Behavioral Health Commission Interim Report

IC 12-21-7-4 requires the Behavioral Health Commission to prepare an interim reporting to the General Assembly not later than October 1, 2020. However, due to Gov. Holcomb's executive orders and the public health emergency brought by COVID-19, there have been no meetings of the Behavioral Health Commission. The first meeting will be held virtually on October 9, 2020 and an update will be provided to the Commission.
