For purposes of this subdivision, "coverage of plan participants" includes payments, contributions, and amounts referred to in IC 16-21-10-13.3(b)(1)(A), IC 16-21-10-13.3(b)(1)(C), and IC 16-21-10-13.3(b)(1)(D), including payments, contributions, and amounts incurred during a phase out period of the plan.

(C) office does not use alternative financial support to cover the amount of the reduction in fees.

(c) If the plan is terminated under subsection (b), the secretary may implement a plan for coverage of the affected population in a manner consistent with the healthy Indiana plan (IC 12-15-44.2 (before its repeal)) in effect on January 1, 2014:

(2) without funding from the incremental fee set forth in IC 16-21-10-13.3.

SECTION 30. IC 12-15-44.5-4.5 IS ADDED TO THE INDIANA CODE AS A NEW SECTION TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2016]: Sec. 4.5. (a) An individual who participates in the plan must have a health care account to which payments may be made for the individual's participation in the plan.

(a) To participate in the plan, an individual must apply for the plan on a form prescribed by the office. The office may develop and allow a joint application for a household.

(b) A pregnant woman is not subject to the cost sharing provisions of the plan. Subsections (c) through (g) do not apply to a pregnant woman participating in the plan.

(c) An applicant who is approved to participate in the plan does not begin benefits under the plan until a payment of at least:

1. one-twelfth (1/12) of the two percent (2%) of annual income contribution amount; or

2. ten dollars ($10);

is made to the individual's health care account established under section 4.5 of this chapter for the individual's participation in the plan. To continue to participate in the plan, an individual must contribute to the individual's health care account at least two percent (2%) of the individual's annual household income per year but not less than one dollar ($1) per month.

(d) If an applicant who is approved to participate in the plan fails to make the initial payment into the individual's health care account, at least the following must occur:

1. If the individual has an annual income that is at or below one hundred percent (100%) of the federal poverty income level, the individual's benefits are reduced as specified in subsection (e)(1).

(f) The state shall contribute to the individual's health care account the difference between the individual's payment required under this section and the plan deductible set forth in section 4.5(c) of this chapter.

(g) A member shall remain enrolled with the same health plan during the member's benefit period. A member may change health plans as follows:

(b) If an individual chooses to renew participation in the plan, the individual is subject to an annual renewal process at the end of the benefit period to determine continued eligibility for participating in the plan. If the individual does not complete the renewal process, the individual may not reenroll in the plan for at least six (6) months.

(c) This subsection applies to participants who consistently made the required payments in the individual's health care account.
account. If the individual receives the qualified preventative services recommended to the individual during the year, the individual is eligible to have the individual's unused share of the individual's health care account at the end of the plan period, determined by the office, matched by the state and carried over to the subsequent plan period to reduce the individual's required payments. If the individual did not, during the plan period, receive all qualified preventative services recommended to the individual, only the nonstate contribution to the health care account may be used to reduce the individual's payments for the subsequent plan period.

(d) For individuals participating in the plan who, in the past, did not make consistent payments into the individual's health care account while participating in the plan, but:

(1) had a balance remaining in the individual's health care account; and
(2) received all of the required preventative care services; the office may elect to offer a discount on the individual's required payments to the individual's health care account for the subsequent benefit year. The amount of the discount under this subsection must be related to the percentage of the health care account balance at the end of the plan year but not to exceed a fifty percent (50%) discount of the required contribution.

(e) If an individual is no longer eligible for the plan, does not renew participation in the plan at the end of the plan period, or is terminated from the plan for nonpayment of a required payment, the office shall, not more than one hundred twenty (120) days after the last date of participation in the plan, refund to the individual the amount determined under subsection (f) of any funds remaining in the individual's health care account as follows:

(1) An individual who is no longer eligible for the plan or does not renew participation in the plan at the end of the plan period shall receive the amount determined under STEP FOUR of subsection (f).
(2) An individual who is terminated from the plan due to nonpayment of a required payment shall receive the amount determined under STEP SIX of subsection (f).

The office may charge a penalty for any voluntary withdrawals from the health care account by the individual before the end of the plan benefit year. The individual may receive the amount determined under STEP SIX of subsection (f).

(f) The office shall determine the amount payable to an
individual described in subsection (e) as follows:

STEP ONE: Determine the total amount paid into the individual's health care account under this chapter.
STEP TWO: Determine the total amount paid into the individual's health care account from all sources.
STEP THREE: Divide STEP ONE by STEP TWO.
STEP FOUR: Multiply the ratio determined in STEP THREE by the total amount remaining in the individual's health care account.
STEP FIVE: Subtract any nonpayments of a required payment.
STEP SIX: Multiply the amount determined under STEP FIVE by at least seventy-five hundredths (0.75).

SECTION 33. IC 12-15-44.5-5.5 IS ADDED TO THE INDIANA CODE AS A NEW SECTION TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2016]:

However, an individual may not be prohibited from using funds in the individual's health care account to pay for nonemergency services provided in an emergency room setting for a medical condition that arises suddenly and unexpectedly and manifests itself by acute symptoms of such severity, including severe pain, that the absence of immediate medical attention could reasonably be expected by a prudent layperson who possesses an average knowledge of health and medicine to:

(6) Reduce financial penalties for the inappropriate use of the emergency room below the minimum levels set forth in section 5.7 of this chapter.
(7) Permit members to change health plans without cause in a manner inconsistent with section 4.7(g) of this chapter.
