political subdivision of such a state, that is acquired by the
taxpayer after December 31, 2011.

SECTION 12. IC 6-3-1-20 IS AMENDED TO READ AS
FOLLOWS [EFFECTIVE JANUARY 1, 2016]: Sec. 20. The term
"business income" means all income arising from transactions and
activity in the regular course of the taxpayer's trade or business and
includes income from tangible and intangible property if the
acquisition; management; and disposition of the property constitutes
integral parts of the taxpayer's regular trade or business operations:
that is apportionable to the state under the Constitution of the
United States.

SECTION 13. IC 6-3-2-2, AS AMENDED BY P.L.233-2013,
SECTION 7, IS AMENDED TO READ AS FOLLOWS [EFFECTIVE
JANUARY 1, 2016]: Sec. 2. (a) With regard to corporations and
nonresident persons, "adjusted gross income derived from sources
within Indiana", for the purposes of this article, shall mean and include:
(1) income from real or tangible personal property located in this
state;
(2) income from doing business in this state;
(3) income from a trade or profession conducted in this state;
(4) compensation for labor or services rendered within this state;
and
(5) income from stocks, bonds, notes, bank deposits, patents,
copyrights, secret processes and formulas, good will, trademarks,
trade brands, franchises, and other intangible personal property to
the extent that the income is apportioned to Indiana under this
section or if the income is allocated to Indiana or considered to be
derived from sources within Indiana under this section.
Income from a pass through entity shall be characterized in a manner
consistent with the income's characterization for federal income tax
purposes and shall be considered Indiana source income as if the
person, corporation, or pass through entity that received the income had
directly engaged in the income producing activity. Income that is
derived from one (1) pass through entity and is considered to pass
through to another pass through entity does not change these
characteristics or attribution provisions. In the case of nonbusiness
income described in subsection (g), only so much of such income as is
allocated to this state under the provisions of subsections (h) through (k) shall be deemed to be derived from sources within Indiana. In the case of business income, only so much of such income as is apportioned to this state under the provision of subsection (b) shall be deemed to be derived from sources within the state of Indiana. In the case of compensation of a team member (as defined in section 2.7 of this chapter), only the portion of income determined to be Indiana income under section 2.7 of this chapter is considered derived from sources within Indiana. In the case of a corporation that is a life insurance company (as defined in Section 816(a) of the Internal Revenue Code) or an insurance company that is subject to tax under Section 831 of the Internal Revenue Code, only so much of the income as is apportioned to Indiana under subsection (r) is considered derived from sources within Indiana.

(b) Except as provided in subsection (l), if business income of a corporation or a nonresident person is derived from sources within the state of Indiana and from sources without the state of Indiana, the business income derived from sources within this state shall be determined by multiplying the business income derived from sources both within and without the state of Indiana by the following:

1. For all taxable years that begin after December 31, 2006, and before January 1, 2008, a fraction. The:
   (A) numerator of the fraction is the sum of the property factor plus the payroll factor plus the product of the sales factor multiplied by three (3); and
   (B) denominator of the fraction is five (5).

2. For all taxable years that begin after December 31, 2007, and before January 1, 2009, a fraction. The:
   (A) numerator of the fraction is the property factor plus the payroll factor plus the product of the sales factor multiplied by four and sixty-seven hundredths (4.67); and
   (B) denominator of the fraction is six and sixty-seven hundredths (6.67).

3. For all taxable years beginning after December 31, 2008, and before January 1, 2010, a fraction. The:
   (A) numerator of the fraction is the property factor plus the payroll factor plus the product of the sales factor multiplied by eight (8); and
   (B) denominator of the fraction is ten (10).

4. For all taxable years beginning after December 31, 2009, and before January 1, 2011, a fraction. The:
   (A) numerator of the fraction is the property factor plus the

ES 441—LS 7062/DI 120
payroll factor plus the product of the sales factor multiplied by
eighteen (18); and
(B) denominator of the fraction is twenty (20).
(5) For all taxable years beginning after December 31, 2010, the
sales factor.
(c) The property factor is a fraction, the numerator of which is the
average value of the taxpayer's real and tangible personal property
owned or rented and used in this state during the taxable year and the
denominator of which is the average value of all the taxpayer's real and
tangible personal property owned or rented and used during the taxable
year. However, with respect to a foreign corporation, the denominator
does not include the average value of real or tangible personal property
owned or rented and used in a place that is outside the United States.
Property owned by the taxpayer is valued at its original cost. Property
rented by the taxpayer is valued at eight (8) times the net annual rental
rate. Net annual rental rate is the annual rental rate paid by the taxpayer
less any annual rental rate received by the taxpayer from subrentals.
The average of property shall be determined by averaging the values at
the beginning and ending of the taxable year, but the department may
require the averaging of monthly values during the taxable year if
reasonably required to reflect properly the average value of the
taxpayer's property.
(d) The payroll factor is a fraction, the numerator of which is the
total amount paid in this state during the taxable year by the taxpayer
for compensation, and the denominator of which is the total
compensation paid everywhere during the taxable year. However, with
respect to a foreign corporation, the denominator does not include
compensation paid in a place that is outside the United States.
Compensation is paid in this state if:
(1) the individual's service is performed entirely within the state;
(2) the individual's service is performed both within and without
this state, but the service performed without this state is incidental
to the individual's service within this state; or
(3) some of the service is performed in this state and:
(A) the base of operations or, if there is no base of operations,
the place from which the service is directed or controlled is in
this state; or
(B) the base of operations or the place from which the service
is directed or controlled is not in any state in which some part
of the service is performed, but the individual is a resident of
this state.
(e) The sales factor is a fraction, the numerator of which is the total
sales of the taxpayer in this state during the taxable year, and the
denominator of which is the total sales of the taxpayer everywhere
during the taxable year. Sales include receipts from intangible property
and receipts from the sale or exchange of intangible property. However,
with respect to a foreign corporation, the denominator does not include
sales made in a place that is outside the United States. Receipts from
intangible personal property are derived from sources within Indiana
if the receipts from the intangible personal property are attributable to
Indiana under section 2.2 of this chapter. Regardless of the f.o.b. point
or other conditions of the sale, sales of tangible personal property are
in this state if:

(1) the property is delivered or shipped to a purchaser that is
within Indiana, other than the United States government; or
(2) the property is shipped from an office, a store, a warehouse, a
factory, or other place of storage in this state and
(A) the purchaser is the United States government, or
(B) the taxpayer is not taxable in the state of the purchaser.

Gross receipts derived from commercial printing as described in
IC 6-2.5-1-10 and from the sale of computer software shall be
treated as sales of tangible personal property for purposes of this
chapter.

(f) Sales, other than receipts from intangible property covered by
subsection (e) and sales of tangible personal property, are in this state
if:

(1) the income-producing activity is performed in this state; or
(2) the income-producing activity is performed both within and
without this state and a greater proportion of the
income-producing activity is performed in this state than in any
other state, based on costs of performance.

(g) Rents and royalties from real or tangible personal property,
capital gains, interest, dividends, or patent or copyright royalties, to the
extent that they constitute nonbusiness income, shall be allocated as
provided in subsections (h) through (k).

(h)(1) Net rents and royalties from real property located in this state
are allocable to this state.

(2) Net rents and royalties from tangible personal property are
allocated to this state:
(i) if and to the extent that the property is utilized in this state; or
(ii) in their entirety if the taxpayer's commercial domicile is in this
state and the taxpayer is not organized under the laws of or
taxable in the state in which the property is utilized.

(3) The extent of utilization of tangible personal property in a state
is determined by multiplying the rents and royalties by a fraction, the
numerator of which is the number of days of physical location of the
property in the state during the rental or royalty period in the taxable
year, and the denominator of which is the number of days of physical
location of the property everywhere during all rental or royalty periods
in the taxable year. If the physical location of the property during the
rental or royalty period is unknown or unascertainable by the taxpayer,
tangible personal property is utilized in the state in which the property
was located at the time the rental or royalty payer obtained possession.

(i)(1) Capital gains and losses from sales of real property located in
this state are allocable to this state.

(2) Capital gains and losses from sales of tangible personal property
are allocable to this state if:

(i) the property had a situs in this state at the time of the sale; or
(ii) the taxpayer's commercial domicile is in this state and the
taxpayer is not taxable in the state in which the property had a
situs.

(3) Capital gains and losses from sales of intangible personal
property are allocable to this state if the taxpayer's commercial
domicile is in this state.

(j) Interest and dividends are allocable to this state if the taxpayer's
commercial domicile is in this state.

(k)(1) Patent and copyright royalties are allocable to this state:

(i) if and to the extent that the patent or copyright is utilized by
the taxpayer in this state; or
(ii) if and to the extent that the patent or copyright is utilized by
the taxpayer in a state in which the taxpayer is not taxable and the
taxpayer's commercial domicile is in this state.

(2) A patent is utilized in a state to the extent that it is employed
in production, fabrication, manufacturing, or other processing in
the state or to the extent that a patented product is produced in the
state. If the basis of receipts from patent royalties does not permit
allocation to states or if the accounting procedures do not reflect
states of utilization, the patent is utilized in the state in which the
taxpayer's commercial domicile is located.

(3) A copyright is utilized in a state to the extent that printing or
other publication originates in the state. If the basis of receipts
from copyright royalties does not permit allocation to states or if
the accounting procedures do not reflect states of utilization, the
copyright is utilized in the state in which the taxpayer's
commercial domicile is located.

(l) If the allocation and apportionment provisions of this article do
not fairly represent the taxpayer's income derived from sources within
the state of Indiana, the taxpayer may petition for or the department
may require, in respect to all or any part of the taxpayer's business
activity, if reasonable:

(1) separate accounting;
(2) for a taxable year beginning before January 1, 2011, the
exclusion of any one (1) or more of the factors, except the sales
factor;
(3) the inclusion of one (1) or more additional factors which will
fairly represent the taxpayer's income derived from sources within
the state of Indiana; or
(4) the employment of any other method to effectuate an equitable
allocation and apportionment of the taxpayer's income.

(m) In the case of two (2) or more organizations, trades, or
businesses owned or controlled directly or indirectly by the same
interests, the department shall distribute, apportion, or allocate the
income derived from sources within the state of Indiana between and
among those organizations, trades, or businesses in order to fairly
reflect and report the income derived from sources within the state of
Indiana by various taxpayers.

(n) For purposes of allocation and apportionment of income under
this article, a taxpayer is taxable in another state if:

(1) in that state the taxpayer is subject to a net income tax, a
franchise tax measured by net income, a franchise tax for the
privilege of doing business, or a corporate stock tax; or
(2) that state has jurisdiction to subject the taxpayer to a net
income tax regardless of whether, in fact, the state does or does
not.

(o) Notwithstanding subsections (l) and (m), the department may
not, under any circumstances, require that income, deductions, and
credits attributable to a taxpayer and another entity be reported in a
combined income tax return for any taxable year, if the other entity is:

(1) a foreign corporation; or
(2) a corporation that is classified as a foreign operating
corporation for the taxable year by section 2.4 of this chapter.

(p) Notwithstanding subsections (l) and (m), the department may not
require that income, deductions, and credits attributable to a taxpayer
and another entity not described in subsection (o)(1) or (o)(2) be
reported in a combined income tax return for any taxable year, unless
the department is unable to fairly reflect the taxpayer's adjusted gross
income for the taxable year through use of other powers granted to the
department by subsections (l) and (m).
(q) Notwithstanding subsections (o) and (p), one (1) or more taxpayers may petition the department under subsection (l) for permission to file a combined income tax return for a taxable year. The petition to file a combined income tax return must be completed and filed with the department not more than thirty (30) days after the end of the taxpayer's taxable year. A taxpayer filing a combined income tax return must petition the department within thirty (30) days after the end of the taxpayer's taxable year to discontinue filing a combined income tax return.

(r) This subsection applies to a corporation that is a life insurance company (as defined in Section 816(a) of the Internal Revenue Code) or an insurance company that is subject to tax under Section 831 of the Internal Revenue Code. The corporation's adjusted gross income that is derived from sources within Indiana is determined by multiplying the corporation's adjusted gross income by a fraction:

1. the numerator of which is the direct premiums and annuity considerations received during the taxable year for insurance upon property or risks in the state; and
2. the denominator of which is the direct premiums and annuity considerations received during the taxable year for insurance upon property or risks everywhere.

The term "direct premiums and annuity considerations" means the gross premiums received from direct business as reported in the corporation's annual statement filed with the department of insurance.

(s) This subsection applies to receipts derived from motorsports racing.

1. Any purse, prize money, or other amounts earned for placement or participation in a race or portion thereof, including qualification, shall be attributed to Indiana if the race is conducted in Indiana.
2. Any amounts received from an individual or entity as a result of sponsorship or similar promotional consideration for one (1) or more races shall be in this state in the amount received, multiplied by the following fraction:
   A. The numerator of the fraction is the number of racing events for which sponsorship or similar promotional consideration has been paid in a taxable year and that occur in Indiana.
   B. The denominator of the fraction is the total number of racing events for which sponsorship or similar promotional consideration has been paid in a taxable year.
3. Any amounts earned as an incentive for placement or
participation in one (1) or more races and that are not covered under subdivisions (1) or (2) or under IC 6-3-2-3.2 shall be attributed to Indiana in the proportion of the races that occurred in Indiana.

This subsection, as enacted in 2013, is intended to be a clarification of the law and not a substantive change in the law.

(t) Sales of a broadcaster that arise from or relate to the broadcast or other distribution of film programming or radio programming by any means are in this state if the commercial domicile of the broadcaster's customer is in this state. Sales to which this subsection applies include income from advertising and licensing income from distributing film programming or radio programming. For purposes of this subsection, the following definitions apply:

(1) "Broadcaster" means a taxpayer that is a television or radio station licensed by the Federal Communications Commission, a television or radio broadcast network, a cable program network, or a television distribution company. The term "broadcaster" does not include a cable service provider or a direct broadcast satellite system.

(2) "Commercial domicile" has the meaning set forth in IC 6-3-1-22.

(3) "Customer" means a person, corporation, partnership, limited liability company, or other entity, such as an advertiser or licensee, that has a direct connection or contractual relationship with the broadcaster under which revenue is derived by the broadcaster. The term "customer" does not include an advertising agency placing advertising on behalf of its client. The client of such an advertising agency is the customer.

(4) "Film programming" means one (1) or more performances, events, or productions (or segments of performances, events, or productions) intended to be distributed for visual and auditory perception, including but not limited to news, entertainment, sporting events, plays, stories, or other literary, commercial, educational, or artistic works.

(5) "Radio programming" means one (1) or more performances, events, or productions (or segments of performances, events, or productions) intended to be distributed for auditory perception, including but not limited to news, entertainment, sporting events, plays, stories, or
other literary, commercial, educational, or artistic works.

The amount of the credit is determined by multiplying the amount of the unused deduction by two (2) and dividing the result by one hundred (100). The county auditor shall, upon request, furnish a certified statement to the person verifying the credit allowable under this subsection. The statement shall be presented to and retained by the bureau to support the credit.

ES 441—LS 7062/DI 120
(3) All interest earned on the balance in the account during the tax year in which a withdrawal under this subsection is made is income to the individual that is subject to taxation under IC 6-3-2-18(f).

(d) Money paid to the department of state revenue as a penalty under this section shall be deposited in the local health maintenance fund established by IC 16-46-10-1.

SECTION 46. IC 6-8-11-23 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JANUARY 1, 2016]: Sec. 23. (a) This section applies when the employment of an individual by an employer that participates in a medical care savings account program is terminated.

(b) If the former employer is not informed, within ninety (90) days after the former employee's final day of employment, of the name and address of an account administrator to which the former employer is transferring the former employee's medical care savings account under section 21 of this chapter, the former employer shall pay the money in the former employee's medical care savings account to the former employee under subsection (d).

(c) If:

(1) the former employee, under section 22(2) of this chapter, requests in writing that the former employer's account administrator remain the administrator of the individual's medical care savings account; and

(2) the account administrator does not agree to retain the account; the former employer shall, within ninety (90) days after the former employee's final day of employment, pay the money in the former employee's medical care savings account to the former employee under subsection (d).

(d) An employer that is required under this section to pay the money in a former employee's medical care savings account to the former employee shall mail to the former employee, at the former employee's last known address, a check for the balance in the account on the ninety-first day after the employee's final day of employment.

(e) Except as provided in section sections 11(b) and 11.5 of this chapter, money that is paid to a former employee under subsection (d):

(1) is subject to taxation under IC 6-3-1 through IC 6-3-7 as income of the individual; but

(2) is not subject to the penalty referred to in section 17(c)(2) of this chapter.

SECTION 47. IC 6-8.1-3-17, AS AMENDED BY P.L.236-2005, SECTION 1, IS AMENDED TO READ AS FOLLOWS [EFFECTIVE
JULY 1, 2015]: Sec. 17. (a) Before an original tax appeal is filed with
the tax court under IC 33-26, the commissioner may settle any tax
liability dispute if a substantial doubt exists as to:

(1) the constitutionality of the tax under the Constitution of the
State of Indiana;
(2) the right to impose the tax;
(3) the correct amount of tax due;
(4) the collectibility of the tax; or
(5) whether the taxpayer is a resident or nonresident of Indiana.

(b) After an original tax appeal is filed with the tax court under
IC 33-26, and notwithstanding IC 4-6-2-11, the commissioner may
settle a tax liability dispute with an amount in contention of twenty-five
thousand dollars ($25,000) or less. Notwithstanding IC 6-8.1-7-1(a),
the terms of a settlement under this subsection are available for public
inspection.

(c) The department shall establish an amnesty program for taxpayers
having an unpaid tax liability for a listed tax that was due and payable
for a tax period ending before January 1, 2013. A
taxpayer is not eligible for the amnesty program:

(1) for any tax liability resulting from the taxpayer's failure to
comply with IC 6-3-1-3.5(b)(3) with regard to the tax imposed by
IC 4-33-13 or IC 4-35-8; or
(2) if the taxpayer participated in any previous amnesty
program under:

(A) this section (as in effect on December 31, 2014); or
(B) IC 6-2.5-14.

The time in which a voluntary payment of tax liability may be made (or
the taxpayer may enter into a payment program acceptable to the
department for the payment of the unpaid listed taxes in full in the
manner and time established in a written payment program agreement
between the department and the taxpayer) under the amnesty program
is limited to the period determined by the department, not to exceed
eight (8) regular business weeks ending before the earlier of the date
set by the department or January 1, 2017. The amnesty
program must provide that, upon payment by a taxpayer to the
department of all listed taxes due from the taxpayer for a tax period (or
payment of the unpaid listed taxes in full in the manner and time
established in a written payment program agreement between the
department and the taxpayer), entry into an agreement that the taxpayer
is not eligible for any other amnesty program that may be established
and waives any part of interest and penalties on the same type of listed
tax that is being granted amnesty in the current amnesty program, and

ES 441—LS 7062/DI 120
compliance with all other amnesty conditions adopted under a rule of
the department in effect on the date the voluntary payment is made, the
department:

(1) shall abate and not seek to collect any interest, penalties,
collection fees, or costs that would otherwise be applicable;
(2) shall release any liens imposed;
(3) shall not seek civil or criminal prosecution against any
individual or entity; and
(4) shall not issue, or, if issued, shall withdraw, an assessment, a
demand notice, or a warrant for payment under IC 6-8.1-5-1,
IC 6-8.1-5-3, IC 6-8.1-8-2, or another law against any individual
or entity;

for listed taxes due from the taxpayer for the tax period for which
amnesty has been granted to the taxpayer. Amnesty granted under this
subsection is binding on the state and its agents. However, failure to
pay to the department all listed taxes due for a tax period invalidates
any amnesty granted under this subsection for that tax period. The
department shall conduct an assessment of the impact of the tax
amnesty program on tax collections and an analysis of the costs of
administering the tax amnesty program. As soon as practicable after the
end of the tax amnesty period, the department shall submit a copy of
the assessment and analysis to the legislative council in an electronic
format under IC 5-14-6. The department shall enforce an agreement
with a taxpayer that prohibits the taxpayer from receiving amnesty in
another amnesty program.

(d) For purposes of subsection (c), a liability for a listed tax is due
and payable if:

(1) the department has issued:
(A) an assessment of the listed tax and under IC 6-8.1-5-1;
(B) a demand for payment under IC 6-8.1-5-3; or
(C) a demand notice for payment of the listed tax under
IC 6-8.1-8-2;
(2) the taxpayer has filed a return or an amended return in which
the taxpayer has reported a liability for the listed tax; or
(3) the taxpayer has filed a written statement of liability for the
listed tax in a form that is satisfactory to the department.

(2) had established a payment plan with the department before May 12, 2005; July 1, 2016; or
(3) verifies with reasonable particularity that is satisfactory to the commissioner that the taxpayer did not ever receive notice of the outstanding tax liability.

Mr. Speaker: Your Committee on Ways and Means, to which was referred Senate Bill 441, has had the same under consideration and begs leave to report the same back to the House with the recommendation that said bill be amended as follows:

Page 10, delete lines 22 through 42.

Page 28, between lines 20 and 21, begin a new paragraph and insert:

"SECTION 13. IC 6-3-2-2, AS AMENDED BY P.L.233-2013, SECTION 7, IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JANUARY 1, 2016]: Sec. 2. (a) With regard to corporations and nonresident persons, "adjusted gross income derived from sources within Indiana", for the purposes of this article, shall mean and include:

(1) income from real or tangible personal property located in this state;
(2) income from doing business in this state;
(3) income from a trade or profession conducted in this state;
(4) compensation for labor or services rendered within this state; and
(5) income from stocks, bonds, notes, bank deposits, patents, copyrights, secret processes and formulas, good will, trademarks, trade brands, franchises, and other intangible personal property to the extent that the income is apportioned to Indiana under this section or if the income is allocated to Indiana or considered to be derived from sources within Indiana under this section.

Income from a pass through entity shall be characterized in a manner consistent with the income's characterization for federal income tax purposes and shall be considered Indiana source income as if the person, corporation, or pass through entity that received the income had
directly engaged in the income producing activity. Income that is derived from one (1) pass through entity and is considered to pass through to another pass through entity does not change these characteristics or attribution provisions. In the case of nonbusiness income described in subsection (g), only so much of such income as is allocated to this state under the provisions of subsections (h) through (k) shall be deemed to be derived from sources within Indiana. In the case of business income, only so much of such income as is apportioned to this state under the provision of subsection (b) shall be deemed to be derived from sources within the state of Indiana. In the case of compensation of a team member (as defined in section 2.7 of this chapter), only the portion of income determined to be Indiana income under section 2.7 of this chapter is considered derived from sources within Indiana. In the case of a corporation that is a life insurance company (as defined in Section 816(a) of the Internal Revenue Code) or an insurance company that is subject to tax under Section 831 of the Internal Revenue Code, only so much of the income as is apportioned to Indiana under subsection (r) is considered derived from sources within Indiana.

(b) Except as provided in subsection (l), if business income of a corporation or a nonresident person is derived from sources within the state of Indiana and from sources without the state of Indiana, the business income derived from sources within this state shall be determined by multiplying the business income derived from sources both within and without the state of Indiana by the following:

(1) For all taxable years that begin after December 31, 2006, and before January 1, 2008, a fraction. The:
   (A) numerator of the fraction is the sum of the property factor plus the payroll factor plus the product of the sales factor multiplied by three (3); and
   (B) denominator of the fraction is five (5).

(2) For all taxable years that begin after December 31, 2007, and before January 1, 2009, a fraction. The:
   (A) numerator of the fraction is the property factor plus the payroll factor plus the product of the sales factor multiplied by four and sixty-seven hundredths (4.67); and
   (B) denominator of the fraction is six and sixty-seven hundredths (6.67).

(3) For all taxable years beginning after December 31, 2008, and before January 1, 2010, a fraction. The:
   (A) numerator of the fraction is the property factor plus the payroll factor plus the product of the sales factor multiplied by
eight (8); and
(B) denominator of the fraction is ten (10).

(4) For all taxable years beginning after December 31, 2009, and before January 1, 2011, a fraction. The:
(A) numerator of the fraction is the property factor plus the payroll factor plus the product of the sales factor multiplied by eighteen (18); and
(B) denominator of the fraction is twenty (20).

(5) For all taxable years beginning after December 31, 2010, the sales factor.

c) The property factor is a fraction, the numerator of which is the average value of the taxpayer's real and tangible personal property owned or rented and used in this state during the taxable year and the denominator of which is the average value of all the taxpayer's real and tangible personal property owned or rented and used during the taxable year. However, with respect to a foreign corporation, the denominator does not include the average value of real or tangible personal property owned or rented and used in a place that is outside the United States. Property owned by the taxpayer is valued at its original cost. Property rented by the taxpayer is valued at eight (8) times the net annual rental rate. Net annual rental rate is the annual rental rate paid by the taxpayer less any annual rental rate received by the taxpayer from subrentals. The average of property shall be determined by averaging the values at the beginning and ending of the taxable year, but the department may require the averaging of monthly values during the taxable year if reasonably required to reflect properly the average value of the taxpayer's property.

d) The payroll factor is a fraction, the numerator of which is the total amount paid in this state during the taxable year by the taxpayer for compensation, and the denominator of which is the total compensation paid everywhere during the taxable year. However, with respect to a foreign corporation, the denominator does not include compensation paid in a place that is outside the United States. Compensation is paid in this state if:
(1) the individual's service is performed entirely within the state;
(2) the individual's service is performed both within and without this state, but the service performed without this state is incidental to the individual's service within this state; or
(3) some of the service is performed in this state and:
(A) the base of operations or, if there is no base of operations, the place from which the service is directed or controlled is in this state; or
(B) the base of operations or the place from which the service is directed or controlled is not in any state in which some part of the service is performed, but the individual is a resident of this state.

(e) The sales factor is a fraction, the numerator of which is the total sales of the taxpayer in this state during the taxable year, and the denominator of which is the total sales of the taxpayer everywhere during the taxable year. Sales include receipts from intangible property and receipts from the sale or exchange of intangible property. However, with respect to a foreign corporation, the denominator does not include sales made in a place that is outside the United States. Receipts from intangible personal property are derived from sources within Indiana if the receipts from the intangible personal property are attributable to Indiana under section 2.2 of this chapter. Regardless of the f.o.b. point or other conditions of the sale, sales of tangible personal property are in this state if:

1. the property is delivered or shipped to a purchaser that is within Indiana, other than the United States government; or
2. the property is shipped from an office, a store, a warehouse, a factory, or other place of storage in this state and
   - the purchaser is the United States government. or
   - the taxpayer is not taxable in the state of the purchaser.

Gross receipts derived from commercial printing as described in IC 6-2.5-1-10 and from the sale of computer software shall be treated as sales of tangible personal property for purposes of this chapter.

(f) Sales, other than receipts from intangible property covered by subsection (e) and sales of tangible personal property, are in this state if:

1. the income-producing activity is performed in this state; or
2. the income-producing activity is performed both within and without this state and a greater proportion of the income-producing activity is performed in this state than in any other state, based on costs of performance.

(g) Rents and royalties from real or tangible personal property, capital gains, interest, dividends, or patent or copyright royalties, to the extent that they constitute nonbusiness income, shall be allocated as provided in subsections (h) through (k).

(h)(1) Net rents and royalties from real property located in this state are allocable to this state.

2) Net rents and royalties from tangible personal property are allocated to this state:
(i) if and to the extent that the property is utilized in this state; or
(ii) in their entirety if the taxpayer's commercial domicile is in this state and the taxpayer is not organized under the laws of or taxable in the state in which the property is utilized.

(3) The extent of utilization of tangible personal property in a state is determined by multiplying the rents and royalties by a fraction, the numerator of which is the number of days of physical location of the property in the state during the rental or royalty period in the taxable year, and the denominator of which is the number of days of physical location of the property everywhere during all rental or royalty periods in the taxable year. If the physical location of the property during the rental or royalty period is unknown or unascertainable by the taxpayer, tangible personal property is utilized in the state in which the property was located at the time the rental or royalty payer obtained possession.

(i)(1) Capital gains and losses from sales of real property located in this state are allocable to this state.

(2) Capital gains and losses from sales of tangible personal property are allocable to this state if:

(i) the property had a situs in this state at the time of the sale; or
(ii) the taxpayer's commercial domicile is in this state and the taxpayer is not taxable in the state in which the property had a situs.

(3) Capital gains and losses from sales of intangible personal property are allocable to this state if the taxpayer's commercial domicile is in this state.

(j) Interest and dividends are allocable to this state if the taxpayer's commercial domicile is in this state.

(k)(1) Patent and copyright royalties are allocable to this state:

(i) if and to the extent that the patent or copyright is utilized by the taxpayer in this state; or
(ii) if and to the extent that the patent or copyright is utilized by the taxpayer in a state in which the taxpayer is not taxable and the taxpayer's commercial domicile is in this state.

(2) A patent is utilized in a state to the extent that it is employed in production, fabrication, manufacturing, or other processing in the state or to the extent that a patented product is produced in the state. If the basis of receipts from patent royalties does not permit allocation to states or if the accounting procedures do not reflect states of utilization, the patent is utilized in the state in which the taxpayer's commercial domicile is located.

(3) A copyright is utilized in a state to the extent that printing or other publication originates in the state. If the basis of receipts
from copyright royalties does not permit allocation to states or if the accounting procedures do not reflect states of utilization, the copyright is utilized in the state in which the taxpayer's commercial domicile is located.

(l) If the allocation and apportionment provisions of this article do not fairly represent the taxpayer's income derived from sources within the state of Indiana, the taxpayer may petition for or the department may require, in respect to all or any part of the taxpayer's business activity, if reasonable:

(1) separate accounting;
(2) for a taxable year beginning before January 1, 2011, the exclusion of any one (1) or more of the factors, except the sales factor;
(3) the inclusion of one (1) or more additional factors which will fairly represent the taxpayer's income derived from sources within the state of Indiana; or
(4) the employment of any other method to effectuate an equitable allocation and apportionment of the taxpayer's income.

(m) In the case of two (2) or more organizations, trades, or businesses owned or controlled directly or indirectly by the same interests, the department shall distribute, apportion, or allocate the income derived from sources within the state of Indiana between and among those organizations, trades, or businesses in order to fairly reflect and report the income derived from sources within the state of Indiana by various taxpayers.

(n) For purposes of allocation and apportionment of income under this article, a taxpayer is taxable in another state if:

(1) in that state the taxpayer is subject to a net income tax, a franchise tax measured by net income, a franchise tax for the privilege of doing business, or a corporate stock tax; or
(2) that state has jurisdiction to subject the taxpayer to a net income tax regardless of whether, in fact, the state does or does not.

(o) Notwithstanding subsections (l) and (m), the department may not, under any circumstances, require that income, deductions, and credits attributable to a taxpayer and another entity be reported in a combined income tax return for any taxable year, if the other entity is:

(1) a foreign corporation; or
(2) a corporation that is classified as a foreign operating corporation for the taxable year by section 2.4 of this chapter.

(p) Notwithstanding subsections (l) and (m), the department may not require that income, deductions, and credits attributable to a taxpayer
and another entity not described in subsection (o)(1) or (o)(2) be reported in a combined income tax return for any taxable year, unless the department is unable to fairly reflect the taxpayer's adjusted gross income for the taxable year through use of other powers granted to the department by subsections (l) and (m).

(q) Notwithstanding subsections (o) and (p), one (1) or more taxpayers may petition the department under subsection (l) for permission to file a combined income tax return for a taxable year. The petition to file a combined income tax return must be completed and filed with the department not more than thirty (30) days after the end of the taxpayer's taxable year. A taxpayer filing a combined income tax return must petition the department within thirty (30) days after the end of the taxpayer's taxable year to discontinue filing a combined income tax return.

(r) This subsection applies to a corporation that is a life insurance company (as defined in Section 816(a) of the Internal Revenue Code) or an insurance company that is subject to tax under Section 831 of the Internal Revenue Code. The corporation's adjusted gross income that is derived from sources within Indiana is determined by multiplying the corporation's adjusted gross income by a fraction:

(1) the numerator of which is the direct premiums and annuity considerations received during the taxable year for insurance upon property or risks in the state; and
(2) the denominator of which is the direct premiums and annuity considerations received during the taxable year for insurance upon property or risks everywhere.

The term "direct premiums and annuity considerations" means the gross premiums received from direct business as reported in the corporation's annual statement filed with the department of insurance.

(s) This subsection applies to receipts derived from motorsports racing.

(1) Any purse, prize money, or other amounts earned for placement or participation in a race or portion thereof, including qualification, shall be attributed to Indiana if the race is conducted in Indiana.

(2) Any amounts received from an individual or entity as a result of sponsorship or similar promotional consideration for one (1) or more races shall be in this state in the amount received, multiplied by the following fraction:

(A) The numerator of the fraction is the number of racing events for which sponsorship or similar promotional consideration has been paid in a taxable year and that occur in

ES 441—LS 7062/DI 120
Indiana.

(B) The denominator of the fraction is the total number of racing events for which sponsorship or similar promotional consideration has been paid in a taxable year.

(3) Any amounts earned as an incentive for placement or participation in one (1) or more races and that are not covered under subdivisions (1) or (2) or under IC 6-3-2-3.2 shall be attributed to Indiana in the proportion of the races that occurred in Indiana.

This subsection, as enacted in 2013, is intended to be a clarification of the law and not a substantive change in the law.

(t) Sales of a broadcaster that arise from or relate to the broadcast or other distribution of film programming or radio programming by any means are in this state if the commercial domicile of the broadcaster's customer is in this state. Sales to which this subsection applies include income from advertising and licensing income from distributing film programming or radio programming. For purposes of this subsection, the following definitions apply:

(1) "Broadcaster" means a taxpayer that is a television or radio station licensed by the Federal Communications Commission, a television or radio broadcast network, a cable program network, or a television distribution company. The term "broadcaster" does not include a cable service provider or a direct broadcast satellite system.

(4) "Film programming" means one (1) or more performances, events, or productions (or segments of performances, events, or productions) intended to be distributed for visual and auditory perception, including but not limited to news, entertainment, sporting events, plays, stories, or other literary, commercial, educational, or artistic works.
