## RESOLUTIONS ON FIRST READING

### Senate Resolution 62

Senate Resolution 62, introduced by Senator Boots:

A SENATE RESOLUTION urging the Indiana federal congressional delegation to support efforts to assist victims of sexual assault by military members in obtaining justice through the Military Justice Improvement Act of 2017.

*Whereas, The United States Military has an ongoing issue with protecting military members against serious crimes, including those related to sexual assault;*

*Whereas, Military members bringing forward reports of Article 120 crimes including aggravated or abusive sexual contact, sexual assault, or rape must go through the member's chain of command in order to have charges brought against a perpetrator through preferral and referral of charges;*

*Whereas, Only a third of military victims of sexual assault crimes in 2016 reported the incident due to concerns about being stigmatized, ridiculed, or experiencing retaliation if they report being assaulted through their chain of command;*

*Whereas, The Military Justice Improvement Act of 2017 would remove charging actions out of the chain of command by requiring military offenses with maximum punishments of confinement over one year to have charges be preferred and referred by an Armed Forces officer in grade O-6 or higher, is available to be a trial counsel, has significant experience in trials, and is outside the chain of command;*

*Whereas, Armed Forces Judge Advocates are the most-equipped individuals within the military to make legal judgments, including the preferral of charges, on serious military offenses;*

*Whereas, Indiana houses multiple military installations and deploys more troops per capita than other states to support and defend the United States; and*

*Whereas, In order to remain combat-ready, military members in Indiana and other states should not have the added worry of reprisal or retaliation for bringing forward reports of serious misconduct and deserve to be treated with support through the military justice system: Therefore,*

*Be it resolved by the Senate of the  
General Assembly of the State of Indiana:*

SECTION 1. That the Indiana Senate urges the Indiana federal congressional delegation to support efforts to assist victims of sexual assault by military members in obtaining justice through the Military Justice Improvement Act of 2017.

SECTION 2. The Secretary of the Senate is hereby directed to transmit copies of this Resolution to each member of the Indiana federal congressional delegation.

The resolution was read in full and referred to the Committee on Rules and Legislative Procedure.

**Senate Resolution 65**

Senate Resolution 65, introduced by Senator Merritt:

A SENATE RESOLUTION urging the Indiana congressional delegation to support efforts to align 42 CFR Part 2 with the Health Insurance Portability and Accountability Act (HIPAA).

*Whereas, Part 2 provisions are not compatible with the way health care is delivered currently;*

*Whereas, Access to a patient's entire medical record, including addiction records, ensures that providers and organizations have all the information necessary for safe, effective, high-quality treatment and care coordination that addresses all of a patient's health needs;*

*Whereas, Failure to integrate services and supports can lead to risks and dangers to individual patients, such as contraindicated prescription medicines and problems related to medication adherence;*

*Whereas, Obtaining multiple consents from a patient is challenging and creates barriers to whole-person, integrated approaches to care that have proven to produce the best outcomes for patients;*

*Whereas, Part 2 requirements should be aligned fully with the HIPAA requirements that allow the use and disclosure of patient information for treatment, payment, and health care operations (TPO);*

*Whereas, Health care professionals, insurers, and others who receive basic health information through a health information exchange or a shared electronic health record should not use this information to discriminate against patients regarding quality of care, payment of covered services, or access to care;*

*Whereas, Part 2 information should not be disclosed for nontreatment purposes to law enforcement, employers, divorce attorneys, or others seeking to use the information against the patient, which the HIPAA privacy framework already easily accommodates;*

*Whereas, Existing penalties for unauthorized release and use of confidential medical information should apply and additional penalties are needed to protect patient information from use in criminal proceedings;*

*Whereas, The Substance Abuse and Mental Health Services Administration (SAMHSA) recently released two final rules that take some steps to modernize Part 2 but do not go far enough;*

*Whereas, Legislative action is also necessary in order to modify Part 2 and bring the sharing of substance use records*

*into the 21st century; and*

*Whereas, H.R. 3545, the Overdose Prevention and Patient Safety Act (OPPS Act), and S. 1850, the Protecting Jessica Grubb's Legacy Act (The Legacy Act), would align Part 2 with HIPAA for the purposes of TPO, while strengthening protections against the use of addiction records in criminal proceedings: Therefore,*

*Be it resolved by the Senate of the General Assembly of the State of Indiana:*

SECTION 1. That the Indiana Senate urges the Indiana Congressional Delegation to support legislation aligning 42 CFR Part 2 with HIPAA.

SECTION 2. The Secretary of the Senate is hereby directed to transmit a copy of this resolution to the Indiana congressional delegation.

The resolution was read in full and referred to the Committee on Rules and Legislative Procedure.
