## RESOLUTIONS ON FIRST READING

### Senate Resolution 28

Senate Resolution 28, introduced by Senator Stoops:

A SENATE RESOLUTION urging the legislative council to assign to the appropriate study committee the issue of carbon capture through forest preservation and carbon farming in Indiana.

*Whereas, Carbon capture refers to different methods of reducing carbon emissions into the atmosphere;*

*Whereas, According to a 2018 U.S. Energy Information Administration study, Indiana ranked eighth out of fifty states for highest levels of energy-related carbon dioxide emissions;*

*Whereas, Carbon dioxide is the primary pollutant contributing to climate change. Higher levels of carbon emissions in the atmosphere have a consequential impact on the health of Indiana's residents;*

*Whereas, A report from the Indiana Climate Change Impacts Assessment indicates that climate change is already being felt at the local level, based on over a century of historical records from the state of Indiana;*

*Whereas, Carbon dioxide emissions directly impact the climate factors that affect our human health in a number of ways; including worsening air quality, which particularly affects people with asthma, children, older adults, and people who are active outdoors. These factors contribute to changes concerning Indiana's public health, including more frequent heat stress and stroke. They contribute to economic issues in our agricultural system because of changed precipitation and temperature patterns over the course of a year;*

*Whereas, Carbon capture is relevant to forest preservation because plants and trees absorb carbon dioxide by the process of photosynthesis, therefore capturing carbon dioxide from the atmosphere. When trees are removed from a forest, the forest's capacity to capture and store carbon dioxide diminishes as a consequence;*

*Whereas, Carbon farming is a tool which can be used to remove carbon from the atmosphere while improving the health of our farmlands which increases the resilience of our farmlands and farming communities; and*

*Whereas, Indiana should recognize the scientific complexities of this issue and have the necessary tools to make informed policy decisions with the goal of reducing our carbon emissions: Therefore,*

*Be it resolved by the Senate of the General Assembly of the State of Indiana:*

SECTION 1. That the Indiana Senate urges the legislative council to assign to the appropriate study committee the issue of carbon capture through forest preservation and carbon farming

in Indiana.

The resolution was read in full and referred to the Committee on Environmental Affairs.

### Senate Resolution 29

Senate Resolution 29, introduced by Senator M. Young:

A SENATE RESOLUTION urging the legislative council to assign to an appropriate study committee the issue of criminal laws concerning fraud and deception.

*Whereas, There are currently twenty-five (25) separate criminal fraud provisions in the criminal code, including welfare fraud (IC 35-43-5-7), check fraud (IC 35-43-5-12), worker's compensation fraud (IC 35-43-5-21), home improvement fraud (IC 35-43-6-12), and motor vehicle and watercraft fraud (IC 35-43-6.5-1);*

*Whereas, There are currently seventeen (17) separate criminal deception provisions in the criminal code, including identity deception (IC 35-43-5-3.5), synthetic identity deception (IC 35-43-5-3.8), check deception (IC 35-43-5-5), and legend drug deception (IC 35-43-10-3);*

*Whereas, Determining whether any acts not currently covered by existing criminal fraud or deception laws should be punished as criminal fraud or deception deserves intensive review by a study committee; and*

*Whereas, Because many of the existing criminal fraud and deception provisions in current law may be duplicative or overlapping, it is important that these criminal provisions be reviewed and, if necessary, appropriate legislation recommended: Therefore,*

*Be it resolved by the Senate of the General Assembly of the State of Indiana:*

SECTION 1. That the legislative council is urged to assign to an appropriate study committee the issue of criminal laws concerning fraud and deception. If assigned to an interim study committee, the study committee shall:

- (1) review the twenty-five (25) separate criminal fraud provisions in the criminal code;
- (2) review the seventeen (17) separate criminal deception provisions in the criminal code;
- (3) determine whether any acts not currently covered by existing criminal fraud or deception laws should be punished as criminal fraud or deception;
- (4) consider recommending the removal or combining of duplicative or overlapping provisions in current law; and
- (5) ensure that criminal penalties for fraud and deception are proportional.

SECTION 2. The Secretary of the Senate is hereby directed to transmit a copy of this resolution to the legislative council.

The resolution was read in full and referred to the Committee on Corrections and Criminal Law.
