- 6 prescription drug under the step therapy protocol; and
- 7 (B) provide immediate coverage for another prescription
- 8 drug that is prescribed for the covered individual.
- 9 (d) As used in this section, "state employee health plan" refers
- 10 to the following that provide coverage for prescription drugs:
- 11 (1) A self-insurance program established under section 7(b) of
- 12 this chapter.
- 13 (2) A contract with a prepaid health care delivery plan that is

- 17 (e) As used in this section, "step therapy protocol" means a
- 18 protocol that specifies, as a condition of coverage under a state
- 19 employee health plan, the order in which certain prescription
- 20 drugs must be used to treat a covered individual's condition.
- 21 (f) As used in this section, "urgent care situation" means a
- 22 covered individual's injury or condition about which the following
- 23 apply:
- 24 (1) If medical care or treatment is not provided earlier than
- 25 the time frame generally considered by the medical profession
- 26 to be reasonable for a nonurgent situation, the injury or
- 27 condition could seriously jeopardize the covered individual's:
- 28 (A) life or health; or
- 29 (B) ability to regain maximum function;
- 30 based on a prudent layperson's judgment.
- 31 (2) If medical care or treatment is not provided earlier than
- 32 the time frame generally considered by the medical profession
- 33 to be reasonable for a nonurgent situation, the injury or

- 42 (1) A description of the manner in which a covered individual

 26 and the prescription drug was discontinued due to lack of
 27 efficacy or effectiveness, diminished effect, or an adverse
 28 event.
 29 (D) Based on clinical appropriateness, a preceding
 30 prescription drug is not in the best interest of the covered

 37 individual; or

 9 and the treating health care provider notice of the denial,
 10 including a detailed, written explanation of the reason for the
 11 denial and the clinical rationale that supports the denial.
