RESOLUTIONS ON FIRST READING

Senate Concurrent Resolution 22

Senate Concurrent Resolution 22, introduced by Senators Wyss, Paul, and Arnold:

A CONCURRENT RESOLUTION recognizing the twentieth anniversary of the State Partnership Program between the Slovak Republic and the State of Indiana.

Whereas, In 1993, the State Partnership Program was established as a program administered by the National Guard Bureau, guided by State Department foreign policy goals, and

executed by the state Adjutants General in support of combatant Command and United States Chief of Mission security cooperation objectives and Department of Defense policy goals;

Whereas, The four goals set forth by the National Guard Bureau are to build partnership capacity to deter, prevent, and prepare for conflict, terrorism, and transnational crime; build partner capacity to respond and recover from the aforementioned threats; support partner nations' defense reform and professional development; and enable and facilitate enduring security relationships in support of the Department of State and other lead agencies to include economic, cultural, environmental, agricultural, health, and education cooperation;

Whereas, The Slovak Republic and the State of Indiana share a common bond of cultural heritage evident by the agricultural and industrial origins of the State of Indiana and the Slovak Republic;

Whereas, The Slovak Republic and the State of Indiana formally entered into the State Partnership Program on the 9th day of February, 1994, one of the first eight partnerships to be established in a program that has endured over 20 years and now encompasses each state and territory in the United States and 65 countries worldwide;

Whereas, The Slovak Republic and the State of Indiana have pursued the four goals set forth by the National Guard Bureau by engaging in senior leader visitations, military-to-military exchanges, joint exercises, and joint operations over the past 20 years resulting in an enduring bond between the Armed Forces of the Slovak Republic and the State of Indiana;

Whereas, The Armed Forces of the Slovak Republic and the Indiana National Guard mutually benefited from the relationship of the past two decades evident by the transition from conscription to an all-volunteer force, the establishment of a professional noncommissioned officer corps, and gender equality in the Armed Forces of the Slovak Republic. As the relationship continued to mature, together the Armed Forces of the Slovak Republic and the Indiana National Guard realized the opportunity to conduct exercises and operations in a joint and multinational environment;

Whereas, The Slovak Republic is dedicated to peace on the European continent as evidenced by the commitment of Soldiers of the Armed Forces of the Slovak Republic to peacekeeping operations in support of Kosovo Force (KFOR) and induction into the North Atlantic Treaty Organization as an official member on March 29, 2004;

Whereas, The Slovak Republic and the State of Indiana worked together to mobilize, train, and deploy soldiers of both the Armed Forces of the Slovak Republic and the Indiana National Guard in support of multinational operations as part of International Security Assistance Force - Afghanistan (ISAF) in support of Operation Enduring Freedom;

Whereas, The Operational Mentor and Liaison Team (OMLT) - today known as the Military Assistance Team (MAT) - saw the results of the past two decades of labor as a true multinational operational mission between long standing allies. The OMLT - or MAT - teams were manned, equipped, and trained by both the Armed Forces of the Slovak Republic and the Indiana National Guard. Each team was led by a senior officer of the Armed Forces of the Slovak Republic and charged with the mission to train the Afghan National Army on logistics systems and tactics. The successful deployment of four teams over three years - from 2011 through 2013 - represents the success of the State Partnership Program from inception through maturity and provides the basis for future Unified Action operations as part of the joint and multinational force; and

Whereas, Soldiers of the Armed Forces of the Slovak Republic and the State of Indiana have paid the ultimate sacrifice in pursuit of peace: Therefore,

*Be it resolved by the Senate
of the General Assembly of the State of Indiana,
the House of Representatives concurring:*

SECTION 1. That the Indiana General Assembly recognizes the enduring relationship marked on this occasion of 20 years of friendship between the Slovak Republic and the State of Indiana.

SECTION 2. That copies of this resolution be transmitted by the Secretary of the Senate to Major General R. Martin Umbarger, Adjutant General of Indiana, and Major General Peter Vojtek, Chief of Defense for the Slovak Republic.

The resolution was read in full and adopted by voice vote. The Chair instructed the Secretary to inform the House of the passage of the resolution. House sponsors: Representatives Baird, Frye, DeLaney, and Gutwein.

RESOLUTIONS ON FIRST READING

Senate Resolution 68

Senate Resolution 68, introduced by Senator Mrvan:

A SENATE RESOLUTION urging the Legislative Council to assign to an appropriate study committee the topic of increasing the number of geriatricians and related healthcare professionals in Indiana.

Whereas, There is a future demand for geriatric care because Americans are living longer, and therefore are accumulating more diseases and disabilities;

Whereas, Approximately, 80% of older adults require care for chronic conditions such as hypertension, arthritis, and heart disease;

Whereas, Those 65 and older are expected to account for almost 20% of the United States population by 2030, and will be eligible for Medicare by 2030;

Whereas, There is a shortage of healthcare providers certified or specializing in geriatrics. Currently, there are fewer than 1,600 geriatric psychiatrists. There are fewer than 1% of registered nurses (RNs), pharmacists, and physician assistants, and about 2.6% of advance practice registered nurses (APRNs) certified in geriatrics;

Whereas, There are currently over 7,500 allopathic and osteopathic certified geriatricians in the United States. It's projected that approximately 30% of the 65+ patient population will need to be cared for by a geriatrician and each geriatrician can care for a patient panel of 700 older adults. Therefore, approximately 17,000 geriatricians are needed now to care for about 12 million older Americans;

Whereas, Due to the projected increase in the number of older Americans, it is estimated that approximately 30,000 geriatricians will be needed by 2030. To meet this need will require training of approximately 1,200 geriatricians per year over the next 20 years;

Whereas, The already severe shortages in several healthcare professions - including geriatrics - will become more prevalent, considering that the number of Indiana residents over age 65 will double between 2000 and 2030, the segment of the population that uses health care services the most;

Whereas, Few medical students are choosing geriatrics, putting the future supply of geriatricians and other professionals in jeopardy. In 2010, a mere 75 residents in internal medicine or family medicine entered geriatric medicine fellowship programs - down from 112 in 2005; and

Whereas, With the supply of geriatricians in jeopardy, older adults will not receive the care they need: Therefore,

Be it resolved by the Senate of the General Assembly of the State of Indiana:

SECTION 1. The Legislative Council is urged to assign to an appropriate study committee the topic of increasing the number of geriatricians and related healthcare professionals in Indiana.

The resolution was read in full and referred to the Committee on Health and Provider Services.

A CONCURRENT RESOLUTION honoring the heroic efforts of volunteer firefighter Charles Newlin.

Whereas, On January 24, 2014, a day hovering around zero degrees during one of the worst winters in Indiana's history, 80-year-old Del Gilliatt fell after slipping on ice at her mailbox while at home in Crawfordsville, Indiana;

Whereas, Del broke her leg in the fall and could not move while lying in the snow, where she thereafter suffered a heart attack due to the trauma and extreme conditions, such as over 35 miles per hour gusts of wind;

Whereas, For over 30 minutes Del laid in the cold trying to flag down passing vehicles, until a helping hand finally arrived;

Whereas, Charles "Butch" Newlin, a volunteer firefighter with the Alamo Fire Department, along with his nephew, Josh Newlin, were working for T&S Trash Service that day when they found Del and stopped to assist her;

Whereas, Charles' training and dedication as a firefighter allowed him to quickly assess the situation and get Del to safety before calling an ambulance; and

Whereas, Del then underwent surgery to repair her severely broken upper thigh bone but is now recovering due to Charles' efforts: Therefore,

Whereas, At Purdue University on November 16, 2013, Penn High School of Mishawaka, Indiana took home first place in the Class 1 state championship at the 2013 Indiana Academic Spell Bowl state finals;

Whereas, The Penn High School spell bowl team competed against nine other high schools in the Class 1 pool and earned a perfect score of 90 in order to claim the state title;

Whereas, The team's victory marks the 13th state championship the Penn High School spell bowl team has won in 15 years; and

Whereas, The Penn High School spell bowl team's season was marked with dedication and success, as each of the members challenged themselves to learn a list of 3,500 words, practiced four days a week after school from August to November, and competed in six invitationals, a regional competition, and the state finals before winning the state championship: Therefore,
