Daniels early graduation scholarships, and choice scholarships in accordance with a statute enacted for this purpose during the 2013 session of the general assembly.

If the above appropriations for distribution for tuition support are more than are required under this SECTION, any excess shall revert to the general fund.

The above appropriations for tuition support shall be made each fiscal year under a schedule set by the budget agency and approved by the governor. However, the schedule shall provide for at least twelve (12) payments, that one (1) payment shall be made at least every forty (40) days, and the aggregate of the payments in each fiscal year shall equal the amount required under the statute enacted for the purpose referred to above.

The above appropriation for tuition support includes an amount for the department of education to make a special distribution to each school corporation and charter school (other than a virtual charter school).

The department shall determine the amount of the distribution for each year as follows:

STEP ONE: Determine the total amount distributed in the year to all individuals for a scholarship under the choice scholarship program described in IC 20-51-4.

STEP TWO: Determine the total amount of state tuition support that all school corporations and charter schools (other than virtual charter schools) would have received in the year if those individuals who received a scholarship and who were enrolled in a public school during the preceding two (2) semesters before first receiving the scholarship had instead remained enrolled in public schools and had not enrolled in private schools.

STEP THREE: Determine the result of:

(A) the STEP TWO result; minus

(B) the STEP ONE amount.

STEP FOUR: Determine each school corporation's percentage and each charter school's (other than a virtual charter school) percentage of the total state tuition support that will be distributed to school corporations and charter schools (other than virtual charter schools).

STEP FIVE: Multiply the result determined in STEP THREE by the school corporation's percentage or the charter school's (other than a virtual charter school) percentage determined under STEP FOUR.

If the above appropriations are insufficient to make the full distribution under this provision, the amount each school corporation and charter school (other than a virtual charter school) receives shall be proportionately reduced. No interdepartmental bill shall be recorded as a refund of expenditure to any current year allotment account for supplies or services rendered or delivered at any time during the preceding June period.

2013-205-14
SECTION 14.

The budget agency, under IC 4-10-11, IC 4-12-1-13, and IC 4-13-1, in cooperation with the Indiana department of administration, may fix the amount of reimbursement for traveling expenses (other than transportation) for travel within the limits of Indiana. A person in travel status, as defined by the state travel policies and procedures established by the Indiana department of administration and the budget agency, is entitled to a meal allowance not to exceed during any twenty-four (24) hour period the standard meal allowances established by the federal Internal Revenue Service.

All appropriations provided by this act or any other statute, for traveling and hotel expenses for any department, officer, agent, employee, person, trustee, or commissioner, are to be used only for travel within the state of Indiana, unless those expenses are incurred in traveling outside the state of Indiana on trips that previously have received approval as required by the state travel policies and procedures established by the Indiana department of administration and the budget agency. With the required approval, a reimbursement for out-of-state travel expenses may be granted in an amount not to exceed actual lodging and miscellaneous expenses incurred. A person in travel status is entitled to a meal allowance not to exceed during any twenty-four (24) hour period the standard meal allowances established by the

federal Internal Revenue Service for properly approved travel within the continental United States and a minimum of \$50 during any twenty-four (24) hour period for properly approved travel outside the continental United States. While traveling in Singapore, China, Great Britain, Germany, the Netherlands, and France, the minimum meal allowance shall not be less than \$65 for any twenty-four (24) hour period.

In the case of the state supported institutions of postsecondary education, approval for out-of-state travel may be given by the chief executive officer of the institution, or the chief executive officer's authorized designee, for the chief executive officer's respective personnel.

Before reimbursing overnight travel expenses, the auditor of state shall require documentation as prescribed in the state travel policies and procedures established by the Indiana department of administration and the budget agency. No appropriation from any fund may be construed as authorizing the payment of any sum in excess of the standard mileage rates for personally owned transportation equipment established by the federal Internal Revenue Service when used in the discharge of state business. The Indiana department of administration and the budget agency may adopt policies and procedures relative to the reimbursement of travel and moving expenses of new state employees and the reimbursement of travel expenses of prospective employees who are invited to interview with the state.

2013-205-15

SECTION 15.

Notwithstanding IC 4-10-11-2.1, the salary per diem of members of boards, commissions, and councils who are entitled to a salary per diem is \$50 per day. No warrant for operating expenses, capital outlay, or fixed charges shall be issued to any department or an institution unless the receipts of the department or institution have been deposited into the state treasury for the month. However, if a department or an institution has more than \$10,000 in daily receipts, the receipts shall be deposited into the state treasury daily.

2013-205-18

SECTION 18.

In case of loss by fire or any other cause involving any state institution or department, the proceeds derived from the settlement of any claim for the loss shall be deposited in the state treasury, and the amount deposited is hereby reappropriated to the institution

or department for the purpose of replacing the loss. If it is determined that the loss shall not be replaced, any funds received from the settlement of a claim shall be deposited into the state general fund.

2013-205-19

SECTION 19.

If an agency has computer equipment in excess of the needs of that agency, then the excess computer equipment may be sold under the provisions of surplus property sales, and the proceeds of the sale or sales shall be deposited in the state treasury. The amount so deposited is hereby reappropriated to that agency for other operating expenses of the then current year, if approved by the director of the budget agency.

2013-205-20

SECTION 20.

If any state penal or benevolent institution other than the Indiana state prison, Pendleton correctional facility, or Putnamville correctional facility shall, in the operation of its farms, produce products or commodities in excess of the needs of the institution, the surplus may be sold through the division of industries and farms, the director of the supply division of the Indiana department of administration, or both. The proceeds of any such sale or sales shall be deposited in the state treasury. The amount deposited is hereby reappropriated to the institution for expenses of the then current year if approved by the director of the budget agency. Capital outlay expenditures may be made from the institutional industries and farms revolving fund if approved by the budget agency and the governor.

2013-205-21

SECTION 21.

This act does not authorize any rehabilitation and repairs to any state buildings, nor does it allow that any obligations be incurred for lands and structures, without the prior approval of the budget director or the director's designee. This SECTION does not apply to contracts for the state universities supported in whole or in part by state funds.

2013-205-22

SECTION 22.

If an agency has an annual appropriation fixed by law, and if the agency also receives an appropriation in this act for the same function or program, the appropriation in this act supersedes any other appropriations and is the total appropriation for the agency for that program or function.

2013-205-23

SECTION 23.

The balance of any appropriation or funds heretofore placed or remaining to the credit of any division of the state of Indiana, and any appropriation or funds provided in this act placed to the credit of any division of the state of Indiana, the powers, duties, and functions whereof are assigned and transferred to any department for salaries, maintenance, operation, construction, or other expenses in the exercise

of such powers, duties, and functions, shall be transferred to the credit of the department to which such assignment and transfer is made, and the same shall be available for the objects and purposes for which appropriated originally.

2013-205-24

SECTION 24.

The director of the division of procurement of the Indiana department of administration, or any other person or agency authorized to make purchases of equipment, shall not honor any requisition for the purchase of an automobile that is to be paid for from any appropriation made by this act or any other act, unless the following facts are shown to the satisfaction of the commissioner of the Indiana department of administration or the commissioner's designee:

- (1) In the case of an elected state officer, it shall be shown that the duties of the office require driving about the state of Indiana in the performance of official duty.
- (2) In the case of department or commission heads, it shall be shown that the statutory duties imposed in the discharge of the office require traveling a greater distance than one thousand (1,000) miles each month or that they are subject to official duty call at all times.
- (3) In the case of employees, it shall be shown that the major portion of the duties assigned to the employee require travel on state business in excess of one thousand (1,000) miles each month, or that the vehicle is identified by the agency as an integral part of the job assignment.

In computing the number of miles required to be driven by a department head or an employee, the distance between the individual's home and office or designated official station is not to be considered as a part of the total. Department heads shall annually submit justification for the continued assignment of each vehicle in their department, which shall be reviewed by the commissioner of the Indiana department of administration, or the commissioner's designee. There shall be an insignia permanently affixed on each side of all state owned cars, designating the cars as being state owned. However, this requirement does not apply to state owned cars driven by elected state officials or to cases where the commissioner of the Indiana department of administration or the commissioner's designee determines that affixing insignia on state owned cars would hinder or handicap the persons driving the cars in the performance of their official duties.

2013-205-25

SECTION 25.

When budget agency approval or review is required under this act, the budget agency may refer to the budget committee any budgetary or fiscal matter for an advisory recommendation. SECTION 355. Rules (as defined in IC 4-22-2-3) necessary or appropriate to carry out legislation enacted in the 2013 session of the general assembly shall be treated as permissible rules excluded from the suspension of rulemaking imposed by Executive Order 13-03, so long as the notice of intent to adopt a rule under IC 4-22-2 is filed by December 31, 2014, and the rule is otherwise adopted pursuant to IC 4-22.

2013-205-356

SECTION 356. (a) This SECTION applies if a provision of the Indiana Code is:

- (1) added, amended, or repealed by SEA 85-2013; and
- (2) added, amended, or repealed by another act without recognizing the existence of the addition, amendment, or repeal made by SEA 85-2013 by an appropriate reference in the lead-in line of the SECTION of the other act adding, amending, or repealing the same provision of the Indiana Code.

(b) As used in this SECTION, "other act" refers to an act enacted in the 2013 session of the general assembly other than SEA 85-2013.

(c) Except as provided in subsections (d) and (e), the provision as added, amended, or repealed by the other act shall be considered the law in Indiana, regardless of whether there is a difference in the effective date of the provision added, amended, or repealed by SEA 85-2013 and the provision added, amended, or repealed by the other act. The lawful compilers of the Indiana Code, in publishing the affected Indiana Code provision, shall publish only the version of the Indiana Code provision that is amended by the other act. The history line for an Indiana Code provision that is added or amended by the other act must reference both acts.

(d) This subsection applies if a provision described in subsection (a) that is added, amended, or repealed by SEA 85-2013 takes effect before the corresponding provision in the other act. The lawful compilers of the Indiana Code, in publishing the provision in SEA 85-2013, shall publish that version of the provision and note that the provision is effective until the effective date of the corresponding provision in the other act. On and after the effective date of the corresponding provision in the other act, the provision as added, amended, or repealed by the other act shall be considered the law in Indiana, regardless of whether there is a difference in the effective date of the provision added, amended, or repealed by SEA 85-2013 and the provision added, amended, or repealed by the other act. The lawful compilers of the Indiana Code, in publishing the corresponding Indiana Code provision, shall publish the version of the Indiana Code provision that is added, amended, or repealed by the other act, and shall note that this version of the provision is effective on the effective date of the provision in the other act. The history line for an Indiana Code provision that is added or amended by the other act must reference both acts.

(e) If SEA 85-2013 adds a provision at the same Indiana Code location as a provision added in the other act, the lawful compilers of the Indiana Code, in publishing the affected Indiana Code provisions, shall publish both the version of the Indiana Code provision that is added by SEA 85-2013 and the version that is added by the other act, unless the subject matter in both versions of the provision is substantially similar. If the subject matter is substantially similar, subject to subsection (d), the lawful compilers of the Indiana Code, in publishing the affected Indiana Code provision, shall publish the version of the Indiana Code provision that is amended by the other act, and shall note that this version of the provision is effective on the effective date of the provision in the other act. The history line for an Indiana Code provision that is added or amended by the other act must reference both acts.

(f) If, during the same year, two (2) or more other acts amend, add, or repeal the same Indiana Code provision as the Indiana Code provision amended, added, or repealed by SEA 85-2013, the lawful compilers of the Indiana Code, in publishing the Indiana Code provision, shall follow the principles set forth in this section.
