RESOLUTIONS ON FIRST READING

Senate Resolution 26

Senate Resolution 26, introduced by Senator Houchin:

A SENATE RESOLUTION urging Congress to amend federal law concerning confidentiality of patient records.

Whereas, 42 U.S.C. § 290dd-2 restricts opioid treatment programs, such as methadone clinics, from providing patient information to Prescription Drug Monitoring Programs;

Whereas, This restriction does not allow physicians to check patient records to see if a patient is receiving prescriptions from an opioid treatment program, such as Suboxone or methadone, while simultaneously receiving prescriptions for controlled substances, such as benzodiazepines or opioids;

Whereas, Removing this restriction would allow physicians to know with certainty what controlled substances a patient is taking before prescribing more controlled substances; and

Whereas, Amending 42 U.S.C. § 290dd-2 will result in better overall outcomes for individuals struggling with addiction: Therefore,

Be it resolved by the Senate of the General Assembly of the State of Indiana:

SECTION 1. That the Indiana Senate urges Congress to amend 42 U.S.C. § 290dd-2 concerning confidentiality of patient records.

SECTION 2. The Secretary of the Senate is hereby directed to transmit copies of this Resolution to each member of the Indiana congressional delegation.

The resolution was read in full and referred to the Committee on Health and Provider Services.
