ARTICLE 17. EFFECT OF RECODIFICATION OF TITLE 20

P.L.1-2005, SEC. 1

Chapter 1. Effect of Recodification by the Act of the 2005 Regular Session of the General Assembly

Sec. 1. "Prior law" refers to the statutes concerning education that are repealed or amended in the recodification act of the 2005 regular session of the general assembly as the statutes existed before the effective date of the applicable or corresponding provision of the recodification act of the 2005 regular session of the general assembly.

Sec. 2. The purpose of the recodification act of the 2005 regular session of the general assembly is to recodify prior law in a style that is clear, concise, and easy to interpret and apply. Except to the extent that:

(1) the recodification act of the 2005 regular session of the general assembly is amended to reflect the changes made in a provision of another bill that adds to, amends, or repeals a provision in the recodification act of the 2005 regular session of the general assembly; or

(2) the minutes of meetings of the code revision commission during 2004 expressly indicate a different purpose;

the substantive operation and effect of the prior law continue uninterrupted as if the recodification act of the 2005 regular session of the general assembly had not been enacted.

Sec. 3. Subject to section 2 of this chapter, sections 4 through 9 of this chapter shall be applied to the statutory construction of the recodification act of the 2005 regular session of the general assembly.

Sec. 4. (a) The recodification act of the 2005 regular session of the general assembly does not affect:

(1) any rights or liabilities accrued;

(2) any penalties incurred;

(3) any violations committed;
(4) any proceedings begun;
(5) any bonds, notes, loans, or other forms of indebtedness issued, incurred, or made;
(6) any tax levies made or authorized;
(7) any funds established;
(8) any patents issued;
(9) the validity, continuation, or termination of any contracts, easements, or leases executed;
(10) the validity, continuation, scope, termination, suspension, or revocation of:
   (A) permits;
   (B) licenses;
   (C) certificates of registration;
   (D) grants of authority; or
   (E) limitations of authority; or
(11) the validity of court decisions entered regarding the constitutionality of any provision of the prior law;
before the effective date of the recodification act of the 2005 regular session of the general assembly (July 1, 2005). Those rights, liabilities, penalties, violations, proceedings, bonds, notes, loans, other forms of indebtedness, tax levies, funds, patents, contracts, easements, leases, permits, licenses, certificates of registration, grants of authority, and limitations of authority continue and shall be imposed and enforced under prior law as if the recodification act of the 2005 regular session of the general assembly had not been enacted.

(b) The recodification act of the 2005 regular session of the general assembly does not:
   (1) extend or cause to expire a permit, license, certificate of registration, or other grant or limitation of authority; or
   (2) in any way affect the validity, scope, or status of a license, permit, certificate of registration, or other grant or limitation of authority; issued under the prior law.
(c) The recodification act of the 2005 regular session of the general assembly does not affect the revocation, limitation, or suspension of a permit, license, certificate of registration, or other grant or limitation of authority based in whole or in part on violations of the prior law or the rules adopted under the prior law.

As added by P.L.1-2005, SEC.1.

IC 20-17-1-5
Recodification of prior law
Sec. 5. The recodification act of the 2005 regular session of the general assembly shall be construed as a recodification of prior law. Except as provided in section 2(1) and 2(2) of this chapter, if the literal meaning of the recodification act of the 2005 regular session of the general assembly (including a literal application of an erroneous change to an internal reference) would result in a substantive change in the prior law, the difference shall be construed
as a typographical, spelling, or other clerical error that must be corrected by:

   (1) inserting, deleting, or substituting words, punctuation, or other matters of style in the recodification act of the 2005 regular session of the general assembly; or
   (2) using any other rule of statutory construction;
as necessary or appropriate to apply the recodification act of the 2005 regular session of the general assembly in a manner that does not result in a substantive change in the law. The principle of statutory construction that a court must apply the literal meaning of an act if the literal meaning of the act is unambiguous does not apply to the recodification act of the 2005 regular session of the general assembly to the extent that the recodification act of the 2005 regular session of the general assembly is not substantively identical to the prior law.
As added by P.L.1-2005, SEC.1.

IC 20-17-1-6
References to repealed statutes
Sec. 6. Subject to section 9 of this chapter, a reference in a statute or rule to a statute that is repealed and replaced in the same or a different form in the recodification act of the 2005 regular session of the general assembly shall be treated after the effective date of the new provision as a reference to the new provision.
As added by P.L.1-2005, SEC.1.

IC 20-17-1-7
References to citations
Sec. 7. A citation reference in the recodification act of the 2005 regular session of the general assembly to another provision of the recodification act of the 2005 regular session of the general assembly shall be treated as including a reference to the provision of prior law that is substantively equivalent to the provision of the recodification act of the 2005 regular session of the general assembly that is referred to by the citation reference.
As added by P.L.1-2005, SEC.1.

IC 20-17-1-8
References to prior rules
Sec. 8. (a) As used in the recodification act of the 2005 regular session of the general assembly, a reference to rules adopted under any provision of this title or under any other provision of the recodification act of the 2005 regular session of the general assembly refers to either:
   (1) rules adopted under the recodification act of the 2005 regular session of the general assembly; or
   (2) rules adopted under the prior law until those rules have been amended, repealed, or superseded.
(b) Rules adopted under the prior law continue in effect after June 30, 2005, until the rules are amended, repealed, or suspended.
As added by P.L.1-2005, SEC.1.
IC 20-17-1-9
References to prior law

Sec. 9. (a) A reference in the recodification act of the 2005 regular session of the general assembly to a citation in the prior law before its repeal is added in certain sections of the recodification act of the 2005 regular session of the general assembly only as an aid to the reader.

(b) The inclusion or omission in the recodification act of the 2005 regular session of the general assembly of a reference to a citation in the prior law before its repeal does not affect:

(1) any rights or liabilities accrued;
(2) any penalties incurred;
(3) any violations committed;
(4) any proceedings begun;
(5) any bonds, notes, loans, or other forms of indebtedness issued, incurred, or made;
(6) any tax levies made or authorized;
(7) any funds established;
(8) any patents issued;
(9) the validity, continuation, or termination of contracts, easements, or leases executed;
(10) the validity, continuation, scope, termination, suspension, or revocation of:
    (A) permits;
    (B) licenses;
    (C) certificates of registration;
    (D) grants of authority; or
    (E) limitations of authority; or
(11) the validity of court decisions entered regarding the constitutionality of any provision of the prior law;

before the effective date of the recodification act of the 2005 regular session of the general assembly (July 1, 2005). Those rights, liabilities, penalties, violations, proceedings, bonds, notes, loans, other forms of indebtedness, tax levies, funds, patents, contracts, easements, leases, permits, licenses, certificates of registration, grants of authority, and limitations of authority continue and shall be imposed and enforced under prior law as if the recodification act of the 2005 regular session of the general assembly had not been enacted.

(c) The inclusion or omission in the recodification act of the 2005 regular session of the general assembly of a citation to a provision in the prior law does not affect the use of a prior conviction, violation, or noncompliance under the prior law as the basis for revocation of a license, permit, certificate of registration, or other grant of authority under the recodification act of the 2005 regular session of the general assembly, as necessary or appropriate to apply the recodification act of the 2005 regular session of the general assembly in a manner that does not result in a substantive change in the law.

Chapter 2. Effect of Recodification by the Act of the 2006 Regular Session of the General Assembly

"Prior law"

Sec. 1. As used in this chapter, "prior law" refers to the statutes concerning education finance, including provisions related to the Indiana state teachers' retirement fund and public school corporation property tax controls, that are repealed or amended in the recodification act of the 2006 regular session of the general assembly as the statutes existed before the effective date of the applicable or corresponding provision of the recodification act of the 2006 regular session of the general assembly.
As added by P.L.2-2006, SEC.71.

Purpose of recodification

Sec. 2. The purpose of the recodification act of the 2006 regular session of the general assembly is to recodify prior law in a style that is clear, concise, and easy to interpret and apply. Except to the extent that:

(1) the recodification act of the 2006 regular session of the general assembly is amended to reflect the changes made in a provision of another bill that adds to, amends, or repeals a provision in the recodification act of the 2006 regular session of the general assembly; or

(2) the minutes of meetings of the code revision commission during 2005 expressly indicate a different purpose;
the substantive operation and effect of the prior law continue uninterrupted as if the recodification act of the 2006 regular session of the general assembly had not been enacted.
As added by P.L.2-2006, SEC.71.

Statutory construction of recodification

Sec. 3. Subject to section 2 of this chapter, sections 4 through 9 of this chapter shall be applied to the statutory construction of the recodification act of the 2006 regular session of the general assembly.

Those rights, liabilities, penalties, violations, proceedings, bonds, notes, loans, other forms of indebtedness, tax levies, funds, patents, contracts, easements, leases, permits, licenses, certificates of registration, grants of authority, and limitations of authority continue and shall be imposed and enforced under prior law as if the recodification act of the 2006 regular session of the general assembly had not been enacted.

(b) The recodification act of the 2006 regular session of the general assembly does not:
   (1) extend or cause to expire a permit, license, certificate of registration, or other grant or limitation of authority; or

issued under the prior law.

(c) The recodification act of the 2006 regular session of the general assembly does not affect the revocation, limitation, or suspension of a permit, license, certificate of registration, or other grant or limitation of authority based in whole or in part on violations of the prior law or the rules adopted under the prior law.

Recodification of prior law

Sec. 5. The recodification act of the 2006 regular session of the general assembly shall be construed as a recodification of prior law. Except as provided in section 2(1) and 2(2) of this chapter, if the literal meaning of the recodification act of the 2006 regular session of the general assembly (including a literal application of an erroneous change to an internal reference) would result in a substantive change in the prior law, the difference shall be construed as a typographical, spelling, or other clerical error that must be corrected by:
(1) inserting, deleting, or substituting words, punctuation, or other matters of style in the recodification act of the 2006 regular session of the general assembly; or
(2) using any other rule of statutory construction;
as necessary or appropriate to apply the recodification act of the 2006 regular session of the general assembly in a manner that does not result in a substantive change in the law. The principle of statutory construction, which states that a court must apply the literal meaning of an act if the literal meaning of the act is unambiguous, does not apply to the recodification act of the 2006 regular session of the general assembly to the extent that the recodification act of the 2006 regular session of the general assembly is not substantively identical to the prior law.

       by the chairperson with respect to duties in connection with the
       county committee.
(m) Members of the county committee hold office for terms of
four (4) years until the reorganization program in the county is
completed, subject to replacement as prescribed in this chapter. An
appointed member who ceases to be a resident of the county may not
continue to serve on a county committee.
(n) An individual appointed member of a county committee or the
appointed members as a group are not disqualified from serving on
a county committee because they fail at any time to meet the
qualifications for appointment by the judge of the circuit court, other
than county residence, if they met the qualifications at the time of
their appointments.
(o) Vacancies shall be filled by the remaining members of the
committee without regard for the qualifications for appointment by
the judge of the circuit court.
(p) Meetings of the county committee shall be held:
   (1) upon call of the chairperson; or
   (2) by a petition to hold a meeting signed by a majority of the
       members of the committee.
   (q) A majority of the committee constitutes a quorum.

IC 20-23-4-12
Preliminary plans; contents; supporting documents
Sec. 12. (a) In formulating a preliminary reorganization plan and
with respect to each of the community school corporations that are a
part of the reorganization plan, the county committee shall determine
the following:
   (1) The name of the community school corporation.
(2) Subject to subsection (e), a general description of the boundaries of the community school corporation.

(3) With respect to the board of school trustees, the following:

      (ii) five (5); or
      (iii) seven (7).
   (B) Whether the members are elected or appointed.
   (C) If the members are appointed:
      (i) when the appointments are made; and
      (ii) who makes the appointments.
   (D) If the members are elected, that the election is at the general election at which county officials are elected.
   (E) Subject to sections 21 and 22 of this chapter, the manner in which members are elected or appointed.

(4) The compensation, if any, of the members of the regular and interim board of school trustees, which may not exceed the amount provided in IC 20-26-4-7.

(5) Subject to subsection (f), qualifications required of the members of the board of school trustees, including limitations on:
   (A) residence; and
   (B) term of office.

(6) If an existing school corporation is divided in the reorganization, the disposition of assets and liabilities.

(7) The disposition of school aid bonds, if any.

(b) If existing school corporations are not divided in the reorganization, the:
   (1) assets;
   (2) liabilities; and
   (3) obligations;
   of the existing school corporations shall be transferred to and assumed by the new community school corporation of which they are a part, regardless of whether the plan provides for transfer and assumption.

(c) The preliminary plan must be supported by a summary statement of the following:
   (1) The educational improvements the plan's adoption will make possible.
   (2) Data showing the:
      (A) assessed valuation;
      (B) number of resident students in ADA in grades 1 through 12;
      (C) assessed valuation per student referred to in clause (B); and
      (D) property tax levies;
   of each existing school corporation to which the plan applies.

(3) The:
   (A) assessed valuation;
   (B) resident ADA; and
(C) assessed valuation per student; data referred to in subdivision 2(A) through 2(C) that would have applied for each proposed community school corporation if the corporation existed in the year the preliminary plan is prepared or notice of a hearing or hearings on the preliminary plan is given by the county committee.

(4) Any other data or information the county committee considers appropriate or that may be required by the state board in its rules.

(d) The county committee:

(1) shall base the assessed valuations and tax levies referred to in subsection (c)(2) through (c)(3) on the valuations applying to taxes collected in:

(A) the year the preliminary plan is prepared; or
(B) the year notice of a hearing or hearings on the preliminary plan is given by the county committee;

(2) may base the resident ADA figures on the calculation of the figures under the rules under which they are submitted to the state superintendent by existing school corporations; and

(3) shall set out the resident ADA figures for:

(A) the school year in progress if the figures are available for that year; or
(B) the immediately preceding school year if the figures are not available for the school year in progress.

The county committee may obtain the data and information referred to in this subsection from any source the committee considers reliable. If the county committee attempts in good faith to comply with this subsection, the summary statement referred to in subsection (c) is sufficient regardless of whether the statement is exactly accurate.

(e) The general description referred to in subsection (a)(2) may consist of an identification of an existing school corporation that is to be included in its entirety in the community school corporation. If a boundary does not follow the boundary of an existing civil unit of government or school corporation, the description must set out the boundary:

(1) as near as reasonably possible by:
   (A) streets;
   (B) rivers; and
   (C) other similar boundaries;
   that are known by common names; or
(2) if descriptions as described in subdivision (1) are not possible, by section lines or other legal description.

The description is not defective if there is a good faith effort by the county committee to comply with this subsection or if the boundary may be ascertained with reasonable certainty by a person skilled in the area of real estate description. The county committee may require the services of the county surveyor in preparing a description of a boundary line.

(f) A member of the board of school trustees:
(1) may not serve an appointive or elective term of more than four (4) years; and
(2) may serve more than one (1) consecutive appointive or elective term.

(C) if the proposed reorganization includes division of an existing school corporation, state the adjustment proposed for:
   (i) property;
   (ii) assets;
   (iii) debts; and
   (iv) other liabilities; and

reorganization plan, and, within ten (10) days after such adoption, but not later than January 14, 1964, shall submit at least three (3) copies of its comprehensive plan to the state board. However, if a county committee encounters any difficulties in formulating and adopting either its preliminary or comprehensive plan for the reorganization of school corporations, through no lack of diligence upon the part of the committee so that it is unable to submit its plans to the state board within the period specified, the county committee may apply to the state board for an extension of time in which to complete and adopt its preliminary or comprehensive plan. The application may be made during or after the original or any extended period for which an extension is asked.

(b) The state board may, if the facts and circumstances warrant, grant such extension or extensions as it may see fit.

IC 20-23-4-15
Submission of reorganization plans to state board prior to completion of comprehensive plan

Sec. 15. The county committee may submit to the state board for approval, in accordance with section 18 of this chapter, a plan for the reorganization of one (1) or more school corporations without awaiting the completion of a comprehensive plan. The plan becomes an integral part of the comprehensive plan the county committee is required to prepare.

IC 20-23-4-16
Required contents of preliminary or final comprehensive plan

Sec. 16. The form of a preliminary or final comprehensive plan of reorganization is sufficient if the plan contains in its own terms or by reference the following for each proposed community school corporation:

2. A general description of the boundaries of the community school corporation as provided in section 12 of this chapter.
3. The number of members of the board of school trustees and whether the members are elected or appointed.
4. The manner in which the board of school trustees, other than the interim board, is elected or appointed.
5. If a school corporation is divided as part of the reorganization, the disposition of assets and liabilities of the school corporation.

IC 20-23-4-18
State board of education; powers and duties
Sec. 18. (a) The state board shall:
   (1) aid the county committees, as required by subsection (b), in carrying out:
      (A) the powers conferred; and
      (B) the duties imposed;
on the committees by this chapter;
   (2) receive and examine each plan for the reorganization of a school corporation submitted to the state board by a county committee and approve each plan that meets the standards of the state board;
   (3) adopt a set of minimum standards, in furtherance of the policy expressed in section 1 of this chapter, which all proposed community school corporations must meet, insofar as feasible;
   (4) not later than ninety (90) days after receipt of a reorganization plan, hold a public hearing in the county to which the plan mainly applies to allow residents of the affected territory to testify;
   (5) not later than sixty (60) days after the public hearing:
      (A) approve or disapprove in writing all or part of the plan; and
      (B) notify in writing the county committee concerned;
   (6) assist any county committee whose plan does not meet minimum standards in revising the plan and permit the committee to resubmit the plan not later than ninety (90) days after receipt of notice of nonapproval; and
   (7) adopt rules under IC 4-22-2 for:
      (A) the conduct of its own business; and

(b) The minimum standards for community school corporations proposed under this chapter or IC 20-23-16-1 through IC 20-23-16-11 must provide for the inclusion of all the area of a county in:
   (1) a school corporation; or
   (2) school corporations;
to furnish efficient and adequate educational opportunity for all students in grades 1 through 12.

(c) Before the adoption of a preliminary written plan, the county committee and the state board may meet to consider problems encountered by the county committee in formulating a plan. Following the meeting, the state board may waive in writing any specified minimum standard for a designated geographic area on the ground that meeting the standard is not feasible.

(d) The state board is not required to hold a public hearing on a plan that does not meet the minimum standards required by the state board unless the state board waives the attainment of a minimum standard.

IC 20-23-4-19
Creation of community school corporation in certain existing school corporations; motion of state board; hearings; definitions

Sec. 19. (a) If the creation of a community school corporation out of an existing corporation:

(1) would not involve a change in its territorial boundaries or in its board of school trustees or other governing body, other than a change in the time of election or appointment or the time the board members take office; and
(2) is consistent with the standards set up under this chapter and the standards set out in this section;

the state board may on its own motion or on petition of the governing body of the existing school corporation at any time with hearing in the county where the school corporation is located, after notice by publication at least once in one (1) newspaper of general circulation published in the county where the school corporation is located, at least ten (10) but not more than thirty (30) days before the date of a hearing, and without action of the county committee declare the existing school corporation to be a community school corporation by adopting a resolution to this effect. The existing school corporation qualifies as to size and financial resources if it has an ADA of at least two hundred seventy (270) students in grades 9 through 12 or at least one thousand (1,000) students in grades 1 through 12, and has an assessed valuation per student of at least five thousand dollars ($5,000).

(b) For purposes of this section, the following terms have the following meanings:

(1) "County tax" means a property tax:
(A) that is levied at an equal rate in the entire county in which any school corporation is located, other than a tax qualifying as a countywide tax within the meaning of Acts 1959, c.328, s.2, or any similar statute; and
(B) for which the net proceeds of which are distributed to school corporations in the county.
(2) "Assessed valuation" of any school corporation means the net assessed value of its real and personal property as of March
1, 1964, adjusted in the same manner as the assessed valuation is adjusted for each county by the department of local government finance under Acts 1949, c.247, s.5, as amended, unless that statute has been repealed or no longer provides for an adjustment. If a county has a county tax, the assessed valuation of each school corporation in the county shall be increased by the amount of assessed valuation, if any, that would be required to raise an amount of money, equal to the excess of the amount distributed to any school corporation from the county tax over the amount collected from the county tax in the school corporation, using total taxes levied by the school corporation in terms of rate:

(A) excluding the countywide tax under Acts 1959, c.328, s.2, or any similar statute; and

(B) including all other taxes levied by or for the school corporation.

The increased valuation shall be based on the excess distributed to the school corporation from the county tax levied for the year 1964 and the total taxes levied for the year, or if the county tax is first applied or is raised for years after 1964, then the excess distributions and total taxes levied for the year in which the tax is first applied or raised. If the excess distribution and total taxes levied cannot be determined accurately on or before the adoption of the resolution provided in this section, excess distribution and taxes levied shall be estimated by the department of local government finance using the last preceding assessed valuations and tax rates or such other information as that department determines, certifying the increased assessment to the state board before such time. In all cases, the excess distribution shall be determined upon the assumption that the county tax is one hundred percent (100%) collected and all collections are distributed.

(3) "Assessed valuation per student" of any school corporation means the assessed valuation of any school corporation divided by its ADA in grades 1 through 12.

(4) "ADA" in any school corporation means the average daily attendance of students who are residents in the school corporation and in the particular grades to which the term refers for the school year 1964-1965 in accordance with the applicable regulations of the state superintendent, used in determining average daily attendance in the distribution of the tuition funds by the state to its various school corporations where funds are distributed on such basis and irrespective of whether the figures are the actual resident daily attendance of the school for the school year.

(c) The community school corporation automatically comes into being on either July 1 or January 1 following the date of approval, whichever is earlier. The state board shall mail by certified mail, return receipt requested, a copy of the resolution certified by the county committee's chairperson or secretary to:
(1) the recorder of the county from which the county committee having jurisdiction of the existing school corporation was appointed; and
(2) the county committee.

The resolution may change the time of election or appointment of the board of trustees of the school corporation or the time the trustees take office. The recorder shall without cost record the certified resolution in the miscellaneous records of the county. The recording constitutes a permanent record of the action of the state board and may be relied on by any person. Unless the resolution provides that an interim member of the board of trustees shall not be appointed, the board of trustees in office on the date of the action continues to constitute the board of trustees of the school corporation until their successors are qualified, and the terms of their respective office and board membership remain unchanged except to the extent the resolution otherwise provides. For purposes of this chapter and IC 20-23-16-1 through IC 20-23-16-11, a community school corporation shall be regarded as a school corporation created under section 16 of this chapter.

**IC 20-23-4-20**

**Approval of reorganization plan by state board; notice; creation of community school corporation by petition or elections; contents of petition and petitioning procedure**

Sec. 20. (a) After the state board approves a comprehensive plan or partial plan for reorganization of school corporations as submitted to the state board by a county committee, the state board shall promptly, by certified mail with return receipt requested, give written notice of the approval to:

(1) the chairperson of the county committee submitting the plan; and
(2) the judge of the circuit court of the county from which the county committee was appointed.

(b) After notice is given under subsection (a), a community school corporation proposed by a plan referred to in subsection (a) may be created:

(1) by petition as provided in this section;
(2) by election as provided in section 21 of this chapter; or
(3) under section 22 of this chapter.

(c) After receipt of the plan referred to in subsection (a) by the county committee and before or after the election described in section 21 of this chapter, a community school corporation proposed by a plan referred to in subsection (a) may be created by a petition. The petition must be signed by at least fifty-five percent (55%) of the registered voters residing in the community school corporation, determined in the manner set out in this section, and filed by any signer or by the county committee with the clerk or clerks of the circuit court or courts of the county or counties where the voters reside. The petition must state that the signers request the
establishment of a community school corporation and must contain the following information:

1. The name of the proposed community school corporation.
2. A general description of the boundaries as set out in the plan.
3. The number of members of the board of school trustees.
4. The manner in which:
   A. the permanent board of school trustees; and
   B. if covered in the plan, the interim board of school trustees;
   will be elected or appointed.
5. The compensation, if any, of the members of:
   A. the permanent board of school trustees; and
   B. if covered in the plan, the interim board of school trustees.
6. The disposition, if any, of assets and liabilities of each existing school corporation that:
   A. is included in the proposed community school corporation; and
   B. has been divided.

(d) The petition referred to in subsection (c) must show:
1. the date on which each person signed the petition; and
2. the person's residence address on that date.

The petition may be executed in several counterparts, the total of which constitutes the petition described in this section. An affidavit of the person circulating a counterpart must be attached to the counterpart. The affidavit must state that each signature appearing on the counterpart was affixed in the person's presence and is the true and lawful signature of the signer. Each signer on the petition may withdraw the signer's signature from the petition before the petition is filed with the clerk of the circuit court. Names may not be added to the petition after the petition is filed with the clerk of the circuit court.

(e) After receipt of the petition referred to in subsection (c), the clerk of the circuit court shall make a certification under the clerk's hand and seal of the clerk's office as to:
1. the number of signers of the petition;
2. the number of signers of the petition who are registered voters residing in:
   A. the proposed community school corporation; or
   B. the part of the school corporation located in the clerk's county;
   as disclosed by the voter registration records of the county;
3. the number of registered voters residing in:
   A. the proposed community school corporation; or
   B. the part of the school corporation located in the clerk's county;
   as disclosed by the voter registration records of the county; and
4. the date of the filing of the petition with the clerk.
If a proposed community school corporation includes only part of a voting precinct, the clerk of the circuit court shall ascertain from any means, including assistance from the county committee, the number of registered voters residing in the part of the voting precinct.

(f) The clerk of the circuit court shall make the certification referred to in subsection (e):
   (1) not later than thirty (30) days after the filing of the petition under subsection (c), excluding from the calculation of that period the time during which the registration records are unavailable to the clerk; or
   (2) within any additional time as is reasonably necessary to permit the clerk to make the certification.

In certifying the number of registered voters, the clerk shall disregard any signature on the petition not made in the ninety (90) days that immediately precede the filing of the petition with the clerk as shown by the dates set out in the petition. The clerk shall establish a record of the certification in the clerk's office and shall return the certification to the county committee.

(g) If the certification or combined certifications received from the clerk or clerks disclose that the petition was signed by at least fifty-five percent (55%) of the registered voters residing in the community school corporation, the county committee shall publish a notice in two (2) newspapers of general circulation in the community school corporation. The notice must:
   (1) state that the steps necessary for the creation and establishment of the community school corporation have been completed; and
   (2) set forth:
      (A) the number of registered voters residing in the community school corporation who signed the petition; and
      (B) the number of registered voters residing in the community school corporation.

(h) A community school corporation created by a petition under this section takes effect on the earlier of:

that next follows the date of publication of the notice referred to in subsection (g).

(i) If a public official fails to perform a duty required of the official under this chapter within the time prescribed in this section and sections 21 through 24 of this chapter, the omission does not invalidate the proceedings taken under this chapter.

(j) An action:
   (1) to contest the validity of the formation or creation of a community school corporation under this section;
   (2) to declare that a community school corporation:
      (A) has not been validly formed or created; or
      (B) is not validly existing; or
   (3) to enjoin the operation of a community school corporation; may not be instituted later than thirty (30) days after the date of
publication of the notice referred to in subsection (g).

**IC 20-23-4-21**

**Special election to create community school corporations; procedure**

Sec. 21. (a) If the chairperson of the county committee does not receive the certification or combined certifications under section 20(f) of this chapter not later than ninety (90) days after the receipt by the county committee of the plan referred to in section 20(a) of this chapter, the judge of the circuit court of the county from which the county committee submitting the plan was appointed shall:

1. certify the public question under IC 3-10-9-3; and
2. order the county election board to conduct a special election in which the registered voters residing in the proposed community school corporation may vote to determine whether the corporation will be created.

(b) If:

1. a primary election at which county officials are nominated; or
2. a general election at which county officials are elected;
and for which the question can be certified in compliance with IC 3-10-9-3 is to be held not later than six (6) months after the receipt by the chairperson of the county committee of the plan referred to in section 20(a) of this chapter, regardless of whether the ninety (90) day period referred to in subsection (a) has expired, the judge shall order the county election board to conduct the special election to be held in conjunction with the primary or general election.

(c) If a primary or general election will not be held in the six (6) month period referred to in subsection (b), the special election shall be held:

1. not earlier than sixty (60) days; and
2. not later than one hundred twenty (120) days;
after the expiration of the ninety (90) day period referred to in subsection (a).

(d) The county election board shall give notice under IC 5-3-1 of the special election referred to in subsection (a).

1. clearly state that the election is called to afford the registered voters an opportunity to approve or reject a proposal for the formation of a community school corporation;
2. contain:
   (A) a general description of the boundaries of the community school corporation as set out in the plan;
   (B) a statement of the terms of adjustment of:

The election board shall take all steps necessary to carry out the special election. If the special election is not conducted at a primary or general election, the cost of conducting the election is:

(1) charged to each component school corporation embraced in the community school corporation in the same proportion as the component school corporation's assessed valuation is to the total assessed valuation of the community school corporation; and
(2) paid:
   (A) from any current operating fund not otherwise appropriated of; and
   (B) without appropriation by;

each component school corporation.

If a component school corporation is to be divided and its territory assigned to two (2) or more community corporations, the component school corporation's cost of the special election is in proportion to the corporation's assessed valuation included in the community school corporation.

(g) The county election board shall place the public question on the ballot in the form prescribed by IC 3-10-9-4. The public question must state "Shall the (here insert name) community school corporation be formed as provided in the Reorganization Plan of the County Committee for the Reorganization of School Corporations?". Except as otherwise provided in this chapter, the election is governed by IC 3.

(h) If a majority of the votes cast at a special election referred to in subsection (a) on the public question are in favor of the formation of the corporation, a community school corporation is created and takes effect on the earlier of:

(1) the July 1; or
(2) the January 1;

that next follows the date of publication of the notice referred to in subsection (d).

(i) If a public official fails to perform a duty required of the official under this section within the time prescribed in this section, the omission does not invalidate the proceedings taken under this section.

(j) An action:

   (b) A plan referred to in subsection (a) automatically comes into being on the earlier of:
       (1) the July 1; or
       (2) the January 1;
that next follows the date of approval of the plan by the state board.
   (c) If subsection (b) applies:
       (1) an interim board of trustees member may not be appointed;
       (2) the board members in office on the date the plan comes into being under subsection (b) continue to constitute the governing body of the school corporation until their successors are qualified; and
       (3) the:
           (A) terms of offices; and
           (B) board memberships;
           of the board members remain unchanged except to the extent the plan provides otherwise.

IC 20-23-4-23
Rejection of community school corporations and elections; options of county committee
Sec. 23. (a) If a proposal for the formation of a community school corporation is rejected by the voters at the special election provided for in this chapter, the county committee shall:
   (1) subject to subsection (b), devise a new plan of reorganization considered more acceptable to the electors of the territory affected; or
   (2) subject to subsection (c), direct the county election board or boards to resubmit the same plan rejected by the voters.
   (b) The county committee shall submit a new plan devised under subsection (a)(1) to the state board for the state board's approval not later than six (6) months after the date of the special election at which
the proposal was rejected, subject to the same conditions and requirements concerning extensions of time and other matters provided in this chapter. If the new plan is approved by the state board, the procedures of this chapter for the creation of a community school corporation must be followed.

(c) The county committee may direct the county election board or boards to resubmit the plan referred to in subsection (a)(2) at a special election to be held not later than six (6) months after the special election at which the proposal was rejected. A community school corporation created before March 12, 1965, shall operate in accordance with the plan under which it was created and the statutes applicable to that plan, as if Acts 1965, c.336, s.4 had not been enacted.

(b) If the members of a governing body are elected, the members shall be elected in accordance with one (1) of the options set forth in subsection (c) or in accordance with section 35 of this chapter. Under this option, all candidates must be voted on by all registered voters of the community school corporation voting at any governing body member election.

(3) The community school corporation shall be divided into three (3) residence districts of approximately equal population. In a district divided into three (3) residence districts, if:

   (C) the governing body consists of seven (7) members, at least two (2) shall be elected from each residence district.

Candidates shall be voted on by all registered voters of the
community school corporation voting at any governing body member election.

(4) The community school corporation shall be divided into two (2) or more electoral districts. Each member:

The plan must set out the number to be elected from each district and may provide for the election of an equal number of members from the district.

(6) The community school corporation shall be divided into two (2) or more electoral districts. Each member:
   (A) serves from one (1) electoral district;
   (B) must be a resident of that district; and
   (C) must be voted upon only by the registered voters residing within that district who vote at a governing body election.

The plan must set out the number of members to be elected from each electoral district in the school corporation and may provide for election of an equal number of members from each district.

A community school corporation created before March 12, 1965, shall operate in accordance with the plan under which it was created and the statutes applicable to that plan, as if Acts 1965, c.336, s.4 had not
been enacted.

(b) If the members of the governing body are to be appointed, they shall be appointed in accordance with one (1) of the options described in subsection (c). The option must be set out in the plan with sufficient description to permit the plan to be operable with respect to each community school corporation. (c) The options described in subsection (b) are the following:
   (1) Members of the governing body may reside anywhere in the community school corporation.
   (2) The community school corporation shall be divided into two (2) or more governing body member districts, any one (1) of which may embrace the entire community school corporation. Each member:

Thereafter, appointments shall be made for terms of four (4) years. All terms of office for appointive governing body members expire June 30 in the applicable year.
   (e) A plan providing for the appointment of members of the governing body must designate the appointing authority. The authority may be the same for each governing body member and must be one (1) or more of the following:
      (1) The judge of the circuit or superior court.

      (2) township executives, the appointment must be made by a majority vote of the executives taken in joint session; and
      (3) township legislative bodies, the appointment must be made by a majority vote of the total number of township legislative body members by a majority vote of the members, taken in joint session.
(g) If a member of the governing body, whether of the interim governing body or regular governing body, is to be appointed, and the beginning of the appointive member's term of office coincides with the date an individual assumes the office of the official who is to make the appointment, the appointment shall be made by the latter individual. If the appointing official or body fails to appoint a member of the first governing body within five (5) days after a community school corporation comes into being, or, for members appointed after the first board is appointed, within five (5) days after a member is to take office, the member of the governing body shall be appointed:

(d) If the plan provides that the members of the governing body shall be elected by all the voters of the community school corporation, candidates shall be placed on the ballot in the form prescribed by IC 3-11-2, without party designation. The candidates who receive the most votes are elected.

(e) If the plan provides that members of the governing body are to be elected from residence districts by all voters in the community school corporation, nominees for the governing body shall be placed on the ballot in the form prescribed by IC 3-11-2, by residence districts without party designation. The ballot must state the number
of members to be voted on and the maximum number of members that may be elected from each residence district as provided in the plan. A ballot is not valid if more than the maximum number of members are voted on from a board member residence district. The candidates who receive the most votes are elected. However, if more than the maximum number that may be elected from a residence district are among those receiving the most votes, the candidates from the residence districts exceeding the maximum number who receive the fewest votes shall be eliminated in determining the candidates who are elected.

An individual appointed under this subsection must possess the qualifications provided for a regularly elected or appointed governing body member filling the office. If:

   (2) a description of the boundaries of that district set forth in the plan or plan amendment;

   (1) must satisfy all the qualifications required of a member of the governing body; and
   (2) shall fill the remainder of the unexpired term of the vacating member.
(e) If a tie vote occurs among the remaining members of the governing body or the governing body fails to act within thirty (30) days after the election or the vacancy occurs, the fiscal body (as defined in IC 3-5-2-25) of the township in which the greatest percentage of population of the school district resides shall break the tie or make the appointment. A member of the fiscal body who was a candidate and is involved in a tie vote may not cast a vote under this subsection.
(f) If the fiscal body of a township is required to act under this section and a vote in the fiscal body results in a tie, the deciding vote to break the tie vote shall be cast by the executive.

The term does not include any public school corporation located in
whole or any part in a county containing a consolidated city.

IC 20-23-5-7
Annexations authorized
Sec. 7. Subject to the limitations and procedures in this chapter, a school corporation may annex territory from any other school corporation by resolutions of the acquiring and losing school corporations under section 8 of this chapter.

IC 20-23-5-8
Annexation procedure
Sec. 8. An annexation may be effected by any school corporation as follows:
(1) The acquiring and the losing school corporations shall each adopt a substantially identical annexation resolution. The resolution must contain the following items:
(A) The name of the acquiring school corporation, which may differ from the name of the acquiring corporation at the time of the adoption of the resolution, after the effective date.
(B) A description of the annexed territory. The description:
   (i) must, to the greatest extent reasonably possible, be by streets and other boundaries known by common names;
   and
   (ii) does not have to be by legal description unless the additional description is necessary to identify the annexed territory.
A notice is not defective if there is a good faith compliance with this section and if the area designated may be ascertained with reasonable certainty by persons skilled in the area of real estate description.
(C) The time the annexation takes place.
(D) Any terms and conditions facilitating education of students in the:
   (i) annexed territory;
   (ii) losing school corporation; or
   (iii) acquiring school corporation.
The terms may provide for the continued attendance by students in the annexed territory at schools in the losing school corporation for specified periods after annexation on a transfer basis. If students will continue attendance in schools in the losing school corporation, transfer tuition for the students shall be paid by the acquiring school corporation to the losing school corporation:
   (i) using the method; and
   (ii) at the rates;
provided by the Indiana statutes governing the computation and payment of transfer tuition costs.
(E) Disposition of assets and liabilities of the losing school
corporation to the acquiring school corporation.

(F) Allocation between the acquiring and losing school corporations of subsequently collected school taxes levied on property in the annexed territory.

(G) The amount, if any, to be paid by the acquiring school corporation to the losing school corporation on account of property received from the losing school corporation.

(H) Dispositions, allocations, and amounts transferred under this subsection must be equitable.

(2) After the adoption of the resolution, notice shall be given by publication in both the acquiring school corporation and the losing school corporation setting out:

(A) the text of the resolution; and

(B) a statement that the resolution has been adopted and that a right of remonstrance exists as provided in this chapter.

(3) It is not necessary to set out the remonstrance provisions of this chapter. A general reference to a right of remonstrance with a reference to this chapter is sufficient.

(4) The annexation takes effect:

(A) within thirty (30) days after publication; or

(B) at the time provided in the resolution;

whichever is later, unless within the period during which a remonstrance may be filed a remonstrance is filed in the circuit or superior court of the county where the annexed territory or any part of the annexed territory is located, by registered voters residing in the losing school corporation at least equal in number to the greater of ten percent (10%) of the number of registered voters residing in the losing school corporation or fifty-one percent (51%) of the number of registered voters residing in the annexed territory.

IC 20-23-5-9
Notice requirements

Sec. 9. (a) The notice by publication required by section 8 of this chapter shall be made:

(1) two (2) times;

(2) a week apart; and

(3) in two (2) daily newspapers of general circulation, published in the English language and of general circulation in the acquiring school corporation and in the losing school corporation.

(b) If there is only one (1) or no daily newspaper in either school corporation, a weekly newspaper may be used.

(c) If there is only one (1) daily or weekly newspaper, publication in the newspaper is sufficient.

(d) If a newspaper is of general circulation in both the acquiring school corporation and the losing school corporation, publication in the newspaper qualifies as one (1) of the required publications in the acquiring school corporation and the losing school corporation.
(e) Publication may be made jointly by the losing school corporation and acquiring school corporation.

(f) The remonstrance period runs from the second publication.

IC 20-23-5-10
Remonstrances; form; filing; contents
Sec. 10. (a) A remonstrance under section 8 of this chapter must be in the following or a substantially similar form:

"The undersigned hereby remonstrate against the annexation of the following described territory situated in ______ County, Indiana, whereby it would be transferred from ______ (the losing corporation) to ______ (the acquiring corporation):

(Description of the annexed territory sufficient to identify it.)"

The remonstrance may be filed in any number of counterparts. Each counterpart shall have attached to it the affidavit of the person circulating it that each signature appearing on the remonstrance was affixed in the presence of the person circulating the petition and is the true and lawful signature of the person who made the signature. The person who makes the affidavit does not have to be one (1) of the persons who signs the counterpart to which the affidavit is attached. The remonstrance must be accompanied by a complaint filed by one (1) or more of the remonstrators (who shall be treated as a representative of the entire class of remonstrators) and signed by the remonstrator or the remonstrator's attorney, stating the reasons for the remonstrance. The reasons for the remonstrance are limited to the following:

(1) There is a procedural defect in the manner in which the annexation is carried out that is jurisdictional.

(2) The annexed territory does not form a compact area abutting the acquiring corporation.

(3) The benefits to be derived from the annexation are outweighed by the detriments, taking into consideration the respective benefits and detriments to the schools and of the students residing in the acquiring school corporation, the losing school corporation, and the annexed territory.

(4) The:

(A) disposition of assets and liabilities of the losing school corporation;

(B) allocation of school tax receipts between the acquiring school corporation and the losing school corporation; and

(C) amount to be paid by the acquiring school corporation as set out in the annexation resolution;

are inequitable. Except with respect to subdivision (1), the allegations may be made in the statutory language.

(b) The plaintiff in a remonstrance under section 8 of this chapter must be the person whose name appears on the complaint. The defendants in a remonstrance under section 8 of this chapter shall be both the acquiring school corporation and the losing school corporation. Service of process shall be made on the defendants as in
other civil actions.

(c) To determine if a petition was timely filed, the time of filing is the time of filing with the clerk without regard to the time of issuance of the summons. If the thirtieth day falls on Sunday, a holiday, or any other day when the clerk's office is not open, the time shall be extended to the next day when the office is open.

(d) The issues in a remonstrance under section 8 of this chapter are made up by the complaint. The allegations in the complaint shall be treated as denied by each defendant. A responsive pleading may not be filed except that any defendant may, if appropriate, file a motion to dismiss the remonstrance on the ground that:

1. the requisite number of qualified remonstrators have not signed the petition;
2. the remonstrance was not timely filed; or
3. the complaint does not state a cause of action.

A responsive pleading to this motion may not be filed. With respect to a motion under subdivisions (1) and (2), the allegations of the pleading shall be treated as denied by the remonstrators. To determine whether there are the requisite number of qualified remonstrators, a person may not withdraw the person's name after a remonstrance has been filed or add the person's name to the remonstrance. Any person may, however, at the trial of the cause and in support or derogation of the substantive matters in the complaint, introduce into evidence a verified statement that the person wishes the person's name added to or withdrawn from the remonstrance. The court may either hear all or a part of the matters raised by the motion to dismiss separately or may consolidate for trial all or a part of the matters with the matters relating to the substance of the case. A complaint may not be dismissed for failure to state a cause of action if a fair reading of the complaint supports one (1) of the grounds for remonstrance provided in subsection (a). The court may permit an amendment of the complaint if the amendment does not state a new ground of remonstrance.

(e) The trial of a remonstrance shall be conducted as other civil cases by the court without the intervention of a jury on the issues raised by the complaint or a motion to dismiss, or both. A change of venue from a judge may be permitted. A change of venue from the county may not be permitted. The court shall expedite the hearing of the case. The court's judgment, except with respect to any matter raised under subsection (a)(4), shall be either that:

1. the annexation shall take place;
2. the annexation shall not take place; or
3. the remonstrance shall be dismissed.

If the court finds that the remonstrators have proved any of the reasons for the remonstrance described in subsection (a)(1) through (a)(4), the court's judgment shall be that the annexation may not take place. Unless the remonstrators have proved at least one (1) of the reasons for a remonstrance described in subsection (a)(1) through (a)(4), the court's judgment shall be that the annexation shall take place. With respect to any matter raised under subsection (a)(4), the
court's judgment may be either that the disposition, allocation, and amount set out in the annexing resolution is equitable or that it is inequitable. In the latter event, the court in the court's judgment shall provide for an equitable disposition, allocation, and amount. Costs shall follow judgment. Appeals may be taken from any judgment of the court in the same manner as appeals are taken in other civil cases. 

**IC 20-23-5-11**  
**Adoption of plans for governing bodies of school corporations**  
Sec. 11. (a) Within sixty (60) days after the annexation takes place, the governing body of the acquiring school corporation and losing school corporation shall adopt a plan determining the manner in which the governing body shall be constituted. The plan shall be adopted in accordance with the requirements and procedures of IC 20-23-8, except as set out in subsection (b).  
(b) The adoption of a plan by the governing body in accordance with IC 20-23-8-10 and its submission to the state board under IC 20-23-8-15 are the only procedures required when an existing plan is changed as follows:  
(1) All governing body members are elected at large, and there are no governing body member residency districts.  
(2) Governing body members are elected from governing body member residency districts, and the annexed territory is added to or deleted from one (1) or more districts.  
(3) A governing body member is appointed from a given area or district, and the annexed territory is added to or deleted from one (1) or more districts or areas.  
(4) A governing body member is elected solely by the voters in a school governing body member district, but the addition or deletion of the annexed territory to or from an existing district does not constitute a denial of equal protection of the laws.  
If a school corporation elects or appoints members of its governing body both from a school governing body member district encompassing the entire school corporation and from smaller districts, the governing body of the acquiring school corporation shall add the annexed territory both to the district consisting of the entire school corporation and to one (1) or more smaller districts. In a comparable situation, the losing school corporation shall delete the annexed territory both from the district consisting of the entire school corporation and from any smaller district or districts. The change in the plan becomes effective upon its approval by the state board. The application of this subsection does not limit the initiation of, or further changes in, any plan under IC 20-23-8.  

**IC 20-23-5-12**  
**Disposition of assets and liabilities of losing school corporation; allocation of school tax receipts and amount to be paid by acquiring school corporation; standards**
Sec. 12. (a) With respect to whether the disposition of the assets and liabilities of the losing school corporation, allocation of school tax receipts, and the amount to be paid by the acquiring school corporation is equitable, the court, subject to subsection (b), shall be satisfied that the annexing resolution conforms substantially to the following standards:

(1) The acquiring school corporation shall assume a part of all installments of principal and interest on any indebtedness of the losing school corporation (other than current obligations or temporary borrowing) that fall due after the end of the last calendar year in which the losing school corporation is entitled to receive current tax receipts from property tax levies on the property of the annexed territory. The part consists of the following:

(A) All installments relating to any indebtedness incurred in connection with the acquisition or construction of any building located in the annexed territory.
(B) A proportion of all installments relating to any other indebtedness that is the same proportion as the valuation of the real property in the annexed territory bears to the valuation of all the real property in the losing school corporation, as the indebtedness is assessed for general taxation immediately before annexation.

(2) The acquiring school corporation shall make the payments and assume the obligations provided for a school corporation acquiring territory or a building or buildings under IC 20-47-5.

(b) Standards under subsection (a) may not be applicable to the extent the losing school corporation and acquiring school corporation otherwise agree in a situation where all or a majority of the students in the annexed territory have been transferred from the losing school corporation to the acquiring school corporation for the five (5) school years immediately preceding the transfer. The agreement between school corporations may not prejudice the rights of bondholders or lessors whose rights against the losing school corporation and acquiring school corporation shall, upon enforcement, be allocated between the losing school corporation and acquiring school corporation in accordance with subsection (a)(1) and (a)(2).

IC 20-23-5-13
Effective date of annexation in case of remonstrance; limitations on new annexation proceeding following adverse judgment

Sec. 13. (a) If a remonstrance is filed on grounds other than the grounds in section 10(a)(4) of this chapter, annexation does not become effective until final judgment in the remonstrance suit. Judgment may not be considered to be final until:

(1) the time for taking an appeal has expired; or
(2) final judgment in the appeal is entered.

A judgment of the trial court dismissing a remonstrance is a final
judgment. If judgment is against the annexation, a further annexation of the annexed territory may not take place for two (2) years after the date the remonstrance was filed. A final judgment may not prevent either the acquiring school corporation or acquiring school corporation and losing school corporation from rescinding the annexation resolution. If the suit is dismissed without prejudice, the two (2) year prohibition does not apply unless a subsequent annexation resolution is adopted primarily for the purpose of harassment and not for some other purpose, including the correction of procedural irregularities or a substantial change in the annexed territory or the annexation resolution.

(b) If the remonstrance relates solely to any matter raised under section 10(a)(4) of this chapter, the annexation takes effect at the time provided under section 8 of this chapter.

IC 20-23-5-14
Repeal of conflicting laws; supplemental effect of chapter

Sec. 14. (a) Laws or parts of laws in conflict with this chapter are repealed. This chapter may not be construed to repeal any part of IC 20-23-4 or any statute concerning the consolidation of two (2) or more school corporations, to which this chapter is supplementary, except to the extent that IC 20-23-4 conflicts with this section.

(b) An annexation that is undertaken under or that results by operation of any section of this chapter may require, for its effectiveness, any approval of any county committee or state commission or committee created under, or referred to in, IC 20-23-4. 

IC 20-23-6
Chapter 6. Consolidation of School Corporations

IC 20-23-6-1
"Trustees"
Sec. 1. As used in this chapter, "trustees" means the:
(1) township trustee and township board; or
(2) governing body;
of each school corporation joining in the resolution provided for in
this chapter.

IC 20-23-6-2
Authorization to consolidate
Sec. 2. The governing body of two (2) or more school
corporations, whether:
(1) towns;
(2) cities;
(3) townships;
(4) joint schools; or
(5) consolidated schools;
situated in the same or adjoining counties may consolidate their
respective school corporations in the manner and upon the conditions
prescribed in this chapter.

IC 20-23-6-3
Joint resolutions; contents; notice requirements; petition for
election
Sec. 3. (a) If the governing bodies of at least two (2) school
corporations desire to consolidate school corporations, the governing
bodies may meet together and adopt a joint resolution declaring
intention to consolidate school corporations. The resolution must set
out the following information concerning the proposed consolidation:
(1) The name of the proposed new school corporation.
(2) The number of members on the governing body and the
manner in which they shall be elected or appointed.
(A) If members are to be elected, the resolution must provide
for:
(i) the manner of the nomination of members;
(ii) who shall constitute the board of election
commissioners;
(iii) who shall appoint inspectors, judges, clerks, and
sheriffs; and
(iv) any other provisions desirable in facilitating the
election.
(B) Where applicable and not in conflict with the resolution,
the election is governed by the general election laws of
Indiana, including the registration laws.
(3) Limitations on residences, term of office, and other
qualifications required of the members of the governing body.
A resolution may not provide for an appointive or elective term
of more than four (4) years. A member may succeed himself or
herself in office.

(4) Names of present school corporations that are to be merged
together as a consolidated school corporation.
In addition, the resolution may specify the time when the
consolidated school corporation comes into existence.

(b) The number of members on the governing body as provided in
the resolution may not be less than three (3) or more than seven (7).
However, the joint resolution may provide for a board of nine (9)
members if the proposed consolidated school corporation is formed
out of two (2) or more school corporations that:

(1) have entered into an interlocal agreement to construct and
operate a joint high school; or
(2) are operating a joint high school that has an enrollment of at
least six hundred (600) in grades 9 through 12 at the time the
joint resolution is adopted.

(c) The members of the governing body shall, after adopting a
joint resolution, give notice by publication once each week for two
(2) consecutive weeks in a newspaper of general circulation, if any,
in each of the school corporations. If a newspaper is not published in
the school corporation, publication shall be made in the nearest
newspaper published in the county in which the school corporation
is located. The governing bodies of school corporations shall meet
one (1) week following the date of the appearance of the last
publication of notice of intention to consolidate. If a protest has not
been filed, as provided in this chapter, the governing bodies shall
declare by joint resolution the consolidation of the school
corporations to be accomplished, to take effect as provided in section
8 of this chapter. However, on or before the sixth day following the
last publication of the notice of intention to consolidate, twenty
percent (20%) of the legal voters residing in any school corporation
may petition the governing body of the school corporations for an
election to determine whether or not the majority of the voters of the
school corporation is in favor of consolidation.

IC 20-23-6-4
Amendment of joint resolution of provisions regarding
superintendent

Sec. 4. (a) If the joint resolution under section 3 of this chapter
provides that the consolidated schools shall be under the direction of
the county superintendent of schools, the resolution may be amended
by following the procedure in this section to provide that the
consolidated schools are under the direction of a superintendent
selected by the governing body of the new consolidated school
corporation. The change shall be effected by a resolution adopted by
a majority of the members of the governing body at a meeting held
within the limits of the consolidated school corporation. All the
members of the governing body shall receive or waive written notice of the:

(1) date;
(2) time;
(3) place; and
(4) purpose;
of the meeting. The resolution and proof of service or waiver of the notice shall be made a part of the records of the governing body. An amendment takes effect after the adoption of a resolution at the time a superintendent is selected by the governing body and commences the superintendent's duties. The superintendent shall serve under a contract in the same manner and under the same rules governing the employment and service of other licensed personnel. The superintendent's original contract and succeeding contracts may be for a period of from one (1) to five (5) years.

(b) The joint resolution of a consolidated school corporation may not be amended under this section unless the corporation is entitled at the time the governing body adopts an amending resolution under:

(1) the rules established by the state board or its successor; or
(2) any appropriation or other statute;
to an additional unit or administrative unit of state support if the governing body employs a licensed superintendent devoting full time to administration or supervision of schools of the corporation.

(c) In all instances of reorganization under this chapter after March 11, 1965, the consolidated school corporation shall be under the direction of a superintendent selected by its governing body.

IC 20-23-6-5
Petitions protesting consolidations; notice of election

Sec. 5. (a) If a petition is filed in one (1) or more of the school corporations protesting consolidation as provided in this chapter by the legal voters of any school corporation the governing body of which proposes to consolidate, the governing body in each school corporation in which a protest petition is filed shall certify the public question to each county election board of the county in which the school corporation is located. The county election board shall call an election of the voters of the school corporation to determine if a majority of the legal voters of the corporation is in favor of consolidating the school corporations.

(b) If a protest is filed in more than one (1) school corporation, the elections shall be held on the same day. Each county election board shall give notice by publication once each week for two (2) consecutive weeks in a newspaper of general circulation in the school corporation. If a newspaper is not published in the:

(1) township;
(2) town; or
(3) city;
the notice shall be published in the nearest newspaper published in the county or counties, that on a day and at an hour to be named in
the notice, the polls will be open at the usual voting places in the various precincts in the corporation for taking the vote of the legal voters upon whether the school corporation shall be consolidated with the other school corporations joining in the resolution.

(c) The public question shall be placed on the ballot in the form provided by IC 3-10-9-4 and must state: "Shall (insert name of school corporation) be consolidated with (insert names of other school corporations)?".

(d) Notice shall be given not later than thirty (30) days after the petition is filed. The election shall be held not less than ten (10) days or more than twenty (20) days after the last publication of the notice.

(e) The governing body of each school corporation in which an election is held is bound by the majority vote of those voting. However, if the election falls within a period of not more than six (6) months before a primary or general election, the election shall be held concurrently with the primary or general election.

(f) If a majority of those voting in any one (1) school corporation votes against the plan of consolidation, the plan fails. However, the failure does not prevent any or all the school corporations from taking further initial action for the consolidation of school corporations under this chapter.

(g) Whenever twenty percent (20%) of the legal voters residing in any school corporation, jointly with twenty percent (20%) of the legal voters in each of one (1) or more other school corporations:

(1) prepare a resolution; and
(2) petition the trustees of their respective school corporations to consolidate the school corporations, as set out in the resolution;

each governing body petitioned shall call the school election provided for in this chapter in its school corporations.

(h) Notice of the election shall be published within thirty (30) days after the filing of the resolution with the governing body of the school corporation where it is last filed. However, if any of the petitioned governing bodies agrees to the consolidation as set out in the resolution, an election in that school corporation may not be required under the resolution.

(i) Notice as set out in this section shall be given, and a protest requesting an election may be filed in conformity with section 3 of this chapter.

IC 20-23-6-6

Election procedure; form of ballot

Sec. 6. (a) On the day and hour named in the notice filed under section 5 of this chapter, polls shall be opened and the votes of the registered voters shall be taken upon the public question of consolidating school corporations. The election shall be governed by IC 3, except as provided in this chapter.

(b) The county election board shall conduct the election. The public question shall be placed on the ballot in the form prescribed by
IC 3-10-9-4 and must state "Shall (here insert the names of the school corporations that the resolution proposes to consolidate) be consolidated into a consolidated school corporation?".

(c) A brief statement of the provisions in the resolution for appointment or election of a governing body may be placed on the ballot in the form prescribed by IC 3-10-9-4. A certificate of the votes cast for and against the consolidation of the school corporations shall be filed with:

(1) the governing body of the school corporations subject to the election;
(2) the state superintendent; and
(3) the county recorder of each county in which a consolidated school corporation is located;

(together with a copy of the resolution.

(d) If a majority of the votes cast at each of the elections is in favor of the consolidation of two (2) or more school corporations, the trustees of the school corporations shall proceed to consolidate the schools and provide the necessary buildings and equipment. In any school corporation where a petition was not filed and an election was not held, the failure on the part of the voters to file a petition for an election shall be considered to give the consent of the voters of the school corporation to the consolidation as set out in the resolution.

(e) If the special election is not conducted at a primary or general election, the expense of the election shall be borne by the school corporation or each of the school corporations subject to the election and shall be paid out of the school general fund.

IC 20-23-6-7
Consolidated schools under management of original trustees

Sec. 7. (a) Each school of the consolidated schools is under the control and management of the original governing body until the consolidated school corporation comes into existence at the time provided in section 8 of this chapter. When the consolidated school corporation comes into existence, the term of office of each of the original members of the governing body expires.

(b) The term of any township trustee does not expire. However, the duties and powers of the trustee as a school township trustee may be altered or changed by any resolution and the consolidation provided for in this chapter.

IC 20-23-6-8
Consolidated school boards; oath; organizational meetings; membership; compensation

Sec. 8. (a) Consolidated schools are under the control and management of the consolidated governing body created under this chapter, and a new consolidated school corporation comes into existence:

(1) at the time specified in the resolutions provided in section 3
or 4 of this chapter; or
(2) if a time is not specified, at the following times:
   (A) If a protest has not been filed and the creation is accomplished by the adoption of a joint resolution following publication of notice as provided in section 3 of this chapter, thirty (30) days after the adoption of the joint resolution.
   (B) If the creation is accomplished after an election as provided in section 6 of this chapter, thirty (30) days after the election.

(b) The members of the governing body shall:
   (1) take an oath to faithfully discharge the duties of office; and
   (2) meet at least five (5) days before the time the new consolidated school corporation comes into existence to organize.

(c) The governing body shall meet to reorganize on August 1 of each year and at any time the personnel of the board is changed. At the organization or reorganization meeting, the members of the governing body shall elect the following:
   (1) A president.
   (2) A secretary.
   (3) A treasurer.

(d) The treasurer, before starting the duties of the treasurer's office, shall execute a bond to the acceptance of the county auditor. The fee for the bond shall be paid from the school general fund of the consolidated school corporation. Any vacancy occurring in the membership in any governing body, other than vacancy in the office of an ex officio member, shall be filled in the following manner:
   (1) If the membership was originally made by appointment, the vacancy shall be filled by appointment by the legislative body of the:
       (A) city;
       (B) town;
       (C) township; or
       (D) other body;
   or other official making the original appointment.
   (2) If the membership was elected, the vacancy shall be filled by a majority vote of the remaining members of the governing body of the consolidated school corporation.

(e) The members of the governing body, other than the township executive or ex officio member, shall receive compensation for services as fixed by resolution of the governing body. The members, other than the township executive or any ex officio member, may not receive more than two hundred dollars ($200) annually. Any:
   (1) township executive; or
   (2) ex officio member of the governing body;
shall serve without additional compensation.

(f) The governing body of a consolidated school corporation may elect and appoint personnel it considers necessary.

Abandonment of old school corporations; transfer of property and obligations to new corporations; disposition of unneeded property; procedure

Sec. 9. (a) When any:
(1) school town;
(2) school city;
(3) school township;
(4) joint school; or
(5) consolidated school;
has become consolidated by resolution or election and the new governing body has been appointed and legally organized, the former school township, school town, school city, joint school, or consolidated school is considered abandoned.

(b) All school:
(1) property;

Chapter 7. Consolidation of County School Corporations and Metropolitan School Districts

IC 20-23-7-1
Purpose
Sec. 1. It is the purpose of this chapter to provide for the organization of public schools in Indiana to:

(1) promote the best interests of the students of Indiana;
(2) provide for the organization of additional forms of local school government;
(3) preserve and ensure an economical and efficient school system in accordance with the desires of the people in local communities; and
(4) improve the education of the students of Indiana as guaranteed by the laws and Constitution of the State of Indiana.

IC 20-23-7-2
Metropolitan school district; consolidation procedure
Sec. 2. (a) In any county or adjoining counties at least two (2) school corporations, including school townships, school towns, school cities, consolidated school corporations, joint schools, metropolitan school districts, township school districts, or community school corporations, regardless of whether the consolidating school corporations are of the same or of a different character, may consolidate into one (1) metropolitan school district. Subject to subsection (h), the consolidation must be initiated by following either of the following procedures:

(1) The township trustee, board of school trustees, board of education, or other governing body (the trustee, board, or other governing body is referred to elsewhere in this section as the "governing body") of each school corporation to be consolidated shall:

   (A) adopt substantially identical resolutions providing for the consolidation; and
   (B) publish a notice setting out the text of the resolution one (1) time under IC 5-3-1.

   The resolution must set forth any provision for staggering the terms of the board members of the metropolitan school district elected under this chapter. If, not more than thirty (30) days after publication of the resolution, a petition of protest, signed by at least twenty percent (20%) of the registered voters residing in the school corporation is filed with the clerk of the circuit court of each county where the voters who are eligible to sign the petition reside, a referendum election shall be held as provided in subsection (c).

   (2) Instead of the adoption of substantially identical resolutions in each of the proposed consolidating school corporations under subdivision (1), a referendum election under subsection (c) shall
be held on the occurrence of all of the following:

(A) At least twenty percent (20%) of the registered voters residing in a particular school corporation sign a petition requesting that the school corporation consolidate with another school corporation (referred to in this subsection as "the responding school corporation").

(B) The petition described in clause (A) is filed with the clerk of the circuit court of each county where the voters who are eligible to sign the petition reside.

(C) Not more than thirty (30) days after the service of the petition by the clerk of the circuit court to the governing body of the responding school corporation under subsection (b) and the certification of signatures on the petition occurs under subsection (b), the governing body of the responding school corporation adopts a resolution approving the petition and providing for the consolidation.

(D) An approving resolution has the same effect as the substantially identical resolutions adopted by the governing bodies under subdivision (1), and the governing bodies shall publish the notice provided under subdivision (1) not more than fifteen (15) days after the approving resolution is adopted. However, if a governing body that is a party to the consolidation fails to publish notice within the required fifteen (15) day time period, a referendum election still must be held as provided in subsection (c).

If the governing body of the responding school corporation does not act on the petition within the thirty (30) day period described in clause (C), the governing body's inaction constitutes a disapproval of the petition request. If the governing body of the responding school corporation adopts a resolution disapproving the petition or fails to act within the thirty (30) day period, a referendum election as described in subsection (c) may not be held and the petition requesting the consolidation is defeated.

(b) Any petition of protest under subsection (a)(1) or a petition requesting consolidation under subsection (a)(2) must show in the petition the date on which each person has signed the petition and the person's residence on that date. The petition may be executed in several counterparts, the total of which constitutes the petition. Each counterpart must contain the names of voters residing within a single county and shall be filed with the clerk of the circuit court of the county. Each counterpart must have attached to it the affidavit of the person circulating the counterpart that each signature appearing on the counterpart was affixed in that person's presence and is the true and lawful signature of each person who made the signature. Any signer may file the petition or any counterpart of the petition. Each signer on the petition may before and may not after the filing with the clerk withdraw the signer's name from the petition. A name may not be added to the petition after the petition has been filed with the clerk. After the receipt of any counterpart of the petition, each circuit
court clerk shall certify:

(1) the number of persons signing the counterpart;
(2) the number of persons who are registered voters residing within that part of the school corporation located within the clerk's county, as disclosed by the voter registration records in the office of the clerk or the board of registration of the county, or wherever registration records may be kept;
(3) the total number of registered voters residing within the boundaries of that part of the school corporation located within the county, as disclosed in the voter registration records; and
(4) the date of the filing of the petition.

Certification shall be made by each clerk of the circuit court not more than thirty (30) days after the filing of the petition, excluding from the calculation of the period any time during which the registration records are unavailable to the clerk, or within any additional time as is reasonably necessary to permit the clerk to make the certification. In certifying the number of registered voters, the clerk of the circuit court shall disregard any signature on the petition not made within the ninety (90) days immediately before the filing of the petition with the clerk as shown by the dates set out in the petition. The clerk of the circuit court shall establish a record of the certification in the clerk's office and shall serve the original petition and a copy of the certification on the county election board under IC 3-10-9-3 and the governing bodies of each affected school corporation. Service shall be made by mail or manual delivery to the governing bodies, to any officer of the governing bodies, or to the administrative office of the governing bodies, if any, and shall be made for all purposes of this section on the day of the mailing or the date of the manual delivery.

(c) The county election board in each county where the proposed metropolitan school district is located, acting jointly where the proposed metropolitan school district is created and where it is located in more than one (1) county, shall cause any referendum election required under either subsection (a)(1) or (a)(2) to be held in the entire proposed metropolitan district at a special election. The special election shall be not less than sixty (60) days and not more than ninety (90) days after the service of the petition of protest and certification by each clerk of the circuit court under subsection (a)(1) or (a)(2) or after the occurrence of the first action requiring a referendum under subsection (a)(2). However, if a primary or general election at which county officials are to be nominated or elected, or at which city or town officials are to be elected in those areas of the proposed metropolitan school district that are within the city or town, is to be held after the sixty (60) days and not more than six (6) months after the service or the occurrence of the first action, each election board may hold the referendum election with the primary or general election.

(d) Notice of the special election shall be given by each election board by publication under IC 5-3-1.

(e) Except where it conflicts with this section or cannot be practicably applied, IC 3 applies to the conduct of the referendum
election. If the referendum election is not conducted at a primary or general election, the cost of conducting the election shall be charged to each component school corporation included in the proposed metropolitan school district in the same proportion as its assessed valuation bears to the total assessed valuation of the proposed metropolitan school district and shall be paid from any current operating fund of each component school corporation not otherwise appropriated, without appropriation.

(f) The question in the referendum election shall be placed on the ballot in the form prescribed by IC 3-10-9-4 and must state "Shall the school corporations of ______ be formed into one (1) metropolitan school district under IC 20-23-7?" (in which blanks the respective name of the school districts concerned will be inserted).

(g) If:
   (1) a protest petition with the required signatures is not filed after the adoption of substantially identical resolutions of the governing bodies providing for or approving the consolidation as described in subsection (a)(1); or
   (2) a referendum election occurs in the entire proposed metropolitan district and a majority of the voters in each proposed consolidating school corporation vote in the affirmative;

a metropolitan school district is created and comes into existence in the territory subject to the provisions and under the conditions described in this chapter. The boundaries include all of the territory within the school corporations, and it shall be known as "Metropolitan School District of ______, Indiana" (the name of the district concerned will be inserted in the blank). The name of the district shall be decided by a majority vote of the metropolitan governing board of the metropolitan school district at the first meeting. The metropolitan governing board of the new metropolitan school district shall be composed and elected under this chapter. The failure of any public official or body to perform any duty within the time provided in this chapter does not invalidate any proceedings taken by that official or body, but this provision shall not be construed to authorize a delay in the holding of a referendum election under this chapter.

(h) If the governing body of a school corporation is involved in a consolidation proposal under subsection (a)(1) or (a)(2) that fails to result in a consolidation, the:
   (1) governing body of the school corporation may not initiate a subsequent consolidation with another school corporation under subsection (a)(1); and
   (2) residents of the school corporation may not file a petition requesting a consolidation with another school corporation under subsection (a)(2);

for one (1) year after the date on which the prior consolidation proposal failed.

(6) specify that the number of governing body members to be resident in each district need not be an equal number; and
(7) eliminate all requirements that there be governing body member districts.

(c) If the resolution or petition:

The provisions of the plan are severable.

(d) A plan amendment or recertification under this section must be filed not later than thirty (30) days after the amendment or recertification occurs.

However, as required by IC 3-11-2, candidates for at-large seats must be distinguished on the ballot from candidates for district seats. If there is more than one (1) at-large seat on the ballot due to this vacancy, the elected candidate who receives the fewest votes at the election at which the successor is elected shall serve for a two (2) year term.

Metropolitan school districts in school townships; methods of creation; membership of first metropolitan board of education; duties

Sec. 12. (a) As used in this section, "county" means the county in which the school township is located.
(b) As used in this section, "school township" means a school township in Indiana that:
(1) for the last full school semester immediately preceding:
   (A) the adoption of a preliminary resolution by the township trustee and the township board under subsection (f); or
   (B) the adoption of a resolution of disapproval by the township trustee and the township board under subsection (g);
   had a current ADM of at least six hundred (600) students in kindergarten through grade 12 in the public schools of the school township; or
(2) is part of a township in which there were more votes cast for township trustee outside the school township than inside the school township in the general election at which the trustee was elected and that preceded the adoption of the preliminary or disapproving resolution.
(c) As used in this section, "township board" means the township board of a township in which the school township is located.
(d) As used in this section, "township trustee" means the township trustee of the township in which the school township is located.
(e) In a school township, a metropolitan school district may be created by complying with this section. A metropolitan school district created under this section shall have the same boundaries as the school township. After a district has been created under this section, the school township that preceded the metropolitan school district is abolished. The procedures or provisions governing the creation of a metropolitan school district under another section of this chapter do not apply to the creation of a district under this section. After a metropolitan school district is created under this section, the district shall, except as otherwise provided in this section, be governed by and operate in accordance with this chapter governing the operation of a metropolitan school district as established under section 2 of this chapter.
(f) Except as provided in subsection (g), a metropolitan school district provided for in subsection (e) may be created in the following manner:
(1) The township trustee shall call a meeting of the township board. At the meeting, the township trustee and a majority of the township board shall adopt a resolution that a metropolitan school district shall be created in the school township. The township trustee shall then give notice:

(A) by two (2) publications one (1) week apart in a newspaper of general circulation published in the school township; or

(B) if there is no newspaper as described in clause (A), in a newspaper of general circulation in the county;

of the adoption of the resolution setting forth the text of the resolution.

(2) On the thirtieth day after the date of the last publication of the notice under subdivision (1) and if a protest has not been filed, the township trustee and a majority of the township board shall confirm their preliminary resolution. If, however, on or before the twenty-ninth day after the date of the last publication of the notice, a number of registered voters of the school township, equal to five percent (5%) or more of the number of votes cast in the school township for secretary of state at the last preceding general election for that office, sign and file with the township trustee a petition requesting an election in the school township to determine whether or not a metropolitan school district must be created in the township in accordance with the preliminary resolution, then an election must be held as provided in subsection (h). The preliminary resolution and confirming resolution provided in this subsection shall both be adopted at a meeting of the township trustee and township board in which the township trustee and each member of the township board received or waived a written notice of the date, time, place, and purpose of the meeting. The resolution and the proof of service or waiver of the notice shall be made a part of the records of the township board.

(g) Except as provided in subsection (f), a metropolitan school district may also be created in the following manner:

(1) A number of registered voters of the school township, equal to five percent (5%) or more of the votes cast in the school township for secretary of state at the last general election for that office, shall sign and file with the township trustee a petition requesting the creation of a metropolitan school district under this section.

(2) The township trustee and a majority of the township board shall, not more than ten (10) days after the filing of a petition:

(A) adopt a preliminary resolution that a metropolitan school district shall be created in the school township and proceed as provided in subsection (f); or

(B) adopt a resolution disapproving the creation of the district.

(3) If either the township trustee or a majority of township board members vote in favor of disapproving the resolution, an
election must be held to determine whether or not a metropolitan school district shall be created in the school township in the same manner as is provided in subsection (f) if an election is requested by petition.

(h) An election required under subsection (f) or (g) may, at the option of the township trustee, be held either as a special election or in conjunction with a primary or general election to be held not more than one hundred twenty (120) days after the filing of a petition under subsection (f) or the adoption of the disapproving resolution under subsection (g). The township trustee shall certify the question to the county election board under IC 3-10-9-3 and give notice of an election:

(1) by two (2) publications one (1) week apart in a newspaper of general circulation in the school township; or
(2) if a newspaper described in subdivision (1) does not exist, in a newspaper of general circulation published in the county.

The notice must provide that on a day and time named in the notice, the polls shall be opened at the usual voting places in the various precincts in the school township for the purpose of taking the vote of the registered voters of the school township regarding whether a metropolitan school district shall be created in the township. The election shall be held not less than twenty (20) days and not more than thirty (30) days after the last publication of the notice unless a primary or general election will be conducted not more than six (6) months after the publication. In that case, the county election board shall place the public question on the ballot at the primary or general election. If the election is to be a special election, the township trustee shall give notice not more than thirty (30) days after the filing of the petition or the adoption of the disapproving resolution.

(i) On the day and time named in the notice, the polls shall be opened and the votes of the voters shall be taken regarding whether a metropolitan school district shall be created in the township. IC 3 governs the election except as otherwise provided in this chapter. The county election board shall conduct the election. The public question shall be placed on the ballot in the form prescribed by IC 3-10-9-4 and must state, "Shall a metropolitan school district under IC 20-23-7 be formed in the _______ School Township of _________ County, Indiana?". The name of the school township shall be inserted in the blanks.

(j) The votes cast in the election shall be canvassed at a place in the school township determined by the county election board. The certificate of the votes cast for and against the creation of a metropolitan school district shall be filed in the records of the township board and recorded with the county recorder. If the special election is not conducted at a primary or general election, the school township shall pay the expense of holding the election out of the school general fund that is appropriated for this purpose.

(k) A metropolitan school district shall, subject to section 7 of this chapter, be created on the thirtieth day after the date of the adoption of the confirming resolution under subsection (f) or an election held
under subsection (h). If a public official fails to do the official's duty within the time prescribed in this section, the failure does not invalidate the proceedings taken under this section. An action to contest the validity of the creation of a metropolitan school district under this section or to enjoin the operation of a metropolitan school district may not be instituted later than the thirtieth day following the date of the adoption of the confirming resolution under subsection (f) or of the election held under subsection (h). Except as provided in this section, an election under this subsection may not be held sooner than twelve (12) months after another election held under subsection (h).

(l) A metropolitan school district is known as "The Metropolitan School District of ____________ Township, ____________ County, Indiana". The first metropolitan board of education in a metropolitan school district created under this section consists of five (5) members. The township trustee and the township board members are ex officio members of the first board, subject to the laws concerning length of their respective terms of office, manner of election or appointment, and the filling of vacancies applicable to their respective offices. The ex officio members serve without compensation or reimbursement for expenses, other than that which they may receive from their respective offices. The township board shall, by a resolution recorded in its records, appoint the fifth member of the metropolitan board of education. The fifth member shall meet the qualifications of a member of a metropolitan board of education under this chapter, with the exception of the board member district requirements provided in sections 4, 5, and 8.1 of this chapter.

(m) A fifth board member shall be appointed not more than fifteen (15) days after the date of the adoption of the confirming resolution under subsection (f)(2) or an election held under subsection (h). The first board shall hold its first meeting not more than fifteen (15) days after the date when the fifth board member is appointed or elected, on a date established by the township board in the resolution in which it appoints the fifth board member. The first board shall serve until January 1 following the election of a metropolitan school board at the first general election held more than sixty (60) days following the creation of the metropolitan school district.

(n) After the creation of a metropolitan school district under this section, the president of the metropolitan school board of the district shall serve as a member of the county board of education and perform the duties on the county board of education that were previously performed by the township trustee. The metropolitan school board and superintendent of the district may call upon the assistance of and use the services provided by the county superintendent of schools. This subsection does not limit or take away the powers, rights, privileges, or duties of the metropolitan school district or the board or superintendent of the district provided in this chapter.

The school city may also use the real estate, building, or personal property acquired under subsection (a) for other school purposes, but not for any purpose that will materially interfere with the conduct of the trade or industrial schools.

(c) The transfer tuition charge for each student who:

(1) is transferred to the school city from another school corporation in Indiana; and
(2) receives trade or industrial instruction in a trade or industrial school located on property acquired under subsection (a);
must be the actual per capita cost of operating the school the student attends. However, the costs of permanent improvements or additions, the salaries of the superintendents, or the costs of apparatus or repairing broken or damaged apparatus may not be used in computing the actual per capita cost.

(d) If the school city admits a student to a trade school acquired by means described in this section and the student is not, by law, entitled to school privileges, the tuition charge for the student may not be greater than the per capita cost of operating the school the student attends. The cost of permanent improvements and additions may not be included in computing the cost under this subsection.

(e) A school city may admit to the school city's career and technical, trade, or industrial schools nonresidents of Indiana. A nonresident student must pay reasonable laboratory and shop fees and a tuition fee of not more than the per student cost to the school city conducting the career and technical, trade, or industrial schools. A return on capital invested in buildings, grounds, or equipment may not be included in computing the per student cost under this subsection.

Annexation authorized
Sec. 10. Subject to the limitations and procedure set out in this chapter, any:
(1) school corporation may annex territory from any other school corporation by resolutions of the acquiring and losing school corporations as provided in section 11 of this chapter; and
(2) school city may annex territory from any other school corporation by a single resolution of the school city as provided in section 12 of this chapter.

IC 20-25-5-11
Annexation by school corporations; procedure
Sec. 11. (a) An annexation may be effected if an acquiring school corporation and a losing school corporation each adopts a substantially identical annexation resolution that contains the following items:
(1) A description of the annexed territory. The description must, as near as reasonably possible, be by streets and other boundaries known by common names. The description does not need to include a legal description unless a legal description is necessary to identify the annexed territory. A notice is not defective if there is a good faith compliance with this section
and if the area designated may be ascertained with reasonable certainty by a person skilled in the area of real estate description.

(2) The time the annexation takes place. The time the annexation takes place may vary with respect to the different parts of the annexed territory. If the entire annexed territory is contiguous to the acquiring school corporation, the annexed territory may be annexed so that some parts may not be contiguous to the annexed territory for temporary periods.

(3) The terms and conditions facilitating education of students in the annexed territory, losing school corporation, or acquiring school corporation. The terms may include, but are not limited to, the continued attendance by students in the annexed territory at schools in the losing school corporation for specified periods after annexation on a transfer basis. If a student in an annexed territory attends a school in a losing school corporation under this subdivision, transfer tuition for the student must be paid by the acquiring school corporation to the losing school corporation in the manner and at the rates provided by the statutes governing the computation and payment of transfer tuition costs.

(4) The:
   (A) disposition of assets and liabilities of the losing school corporation to the acquiring school corporation;
   (B) allocation between the acquiring school corporation and losing school corporation of subsequently collected school taxes levied on property in the annexed territory; and
   (C) amount, if any, to be paid by the acquiring school corporation to the losing school corporation on account of property received from the losing school corporation.

   The disposition, allocation, and amount must be equitable.

(b) After the adoption of the resolutions under subsection (a), notice shall be given by publication in both the acquiring school corporation and the losing school corporation. The notice must include the text of the resolution, a statement that the resolution has been adopted, and a statement that a right of remonstrance exists as provided in this chapter. It is not necessary to set out the remonstrance provisions of this chapter in the notice. A general reference to a right of remonstrance with a reference to this chapter is sufficient to satisfy the requirements of this subsection. The annexation must take effect not later than thirty (30) days after the publication of the notice or at the time provided in the resolution, whichever is later. However, the annexation is not required to take effect within the period required by this subsection if a remonstrance, based on a ground other than that set out in section 14(a)(5) of this chapter, is filed in the circuit or superior court of the county in which the annexed territory or any part of the annexed territory is located. The remonstrance must be filed by registered voters residing in the losing school corporation at least equal in number to the greater of:

   (1) ten percent (10%) of the number of registered voters residing
in the losing school corporation; or
(2) fifty-one percent (51%) of the number of registered voters
residing in the annexed territory.

IC 20-25-5-12
Annexation by school city; procedure

Sec. 12. (a) Notwithstanding section 11 of this chapter, a school
city may effect an annexation as follows:

(1) The acquiring school corporation must adopt an annexation
resolution of the type provided in section 11 of this chapter. Unless the losing corporation consents, the resolution may not
provide a time for annexation before July 1 following the May
1 next succeeding the last publication of the notice of
annexation.

(2) The acquiring school corporation, after adopting a resolution
under subdivision (1), shall give notice of the type provided in
section 11 of this chapter by publication in the acquiring school
corporation and in the losing school corporation. The acquiring
school corporation shall also give notice to the losing school
corporation before the last publication of notice of the type
provided in section 11 of this chapter. The annexation must take
effect thirty (30) days after the last publication in the losing
school corporation or at the time provided in the resolution,
whichever is later. However, the annexation is not required to
take effect within the period required by this subdivision if a
remonstrance, based on a ground other than that set out in
section 14(a)(5) of this chapter, is filed in the circuit or superior
court of the county in which the annexed territory or a part of
the annexed territory is located. The remonstrance must be filed
by:

(A) the losing school corporation;
(B) not less than a majority of the owners of land in the
annexed territory; or
(C) the owners of seventy-five percent (75%) or more in
assessed valuation of the real estate in the annexed territory.

(b) For purposes of determining ownership under subsection
(a)(2)(B) and (a)(2)(C), the following rules apply:

(1) Only the record title holder or holders of a single piece of
property are considered an owner.
(2) If record title of a single piece of property is in more than
one (1) individual, all the individuals constitute only one (1)
owner, and the remonstrance of any one (1) of the individuals
constitutes the remonstrance of all the individuals, whether or
not the other individuals authorized the filing of the
remonstrance.

IC 20-25-5-13
Notice of annexation; publication; notice to losing school
Sec. 13. (a) The notice by publication required by sections 11 and 12 of this chapter shall be made two (2) times a week apart in two (2) daily newspapers of general circulation in the acquiring school corporation and the losing school corporation. The two (2) daily newspapers must be published in the English language. If there is only one (1) daily newspaper or if there are not any daily newspapers in either school corporation, a weekly newspaper may be used to provide notice. If there is only one (1) daily or weekly newspaper, publication in that newspaper is sufficient. If a newspaper is of general circulation in both school corporations, the publication of notice in the newspaper qualifies as one (1) of the required publications in each of the school corporations. Publication may be made jointly by the losing school corporation and the acquiring school corporation. The remonstrance period runs from the second publication.

(b) If notice is required to be given by an acquiring school corporation to a losing school corporation, it may be made by registered or certified United States mail, return receipt requested, addressed to the:

1. governing body of the losing school corporation at the governing body’s established business office;
2. township trustee in the case of a school township; or
3. superintendent of schools or any officer of the governing body of any other school corporation.

IC 20-25-5-14
Remonstrance; procedure; grounds

Sec. 14. (a) A remonstrance under section 11 or 12 of this chapter must be in substantially the following form:

The undersigned hereby remonstrate against the annexation of the following described territory situated in ________ County, Indiana, whereby it would be transferred from ___________ (the losing corporation) to ____________ (the acquiring corporation):

(Description of the annexed territory sufficient to identify it.)

The remonstrance may be filed in any number of counterparts. Each counterpart must have attached to it the affidavit of the individual circulating the counterpart that affirms that each signature appearing on the counterpart was affixed in the presence of the individual circulating the counterpart and that each signature is the true and lawful signature of the individual who made it. The individual who makes the affidavit is not required to be one (1) of the individuals who signs the counterpart to which the affidavit is attached. The remonstrance must be accompanied by a complaint filed by one (1) or more of the remonstrators. The individual or individuals who file the complaint must be treated as a representative of the entire class of remonstrators and must sign the complaint individually or have their respective attorneys sign it. The complaint must state the reasons for the remonstrance. The reasons for the remonstrance are limited to the
(1) There is a procedural defect in the manner in which the annexation is carried out that is jurisdictional.
(2) The annexed territory does not form a compact area abutting the acquiring school corporation.
(3) The losing school corporation is left with no high school facilities, or its enrollment after annexation will be less than one thousand (1,000) students. This subdivision does not provide a basis for a remonstrance if the annexation includes all of the territory of the losing school corporation.
(4) The benefits to be derived from the annexation are outweighed by the detriments after consideration of the respective benefits and detriments to the schools, the students residing in the acquiring school corporation, the students residing in the losing school corporation, and the students residing in the annexed territory.
(5) The disposition of assets and liabilities of the losing corporation, the allocation of school tax receipts between the two (2) school corporations, and the amount to be paid by the acquiring school corporation as set out in the annexation resolution are inequitable.

Except for subdivision (1), each allegation enumerated under this subsection may be made in the statutory language.

(b) The plaintiff in a remonstrance suit is the individual whose name appears on the complaint and may be the losing school corporation in a remonstrance under section 12 of this chapter. The defendants in a remonstrance under section 11 of this chapter are the acquiring school corporation and the losing school corporation. The defendant in a remonstrance under section 12 of this chapter is the acquiring school corporation. Service of process shall be made on each defendant in the manner required in other civil actions.

(c) To determine if a petition is timely filed, the time of filing is the time of filing with the clerk of the circuit court without regard to the time of issuance of the summons. If the thirtieth day falls on Sunday, a holiday, or any other day when the clerk's office is not open, the time for filing must be extended to the next day when the clerk's office is open.

(d) The issues in a remonstrance suit are made up by the allegations in the complaint that are denied by each defendant. A responsive pleading does not need to be filed. A defendant may file a motion to dismiss the suit on the ground that the:
   (1) requisite number of qualified remonstrators have not signed the petition;
   (2) remonstrance was not timely filed; or
   (3) complaint does not state a cause of action.
A responsive pleading to a motion to dismiss does not need to be filed. With respect to a motion under subdivisions (1) and (2), the allegations are considered denied by the remonstrators. In order to determine whether there are the requisite number of qualified remonstrators, an individual is not entitled to withdraw the
individual's name after a remonstrance is filed, and an individual is not entitled to add the individual's name to the remonstrance after the remonstrance is filed. An individual may, however, at a remonstrance trial, in support or derogation of the substantive matters in the complaint, introduce into evidence a verified statement that the individual wishes to add or withdraw the individual's name from the remonstrance. The court may hear all or part of the matters raised by the motion to dismiss separately, or the court may consolidate all or part of the matters in the motion to dismiss with matters relating to the substance of the case for trial. A complaint may not be dismissed for failure to state a cause of action if a fair reading of the complaint makes out one (1) of the grounds for remonstrance and suit provided in subsection (a). An amendment of the complaint may be permitted in the discretion of the court if the amendment does not state a new ground of remonstrance.

(e) A remonstrance trial must be conducted in the same manner as other civil cases by the court without the intervention of a jury on the issues raised by a complaint or a motion to dismiss, or both. A change of venue from a judge is permitted, but a change of venue from the county is not permitted. The court shall expedite the hearing of the case. A court's judgment, except with respect to a matter raised under subsection (a)(5), must be that the:
(1) annexation will take place;
(2) annexation will not take place; or
(3) remonstrance is dismissed.

(f) If the court finds that the remonstrators have proved a reason for the remonstrance described in subsection (a)(1) through (a)(4), the court's judgment shall be that the annexation will not take place. If the remonstrators fail to prove a reason for the remonstrance described in subsection (a)(1) through (a)(4), the court's judgment shall be that the annexation will take place. If the remonstrators raise an issue under subsection (a)(5) in support of a remonstrance, the court's judgment may be either that the disposition, allocation, and amount set out in the annexing resolution are equitable or inequitable. If the court finds that the disposition, allocation, and amount set out in the annexing resolution are inequitable, the court shall provide for an equitable disposition, allocation, and amount. Costs will follow judgment. Appeals may be taken from any judgment of the court in the same manner as appeals are taken in other civil cases.

IC 20-25-5-15
Equitable disposition of assets and liabilities, allocation of taxes, and payment by acquiring school corporation

Sec. 15. With respect to whether the disposition of the assets and liabilities of the losing school corporation is equitable, the allocation of school tax receipts is equitable, and the amount to be paid by the acquiring school corporation is equitable, a court must be satisfied that the annexing resolution conforms substantially to the following standards:
(1) Except for current obligations or temporary borrowing, the acquiring school corporation shall assume a part of all installments of principal and interest on the indebtedness of the losing school corporation that is due after the end of the last calendar year in which the losing school corporation is entitled to receive current tax receipts from property tax levies on the property in the annexed territory. The part assumed by the acquiring school corporation consists of the following:

(A) All installments relating to any indebtedness incurred in connection with the acquisition or construction of a building located in the annexed territory.

(B) A proportion of all installments relating to any other indebtedness that is in the same proportion as the valuation of the real property in the annexed territory bears to the valuation of all the real property in the losing school corporation. Valuation under this clause is based upon the assessment for general taxation immediately before annexation.

(2) The acquiring school corporation shall make the payments and assume the obligations provided for a school corporation acquiring:

(A) territory;
(B) a building or buildings; or
(C) both territory and a building or buildings;

under IC 20-47-5.

(3) If the annexed territory includes an entire losing school corporation, the acquiring school corporation shall:

(A) acquire all the property and assets of the losing school corporation without making any payments for the losing school corporation; and

(B) assume all of the liabilities and obligations of the losing school corporation.

IC 20-25-5-16

Effective date of annexation

Sec. 16. (a) If a remonstrance is filed on any ground other than a ground set forth in section 14(a)(5) of this chapter, annexation does not become effective until final judgment in the remonstrance suit. A judgment is not considered final until the time for taking an appeal has expired or, if an appeal is taken within the permitted time, until a final judgment is issued in the appeal.

(b) A judgment of a trial court dismissing a remonstrance is a final judgment, subject to subsection (a).

(c) If a judgment is against annexation, no further annexation of the annexed territory may occur for two (2) years after the date of the filing of the remonstrance. However, a judgment against annexation does not prevent either the:

(1) acquiring school corporation; or
(2) acquiring school corporation and the losing school corporation;

from rescinding the annexation resolution. If an annexation resolution is rescinded under this subsection, the suit must be dismissed without prejudice. If an annexation suit is dismissed without prejudice under this subsection, the two (2) year prohibition does not apply unless a subsequent annexation resolution is adopted primarily for the purpose of harassment and not for another purpose, such as the correction of procedural irregularities or a substantial change in the annexed territory or the annexation resolution.

(d) If a remonstrance relates solely to a matter raised under section 14(a)(5) of this chapter, the annexation takes effect at the time provided under section 11 or 12 of this chapter.

IC 20-25-5-17
Boundaries of school city or school town; application of chapter

Sec. 17. Notwithstanding any other statute that provides that the boundaries of a school city or school town are coterminous or coextensive with the boundaries of a civil city or civil town, the boundaries of a school city may be changed after March 8, 1961, solely by annexation under this chapter if this chapter was in effect at the time the annexation became effective or finally effective.

IC 20-25-5-18
Conflicting laws void; continued effect of consolidation laws; approval not required for annexation

Sec. 18. (a) Except as provided in subsection (b), a law or a part of a law in conflict with this chapter is void.

(b) This chapter may not be construed to invalidate IC 20-23-4, IC 20-23-16, or any other statute concerning the consolidation of two (2) or more school corporations to which this chapter is supplementary. However, IC 20-23-4 and IC 20-23-16 are void to the extent that IC 20-23-4 and IC 20-23-16 conflict with the subsequent provisions of this section.

(c) An annexation sought under this chapter does not require the approval of a:

(1) county committee;
(2) state commission; or
(3) committee created under or referred to in IC 20-23-4.

(d) Acts 1961, c.186, s.9, with respect to an annexation that is finally effective before February 25, 1969, operates after March 8, 1961, before and after a final plan is put into effect by:

(1) election;
(2) petition;
(3) another proceeding under IC 20-23-4 or IC 20-23-16; or
(4) another statute concerning the consolidation of two (2) or more school corporations.

IC 20-25-5-19
Annexations not effective before February 25, 1969; repeal of statute

Sec. 19. Acts 1961, c.186, s.9 is repealed regarding an annexation that is not effective or finally effective before February 25, 1969.

   (1) consists of lots and buildings on the real property of the school city; and
   (2) has not been used for school purposes for at least five (5) years;
may be transferred to and placed under the jurisdiction of the board of park commissioners of the city in which the school city is located and must be operated, managed, controlled, and maintained as a recreation center for the use and benefit of the city.

IC 20-25.5-1
Chapter 1. Findings

IC 20-25.5-1-1
General assembly findings

Sec. 1. The general assembly finds the following:

(1) The Indianapolis Public Schools face challenges due to:
   (A) decades of declining enrollment that have resulted in significantly underutilized school buildings, unsustainable operating and maintenance costs, and steep reductions in revenue;
   (B) competition with an unusually large number of charter schools that are located within Indianapolis Public School boundaries as a result of legislation that granted the mayor of Indianapolis the unique authority to open charter schools and provided financial incentives for charter schools to locate within Indianapolis Public School boundaries;
   (C) an unusually high percentage of chronically low-performing schools, including four (4) schools that are under state intervention; and
   (D) a large number of newly built or recently renovated school buildings that are owned by the building corporation and serve as security for four (4) different bond issues.

(2) A unique approach is necessary to allow the Indianapolis Public Schools:
   (A) to use existing underutilized facilities to open new, innovative, and autonomous schools either independently or in collaboration with school leaders or operators of high performing charter schools;
   (B) to offer more high-quality educational options to the students served by Indianapolis Public Schools; and
   (C) to produce improved academic performance and better serve all of the community stakeholders.

Sec. 1. (a) As used in this section, "electronic funds transfer" means a transfer of funds, other than a transaction originated by check, draft, or similar paper instrument, that is initiated through an electronic terminal, telephone, or computer or magnetic tape to order, instruct, or authorize a financial institution to debit or credit an account.

(b) The governing body of each school corporation shall organize by electing:
   (1) a president;
   (2) a vice president; and
   (3) a secretary;
each of whom is a different member, not more than fifteen (15) days after the commencement date of the members' terms of office, as provided in section 4 of this chapter.

(c) A governing body shall, at the time that officers are elected under subsection (b), appoint a treasurer of the governing body and of the school corporation who is a person, other than the superintendent of schools, who is not a member of the governing body. The treasurer may, with the approval of the governing body, appoint a deputy who must be a person, other than the superintendent of schools, who is not a member of the governing body and who has the same powers and duties as the treasurer, or lesser duties as provided by the governing body by rule.

   (1) issue a receipt for money received by the treasurer;
   (2) deposit money described in subdivision (1) in accordance with the laws governing the deposit of public funds; and
   (3) issue all warrants in payment of expenses lawfully incurred on behalf of the school corporation. However, except as otherwise provided by law, warrants described in this subdivision must be issued only after proper allowance or approval by the governing body. The governing body may not require an allowance or approval for amounts lawfully due in payment of indebtedness or payments due the state, the United States government, or agencies and instrumentalities of the state or the United States government.

A verification, other than a properly itemized invoice, may not be required for any claim of one hundred dollars ($100) or less. A claim that exceeds one hundred dollars ($100) is sufficient as to form if the bill or statement for the claim has printed or stamped on the face of the bill or statement a verification of the bill or statement in language approved by the state board of accounts.
(e) Notwithstanding subsection (d), a treasurer may transact school corporation financial business with a financial institution or a public retirement fund through the use of electronic funds transfer. The treasurer must provide adequate documentation to the governing body of transfers made under this subsection. This subsection applies only to agreements for joint investment of money under IC 5-13-9 and to payments to the Indiana public retirement system for:

(1) the Indiana state teachers' retirement fund; or
(2) the public employees' retirement fund;

(f) A treasurer is not personally liable for an act or omission occurring in connection with the performance of the duties set forth in this section, unless the act or omission constitutes gross negligence or an intentional disregard of the treasurer's duties.

(g) A governing body may establish the position of executive secretary to the governing body. The executive secretary:

(1) must be an employee of the school corporation;
(2) may not be a member of the governing body; and

I will faithfully execute the duties of my office as a member of this governing body, so help me God."

However, the governing body may provide for additional provisions to the oath that the governing body considers appropriate for the office.

Regular, statutory, and special meetings

Sec. 3. (a) Regular meetings must be held by each governing body at a time and place established by resolution of the board or may be incorporated in the rules provided in IC 20-26-5-4. A notice need not be given a member for holding or taking any action at a regular meeting.

(b) If a meeting is held according to a procedure set forth by statute or rule and if publication of notice of the meeting is required,
notice of the meeting is not required and need not be given a member for holding or taking any action at the meeting contemplated by the notice. The meeting must be held at the time and place specified in the published notice.

(c) Special meetings of a governing body must be held on call by the governing body’s president or by the superintendent of the school corporation. The call must be evidenced by a written notice specifying the date, time, and place of the meeting, delivered to each member personally or sent by mail or telegram so that each member has at least seventy-two (72) hours notice of the special meeting. Special meetings must be held at the regular meeting place of the board.

(d) All meetings of a governing body must be open to the public to the extent required by IC 5-14-1.5. The governing body shall comply with IC 5-14-1.5.

(e) If notice of a meeting is required and each member of a governing body has waived notice of the meeting, as provided in this subsection, notice of the meeting is not necessary. Waiver of notice of a meeting by a member consists of the following:

(1) The member’s presence at the meeting.
(2) The member’s execution of a written notice waiving the date, time, and place of the meeting, executed either before or after the meeting. However, if notice is executed after the meeting, the waiver must also state in general terms the purpose of the meeting. If a waiver specifies that the waiver was executed before the meeting, third persons are entitled to rely on the statement.

(f) At a meeting of the governing body, a majority of the members constitutes a quorum. Action may not be taken unless a quorum is present. Except where a larger vote is required by statute or rule with respect to any matter, a majority of the members present may adopt a resolution or take any action.

(g) All meetings of the governing body for the conduct of business must be held within the school corporation, except as follows:

(1) Meetings may be held at the administrative offices of the school corporation if the offices are outside the geographic limits of the school corporation but are within a county where all or a part of the school corporation is located.
(2) Meetings may be held at a place where the statute or rule according to which a statutory meeting is held permits meeting outside the school corporation, as may occur when the meeting is held jointly with another governing body.

Except as provided in subdivision (3), in a county having a population of more than four hundred thousand (400,000), the terms of office for the members of a governing body who are appointed commence on July 1 of the year in which the members are to take office under the plan, resolution, or law under which the school corporation is established, and terminate on the June 30 of the final year of the term for which the members are to serve under the plan, resolution, or law.

3. An elected member of a governing body takes office on the date set in the school corporation's organization plan. The date set in the organization plan for an elected member of the governing body to take office may not be more than fourteen (14) months after the date of the member's election. If the school corporation's organization plan does not set a date for an elected member of the governing body to take office, the member takes office January 1 immediately after the member's election.

(c) If a vacancy in the membership of a governing body occurs for any reason (including the failure of a sufficient number of petitions for candidates for governing body membership being filed for an election and whether the vacancy was of an elected or appointed member), the remaining members of the governing body shall by majority vote fill the vacancy by appointing a person from within the boundaries of the school corporation, with the residence and other qualifications provided for a regularly elected or appointed board member filling the membership, to serve for the term or the balance of the term. However, this subsection does not apply to a vacancy:

1. of a member who serves on a governing body in an ex officio capacity; or
2. a vacancy in an appointed board membership if a plan, resolution, or law under which the school corporation operates specifically provides for filling vacancies by the appointing authority.

IC 20-26-4-4.5

(b) The definitions in IC 3-5-2 apply to this section.

2. a per diem not to exceed the rate approved for members of the board of school commissioners under IC 20-25-3-3(d).

(b) If the members of the governing body are totally comprised of appointed members, the appointive authority under IC 20-23-4-28(e) shall approve the per diem rate allowable under subsection (a)(2) before the governing body may make the payments.

(c) To make a valid approval under subsection (b), the appointive authority must approve the per diem rate with the same endorsement required under IC 20-23-4-28(f) to make the appointment of the member.

Sec. 1. (a) As used in this section, "charter school" has the meaning set forth in IC 20-24-1-4 and includes a group or entity seeking approval from a sponsor to operate a charter school under IC 20-24-3.
(b) Except as otherwise provided in this section, if a governing body of a school corporation determines that any real or personal property:
(1) is no longer needed for school purposes; or
(2) should, in the interests of the school corporation, be exchanged for other property;
the governing body may sell or exchange the property in accordance with IC 36-1-11.
(c) Money derived from the sale or exchange of property under this section shall be placed in any school fund:
(1) established under applicable law; and
(2) that the governing body considers appropriate.
(d) A governing body may not make a covenant that prohibits the sale of real property to another educational institution.
(e) This subsection does not apply to a school building that on July 1, 2011, is leased or loaned by the school corporation that owns the school building to another entity, if the entity is not a building corporation or other entity that is related in any way to, or created by, the school corporation or the governing body. Except as provided in subsections (k) through (n), a governing body shall make available for lease or purchase to any charter school any school building owned by the school corporation or any other entity that is related in any way to, or created by, the school corporation or the governing body, including but not limited to a building corporation, that:

(1) either:

(A) is not used in whole or in part for classroom instruction at the time the charter school seeks to lease the building; or

(B) appears on the list compiled by the department under subsection (f); and

(2) was previously used for classroom instruction; in order for the charter school to conduct classroom instruction.

(f) Not later than August 1 each calendar year, each governing body shall inform the department if a school building that was previously used for classroom instruction is closed, unused, or unoccupied. The department shall maintain a list of closed, unused, or unoccupied school buildings and make the list available on the department's Internet web site. Each school corporation shall provide a list of closed, unused, or unoccupied buildings to the department by the date set by the department. The department must update the list not later than fifteen (15) days after being notified of a closed, unused, or unoccupied building.

(g) A school building that appears for the first time on the department's list under subsection (f) shall be designated as "Unavailable until (a date two (2) years after the school building first appears on the list)" if the governing body of the school corporation that owns the school building indicates to the department, on a form prescribed by the department, that the school building may be reclaimed during that period for classroom instruction. If a governing body does not indicate that a school building may be reclaimed, the governing body shall designate the school building as "Available" on the department's list. The governing body may change the designation of a building from unavailable to available at any time. If a school building that is designated as unavailable on the department's list remains unused for classroom instruction one (1) year after being reclaimed under this subsection, the governing body shall designate the school building as "Available" on the department's list. A governing body may reclaim a school building only one (1) time under this subsection.

(h) If a charter school wishes to use a school building on the list created under subsection (f), the charter school shall send a letter of intent to the department. Within thirty (30) days after receiving a letter from a charter school, the department shall notify the school corporation of the charter school's intent, and, within thirty (30) days after receiving notification from the department, the school
corporation that owns the school building shall lease the school building to the charter school for one dollar ($1) per year for as long as the charter school uses the school building for classroom instruction or for a term at the charter school's discretion, or sell the school building to the charter school for one dollar ($1). The charter school must begin to use the school building for classroom instruction not later than two (2) years after acquiring the school building. If the school building is not used for classroom instruction within two (2) years after acquiring the school building, the school building shall be placed on the department's list under subsection (f). If during the term of the lease the charter school closes or ceases using the school building for classroom instruction, the school building shall be placed on the department's list under subsection (f). If a school building is sold to a charter school under this subsection and the charter school or any entity related to the charter school subsequently sells or transfers the school building to a third party, the charter school or related entity must transfer an amount equal to the gain in the property minus the adjusted basis (including costs of improvements to the school building) to the school corporation that initially sold the vacant school building to the charter school. Gain and adjusted basis shall be determined in the manner prescribed by the Internal Revenue Code and the applicable Internal Revenue Service regulations and guidelines.

(i) During the term of a lease under subsection (h), the charter school is responsible for the direct expenses related to the school building leased, including utilities, insurance, maintenance, repairs, and remodeling. The school corporation is responsible for any debt incurred for or liens that attached to the school building before the charter school leased the school building.

(j) Notwithstanding anything to the contrary in this section, and with the sole exception of a waiver provided in subsection (n), when a school building is designated as "Available" under subsection (g), the school building must remain designated as "Available" and may not be sold or otherwise disposed of for at least two (2) years. When the two (2) year period has elapsed, the school corporation may sell or otherwise dispose of the school building in accordance with IC 36-1-11.

(k) Notwithstanding subsection (e), a governing body may request a waiver from the department from the requirements of subsection (e). In order for a governing body to receive a waiver under subsection (n), the governing body must apply to the department, on a form prescribed by the department, for the waiver. The application must include a statement that the governing body believes that a charter school would not be interested in leasing or purchasing the vacant or unused school building.

(l) If the department receives a waiver request under subsection (k), the department, within five (5) days after receiving the waiver request under subsection (k), shall notify each charter school sponsor and statewide organization representing charter schools in Indiana by certified mail of the waiver request received under subsection (k).
The notice must include a copy of the governing body's waiver request.

(m) Not later than thirty (30) days after a charter school sponsor or statewide organization representing charter schools in Indiana receives a notice described in subsection (l), the charter school sponsor or a statewide organization representing charter schools may submit a qualified objection to the governing body's request for a waiver under subsection (k). The qualified objection must be submitted to the department in writing. In order for an objection to be considered a qualified objection by the department, the objection must include:

1. the name of the charter school that is interested in leasing or purchasing the vacant or unused school building; and
2. a time frame, which may not exceed one (1) year from the date of the objection, in which the charter school intends to begin providing classroom instruction in the vacant or unused school building.

(n) If the department receives a qualified objection under subsection (m), the vacant or unused school building shall remain on the department's list under subsection (f) with the designation with which the building is listed under subsection (g) at the time the department receives the waiver request. If the department does not receive a qualified objection, the department shall grant the governing body's request for a waiver. A governing body that receives a waiver under this subsection may sell or otherwise dispose of the unused or vacant school building in accordance with IC 36-1-11.

Sec. 0.2. The amendments made to IC 20-8.1-6.1-9 (before its repeal, now codified at section 14 of this chapter) by P.L.260-1997 apply only to school years beginning after June 30, 1996.

IC 20-26-11-1
"Residence", "resides", and comparable terms
Sec. 1. As used in this chapter with respect to legal settlement, transfers, and the payment of tuition, the words "residence", "resides", or other comparable language means a permanent and principal habitation that an individual uses for a home for a fixed or indefinite period, at which the individual remains when not called elsewhere for work, studies, recreation, or other temporary or special purpose. These terms are not synonymous with legal domicile. Except as provided in section 2(3) of this chapter, where a court order grants an individual custody of a student, the residence of the student is where that individual resides.

IC 20-26-11-2
Legal settlement
Sec. 2. The legal settlement of a student is governed by the following provisions:

(1) If the student:
   (A) is less than eighteen (18) years of age; or
   (B) is at least eighteen (18) years of age but is not emancipated;
the legal settlement of the student is in the attendance area of the school corporation where the student's parents reside.

(2) If the student's mother and father, in a situation to which subdivision (1) otherwise applies, are divorced or separated, the legal settlement of the student is the school corporation whose attendance area contains the residence of the parent with whom the student is living, in the following situations:
   (A) If a court order has not been made establishing the custody of the student.
   (B) Except as provided in subdivision (3), if both parents have agreed on the parent or person with whom the student will live.
   (C) If the parent granted custody of the student has abandoned the student.
In the event of a dispute between the parents of the student, or between the parents and a student at least eighteen (18) years of age, the legal settlement of the student shall be determined as
otherwise provided in this section.

(3) If, in a situation in which subdivision (1) otherwise applies, the student's mother and father are divorced or separated, and if a court order grants the student's:

(A) mother;
(B) father; or
(C) both mother and father;

custody of the student, the legal settlement of the student is the school corporation whose attendance area contains the residence of the mother or father, as elected under section 2.5(a) of this chapter. If the custodial parent (or the student, if at least eighteen (18) years of age) does not make an election under section 2.5(a) of this chapter, the legal settlement of the student is the school corporation whose attendance area contains the residence of the parent granted physical custody by the court order.

(4) If the legal settlement of a student, in a situation to which subdivision (1) otherwise applies, cannot reasonably be determined and the student is being supported by, cared for by, and living with some other individual, the legal settlement of the student is in the attendance area of that individual's residence, except where the parents of the student are able to support the student but have placed the student in the home of another individual, or allowed the student to live with another individual, primarily for the purpose of attending school in the attendance area where the other individual resides. The school may, if the facts are in dispute, condition acceptance of the student's legal settlement on the appointment of that individual as legal guardian or custodian of the student, and the date of legal settlement will be fixed to coincide with the commencement of the proceedings for the appointment of a guardian or custodian. However, if a student does not reside with the student's parents because the student's parents are unable to support the child and the child is not residing with an individual other than a parent primarily to attend a particular school, the student's legal settlement is where the student resides, and the establishment of a legal guardianship may not be required by the school. In addition, a legal guardianship or custodianship established solely to attend school in a particular school corporation does not affect the determination of the legal settlement of the student under this chapter.

(5) If a student, to whom subdivision (1) would otherwise apply, is married and living with a spouse, the legal settlement of that student is in the attendance area of the school corporation where the student and the student's spouse reside.

(6) If the student's parents:

(A) are living outside the United States due to educational pursuits or a job assignment;
(B) do not maintain a permanent home in any school corporation in the United States; and
(C) have placed the student in the home of another individual;
the legal settlement of the student is in the attendance area
where the other individual resides.
(7) If the student is emancipated, the legal settlement is the
attendance area of the school corporation of the student's
residence.
(8) If a student's legal settlement is changed after the student
has begun attending school in a school corporation in any
school year, the effective date of change may:
(A) at the election of:
   (i) the parent;
   (ii) the student, if the student is at least eighteen (18) years
       of age; or
   (iii) a juvenile court conducting a proceeding under

Forms concerning legal settlement
Sec. 3. The state superintendent shall prepare the form of agreement to be used under section 2(2) of this chapter and a form to be executed by any individual with whom the student is living under section 2(2), 2(3), 2(4), or 2(6) of this chapter. The execution of the form by the individual and its continuance in force is a condition to the application of section 2(2), 2(3), 2(4), or 2(6) of this chapter. The form must contain an agreement of the individual that the individual shall, with respect to dealing with the school corporation and for all other purposes under this article, assume all the duties and be subject to all the liabilities of a parent of the student in the same manner as if the individual were the student's parent. On the execution of that form and for as long as it remains in force, the individual has these duties and liabilities.

IC 20-26-11-4
Appeal from determination of legal settlement
Sec. 4. A student is emancipated when the student:
   (1) furnishes the student's support from the student's own resources;
   (2) is not dependent in any material way on the student's parents for support;
   (3) files or is required by applicable law to file a separate tax return; and
   (4) maintains a residence separate from that of the student's parents.

IC 20-26-11-5
Transfer at request of parent or student; approval; appeal
Sec. 5. (a) The parents of any student, regardless of the student's age, or the student after the student has become eighteen (18) years of age may request a transfer from a school corporation in which the student has a legal settlement to a transferee school corporation in Indiana or another state if the student may be better accommodated in the public schools of the transferee corporation. Whether the student can be better accommodated depends on such matters as:
   (1) crowded conditions of the transferee or transferor corporation; and
   (2) curriculum offerings at the high school level that are important to the vocational or academic aspirations of the student.

(b) The request for transfer must be made in writing to the transferor corporation, which shall immediately mail a copy to the transferee corporation. The request for transfer must be made at the times provided under rules adopted by the state board. The transfer
is effected if both the transferee and the transferor corporations approve the transfer not more than thirty (30) days after that mailing. If the transferor school corporation fails to act on the transfer request within thirty (30) days after the request is received, the transfer is considered approved. The transfer is denied when either school corporation mails a written denial by certified mail to the requesting parents or student at their last known address.

(c) If a request for transfer is denied under subsection (b), an appeal may be taken to the state board by the requesting parents or student, if commenced not more than ten (10) days after the denial. An appeal is commenced by mailing a notice of appeal by certified mail to the superintendent of each school corporation and the state board. The state superintendent shall develop forms for this purpose, and the transferor corporation shall assist the parents or student in the mechanics of commencing the appeal. An appeal hearing must comply with section 15 of this chapter.

IC 20-26-11-6
Transfer tuition
Sec. 6. (a) A school corporation may accept a transferring student without approval of the transferor corporation under section 5 of this chapter.

(b) A transfer may be accepted regardless of whether, as a condition of the transfer, the transferee school requires the requesting parents or student to pay transfer tuition in an amount determined under the formula established in section 13 of this chapter for the payment of transfer tuition by a transferor school corporation. However, if the transferee school elects to charge transfer tuition, the transferee school may not offset the amounts described in section 13(b) STEP TWO (B) through section 13(b) STEP TWO (D) of this chapter from the amount charged to the requesting parents or student.

(c) When the transferee school elects to charge tuition to the requesting parents or student, the tuition determined under subsection (b) must be paid by the parents or the student before the end of the school year in installments as determined by the transferee corporation.

(d) Failure to pay a tuition installment that is agreed to by the parents or student and the transferee school corporation is a ground for exclusion from school.

(e) If the transferee school elects not to charge transfer tuition to the parents or student under this section, the transferee school may not charge transfer tuition or fees to the transferor school.

IC 20-26-11-7
Transfers; students with disabilities
Sec. 7. (a) A school corporation may transfer a student with a physical, emotional, or mental disability to a transferee corporation that maintains special programs or facilities for children with the

(b) A transferee corporation may refuse the transfer under subsection (a) by mailing a notice by certified mail to:
   (1) the transferor corporation;
   (2) the parents of the student; and
   (3) the state board.

(c) If a transferee corporation refuses transfer under subsection (b), the state board shall determine the question of granting a transfer under the procedures set out in section 15 of this chapter.

IC 20-26-11-8
Payment of transfer tuition for students in public and private institutions or in foster homes

Sec. 8. (a) A student who is placed in a state licensed private or public health care facility or child care facility:
   (1) by or with the consent of the department of child services;
   (2) by a court order; or
   (3) by a child placing agency licensed by the department of child services;
may attend school in the school corporation in which the facility is located. If the school corporation in which the facility is located is not the school corporation in which the student has legal settlement, the school corporation in which the student has legal settlement shall pay the transfer tuition of the student.

(b) A student who is placed in a state licensed private or public health care or child care facility by a parent may attend school in the school corporation in which the facility is located if:
   (1) the placement is necessary for the student's physical or emotional health and well-being and, if the placement is in a health care facility, is recommended by a physician; and
   (2) the placement is projected to be for not less than fourteen (14) consecutive calendar days or a total of twenty (20) calendar days.

The school corporation in which the student has legal settlement shall pay the transfer tuition of the student. The parent of the student shall notify the school corporation in which the facility is located and the school corporation of the student's legal settlement, if identifiable, of the placement. Not later than thirty (30) days after this notice, the school corporation of legal settlement shall either pay the transfer tuition of the transferred student or appeal the payment by notice to the department. The acceptance or notice of appeal by the school corporation must be given by certified mail to the parent or guardian of the student and any affected school corporation. In the case of a student who is not identified as having a disability under IC 20-35, the state board shall make a determination on transfer tuition according to the procedures in section 15 of this chapter. In the case of a student who has been identified as having a disability under IC 20-35, the determination on transfer tuition shall be made under this subsection and the procedures adopted by the state board.
A student who is placed in:

(1) an institution operated by the division of disability and rehabilitative services or the division of mental health and addiction; or

(2) an institution, a public or private facility, a home, a group home, or an alternative family setting by the division of disability and rehabilitative services or the division of mental health and addiction;

may attend school in the school corporation in which the institution is located. The state shall pay the transfer tuition of the student, unless another entity is required to pay the transfer tuition as a result of a placement described in subsection (a) or (b) or another state is obligated to pay the transfer tuition.

(d) This subsection applies to a student who is placed:

(1) by or with the consent of the department of child services;

(2) by a court order; or

(3) by a child placing agency licensed by the department of child services;

in a foster family home or the home of a relative or other unlicensed caretaker that is not located in the school corporation in which the student has legal settlement. The student may attend school in either the school corporation in which the foster family home or other home is located or the school corporation in which the student has legal settlement. The department of child services and the student's foster parents or caretaker shall make the determination concerning where the student attends school unless that determination is made by a court that has jurisdiction over the student. If a licensed child placing agency is responsible for oversight of the foster family home in which the student is placed or for providing services to the student, the department of child services must consult with the licensed child placing agency concerning the determination of, or the recommendations made to the court concerning, where the student attends school. Except as provided in subsection (e), transfer tuition is not required for the student.

(e) If a student to whom subsection (d) applies is attending school in a school corporation that is not the school corporation in which the student has legal settlement, the school corporation in which the student has legal settlement shall pay transfer tuition to the school corporation in which the student is enrolled in school if all of the following conditions apply:

(1) The student was previously placed in a child caring institution licensed under IC 31-27-3.

(2) While placed in the child caring institution, the student was enrolled in a school that is:

   (A) administered by the school corporation in which the child caring institution is located; and
   (B) located at the child caring institution.

(3) The student was moved from the child caring institution to a licensed foster family home supervised by the child caring
institution either:
(A) with the approval of the department of child services and
the court having jurisdiction over the student in a case under
IC 31-34; or
(B) by a court order in a case under IC 31-37.

(4) After moving from the child caring institution to the foster
family home, the student continues to attend the school located
at the child caring institution.

(5) The legal settlement of the student was determined by a
juvenile court under IC 31-34-20-5, IC 31-34-21-10,
IC 31-37-19-26, or IC 31-37-20-6.

(f) A student:
(1) who is placed in a facility, home, or institution described in
subsection (a), (b), or (c);
(2) to whom neither subsection (d) nor (e) applies; and
(3) for whom there is no other entity or person required to pay
transfer tuition;
may attend school in the school corporation in which the facility,
home, or institution is located. The department shall conduct an
investigation and determine whether any other entity or person is
required to pay transfer tuition. If the department determines that no
other entity or person is required to pay transfer tuition, the state
shall pay the transfer tuition for the student out of the funds
appropriated for tuition support.

IC 20-26-11-13

**Determination of transfer tuition**

Sec. 13. (a) As used in this section, the following terms have the following meanings:

1. "Class of school" refers to a classification of each school or program in the transferee corporation by the grades or special programs taught at the school. Generally, these classifications are denominated as kindergarten, elementary school, middle school or junior high school, high school, and special schools or classes, such as schools or classes for special education, career and technical education, or career education.

2. "Special equipment" means equipment that during a school year:

   A) is used only when a child with disabilities is attending school;
   B) is not used to transport a child to or from a place where the child is attending school;
   C) is necessary for the education of each child with disabilities that uses the equipment, as determined under the individualized education program for the child; and
   D) is not used for or by any child who is not a child with disabilities.

3. "Student enrollment" means the following:

   A) The total number of students in kindergarten through grade 12 who are enrolled in a transferee school corporation on a date determined by the state board.
   B) The total number of students enrolled in a class of school in a transferee school corporation on a date determined by the state board.

However, a kindergarten student shall be counted under clauses (A) and (B) as one-half (1/2) student. The state board may select a different date for counts under this subdivision. However, the same date shall be used for all school corporations making a count for the same class of school.

(b) Each transferee corporation is entitled to receive for each school year on account of each transferred student, except a student transferred under section 6 of this chapter, transfer tuition from the transferor corporation or the state as provided in this chapter. Transfer tuition equals the amount determined under STEP THREE of the following formula:

**STEP ONE:** Allocate to each transfer student the capital expenditures for any special equipment used by the transfer student and a proportionate share of the operating costs incurred
by the transferee school for the class of school where the transfer student is enrolled.

STEP TWO: If the transferee school included the transfer student in the transferee school's current ADM, allocate to the transfer student a proportionate share of the following general fund revenues of the transferee school:

(A) State tuition support distributions received during the calendar year in which the school year ends.
(B) Property tax levies under IC 20-45-7 and IC 20-45-8 for the calendar year in which the school year ends.
(C) The sum of the following excise tax revenue received for deposit in the calendar year in which the school year begins:
   (i) Financial institution excise tax revenue (IC 6-5.5).
   (ii) Motor vehicle excise taxes (IC 6-6-5).
   (iii) Commercial vehicle excise taxes (IC 6-6-5.5).
   (iv) Boat excise tax (IC 6-6-11).
   (v) Aircraft license excise tax (IC 6-6-6.5).
(D) Allocations to the transferee school under IC 6-3.5.

STEP THREE: Determine the greater of:

(A) zero (0); or
(B) the result of subtracting the STEP TWO amount from the STEP ONE amount.

If a child is placed in an institution or facility in Indiana by or with the approval of the department of child services, the institution or facility shall charge the department of child services for the use of the space within the institution or facility (commonly called capital costs) that is used to provide educational services to the child based upon a prorated per student cost.

(c) Operating costs shall be determined for each class of school where a transfer student is enrolled. The operating cost for each class of school is based on the total expenditures of the transferee corporation for the class of school from its general fund expenditures as specified in the classified budget forms prescribed by the state board of accounts. This calculation excludes:

   (1) capital outlay;
   (2) debt service;
   (3) costs of transportation;
   (4) salaries of board members;
   (5) contracted service for legal expenses; and
   (6) any expenditure that is made from extracurricular account receipts;
for the school year.

(d) The capital cost of special equipment for a school year is equal to:

   (1) the cost of the special equipment; divided by
   (2) the product of:
      (A) the useful life of the special equipment, as determined under the rules adopted by the state board; multiplied by
      (B) the number of students using the special equipment during at least part of the school year.
(e) When an item of expense or cost described in subsection (c) cannot be allocated to a class of school, it shall be prorated to all classes of schools on the basis of the student enrollment of each class in the transferee corporation compared with the total student enrollment in the school corporation.

(f) Operating costs shall be allocated to a transfer student for each school year by dividing:

(1) the transferee school corporation's operating costs for the class of school in which the transfer student is enrolled; by

(2) the student enrollment of the class of school in which the transfer student is enrolled.

When a transferred student is enrolled in a transferee corporation for less than the full school year of student attendance, the transfer tuition shall be calculated by the part of the school year for which the transferred student is enrolled. A school year of student attendance consists of the number of days school is in session for student attendance. A student, regardless of the student's attendance, is enrolled in a transferee school unless the student is no longer entitled to be transferred because of a change of residence, the student has been excluded or expelled from school for the balance of the school year or for an indefinite period, or the student has been confirmed to have withdrawn from school. The transferor and the transferee corporation may enter into written agreements concerning the amount of transfer tuition due in any school year. If an agreement cannot be reached, the amount shall be determined by the state board, and costs may be established, when in dispute, by the state board of accounts.

(g) A transferee school shall allocate revenues described in subsection (b) STEP TWO to a transfer student by dividing:

(1) the total amount of revenues received during a period; by

(2) the current ADM of the transferee school for the period in which the revenues are received.

However, for state tuition support distributions or any other state distribution computed using less than the total current ADM of the transferee school, the transferee school shall allocate the revenues to the transfer student by dividing the revenues that the transferee school is eligible to receive during the period by the student count used to compute the state distribution.

(h) Instead of the payments provided in subsection (b), the transferor corporation or state owing transfer tuition may enter into a long term contract with the transferee corporation governing the transfer of students. The contract may:

(1) be entered into for a period of not more than five (5) years with an option to renew;

(2) specify a maximum number of students to be transferred; and

(3) fix a method for determining the amount of transfer tuition and the time of payment, which may be different from that provided in section 14 of this chapter.

(i) A school corporation may negotiate transfer tuition agreements
with a neighboring school corporation that can accommodate additional students. Agreements under this section may:

(1) be for one (1) year or longer; and

(2) fix a method for determining the amount of transfer tuition or time of payment that is different from the method, amount, or time of payment that is provided in this section or section 14 of this chapter.

A school corporation may not transfer a student under this section without the prior approval of the child's parent.

(1) transfer tuition payments that the school corporation is required to pay for students transferring from the school corporation; and

(2) transfer tuition payments that the school corporation is entitled to receive on behalf of students transferring to the school corporation.

A school corporation shall send a preliminary statement of the amount of transfer tuition due to the state agency and to any school corporation that owes transfer tuition to the school corporation.

(b) Not later than October 1 following the end of a school year, a school corporation shall send a final statement of the amount of transfer tuition due to the state agency and to any school corporation that owes transfer tuition to the school corporation.

(c) A statement sent under subsection (a) or (b) must include the following:

(1) A statement, to the extent known, of all transfer tuition costs chargeable to the state or school corporation for the school year ending in the current calendar year.

(2) A statement of any transfer tuition costs chargeable to the state or school corporation and not previously billed for the school year ending in the immediately preceding calendar year.

(3) A statement of any transfer tuition costs previously billed to the state or school corporation and not yet paid.

(d) Transfer tuition for each school year shall be paid by the transferor corporation or state, if the entity is obligated to pay the tuition, in not more than four (4) installments. These installments must be paid not later than October 30, January 10, April 10, and July 10 following the school year in which the obligation is incurred, unless another schedule is mutually agreed upon.

(e) Payment of operating costs shall be paid from and receipted to the respective general funds of the transferor and transferee corporations. Payment of capital costs shall be made by the transferor
corporation at its discretion from any fund or source and shall be receipted by the transferee corporation at its discretion either to the capital projects fund or to the debt service fund, or if the transferee corporation has neither of these two (2) funds, to its general fund.

(A) the parent of the student; or

Sec. 19. (a) This section through section 29 of this chapter concern the transfer of students for education from one (1) school corporation (transferor corporation) to another school corporation (transferee corporation) in compliance with a court order as described in this section. This chapter applies solely in a situation where a court of the United States or of Indiana in a suit to which the transferor or transferee corporation or corporations are parties has found the following:

(1) A transferor corporation has violated the equal protection clause of the Fourteenth Amendment to the Constitution of the United States by practicing de jure racial segregation of the students within its borders.
(2) A unitary school system within the meaning of the Fourteenth Amendment cannot be implemented within the boundaries of the transferor corporation.
(3) The Fourteenth Amendment compels the court to order a transferor corporation to transfer its students for education to one (1) or more transferee corporations to effect a plan of desegregation in the transferor corporation that is acceptable within the meaning of the Fourteenth Amendment.

(b) This chapter does not apply until all appeals from the order, whether taken by the transferor corporation, any transferee corporation or any party to the action, have been exhausted or the time for taking the appeals has expired, except where all stays of a transfer order pending appeal or further court action have been denied.

These members are in addition to the number of members of the governing body who are residents of the transferee corporation.

(b) Each member who is a resident of a contributing transferor corporation added to the governing body of a transferee corporation by this section:

(1) shall be elected by a majority of all registered and eligible voters who vote in each applicable school board election in the school corporation;

(2) must have the same qualifications, other than residency or property ownership, that are required for a member of the governing body who is a resident of the transferee corporation; and

(3) serves for the same number of years as members of the governing body who are residents of the transferee corporation.

(c) The members of the governing body of the transferee corporation shall appoint by majority vote the first additional members of a governing body under this section. The members appointed under this subsection serve until replacement members are elected under subsections (d) and (e).

(d) The first elected members of a governing body from a transferor corporation shall be elected at the first election after the members are added under subsection (a):

IC 20-26-11-22
Court ordered transfers; determination of transfer tuition

Sec. 22. (a) The transferee corporation is entitled to receive from the transferor corporation transfer tuition for each transferred student for each school year calculated in two (2) parts as follows:

1. Operating cost.
2. Capital cost.

These costs must be allocated on a per student basis separately for each class of school.

(b) The operating cost for each class of school must be based on the total expenditures of the transferee corporation for the class from its general fund expenditures as set out on the classified budget forms prescribed by the state board of accounts, excluding from the calculation capital outlay, debt service, costs of transportation, salaries of board members, contracted service for legal expenses, and any expenditure that is made out of the general fund from extracurricular account receipts, for the school year.

(c) The capital cost for each class of school must consist of the lesser of the following alternatives:

1. The capital cost must be based on an amount equal to five percent (5%) of the cost of transferee corporation's physical plant, equipment, and all items connected to the physical plant or equipment, including:
   (A) buildings, additions, and remodeling to the buildings, excluding ordinary maintenance; and
   (B) on-site and off-site improvements such as walks, sewers, waterlines, drives, and playgrounds;

   that have been paid or are obligated to be paid in the future out of the general fund, capital projects fund, or debt service fund, including principal and interest, lease rental payments, and funds that were legal predecessors to these funds. If an item of the physical plant, equipment, appurtenances, or part of the item is more than twenty (20) years old at the beginning of the school year, the capital cost of the item shall be disregarded in making the capital cost computation.

2. The capital cost must be based on the amount budgeted from the general fund for capital outlay for physical plant, equipment, and appurtenances and the amounts levied for the debt service fund and the capital projects fund for the calendar year in which the school year ends.

(d) If an item of expense or cost cannot be allocated to a class of school, the item shall be prorated to all classes of schools on the basis of the ADM of each class in the transferee corporation, as determined in the fall count of ADM in the school year, compared to the total current ADM therein, as determined in the fall count of ADM in the school year.

(e) The transfer tuition for each student transferred for each school year shall be calculated by dividing the transferee school
corporation's total operating costs and the total capital costs for the
class of school in which the student is enrolled by the ADM of
students therein, as determined in the fall count of ADM in the
school year. If a transferred student is enrolled in a transferee
corporation for less than the full school year, the transfer tuition shall
be calculated by the proportion of such school year for which the
transferred student is enrolled. A school year for this purpose
consists of the number of days school is in session for student
attendance. A student shall be enrolled in a transferee school,
whether or not the student is in attendance, unless the:

1) student's residence is outside the area of students transferred
to the transferee corporation;
2) student has been excluded or expelled from school; or
3) student has been confirmed as a school dropout.

The transferor and transferee corporations may enter into written
agreements concerning the amount of transfer tuition. If an
agreement cannot be reached, the amount shall be determined by the
state superintendent, with costs to be established, where in dispute,
by the state board of accounts.

(f) The transferor corporation shall pay the transferee corporation,
when billed, the amount of curricular material rental due from
transferred students who are unable to pay the curricular material
rental amount. The transferor corporation is entitled to collect the
amount of the curricular material rental from the appropriate
township trustee, from its own funds, or from any other source, in the
amounts and manner provided by law.

does not have budgeted funds for the net additional costs, the net
additional costs may be recovered by one (1) or more of the
following methods in addition to any other methods provided by

of the debt service levy and fund, or a loan from any state fund
made available for the net additional costs.
2) An advance in the state fiscal year of state funds, which
would otherwise become payable to the transferee corporation
after such state fiscal year under law.
3) A grant or grants in the calendar year from any funds of the
state made available for the net additional costs.

of local government finance. Repayment of any advance or loan from

Sec. 32. (a) This section does not apply to a school corporation if the governing body has adopted a policy of not accepting the transfer of any student who does not have legal settlement within the school corporation.
(b) The governing body of a school corporation shall annually establish:
   (1) except as provided in subsection (m), the number of transfer students the school corporation has the capacity to accept in each grade level; and
   (2) the date by which requests to transfer into the school corporation must be received by the governing body.
(c) After establishing the date under subsection (b)(2), the governing body shall:
   (1) publish the date on the school corporation's Internet web site; and
   (2) report the date to the department.
(d) The department shall publish the dates received from school corporations under subsection (c)(2) on the department's Internet web site.
(e) A student to whom this section applies may not request to transfer under this section primarily for athletic reasons to a school corporation in which the student does not have legal settlement.
(f) If the number of requests to transfer into a school corporation received by the date established for the school corporation under subsection (b)(2) exceeds the capacity established for the school corporation under subsection (b)(1), each timely request must be given an equal chance to be accepted, with the exception that a student described in subsection (h) shall be given priority. The
governing body must determine which students will be admitted as transfer students to each school building and each grade level within the school corporation by a random drawing in a public meeting.

(g) Except as provided in subsections (i), (j), (k), and (m), the governing body of a school corporation may not deny a request for a student to transfer into the school corporation based upon the student's academic record, scores on ISTEP tests, disciplinary record, or disability, or upon any other factor not related to the school corporation's capacity.

(h) Except as provided in subsections (i), (j), and (k), the governing body of a school corporation may not deny a request for a student to transfer into the school corporation if the student requesting to transfer:

2. has a parent who is an employee of the school corporation.

(i) A governing body of a school corporation may limit the number of new transfers to a school building or grade level in the school corporation:

2. to allow a student described in subsection (h) to attend a school within the school corporation.

(j) Notwithstanding subsections (g) and (h), a governing body of a school corporation may deny a request for a student to transfer to the school corporation, or establish terms or conditions for enrollment that prevent a student from enrolling in a school, if the student has been suspended (as defined in IC 20-33-8-7) or expelled (as defined in IC 20-33-8-3) during the twelve (12) months preceding the student's request to transfer under this section:

(B) the number of students who:
   (i) have enrolled in the high school after the date on which the number determined under STEP ONE was determined; and
   (ii) have the same expected graduation year as the cohort.

STEP THREE: Subtract from the sum determined under STEP TWO the number of students who have left the cohort for any of the following reasons:
(A) Transfer to another public or nonpublic school.
(B) Except as provided in IC 20-33-2-28.6, removal by the

(d) After June 30, 2012, the cancellation of teacher's contracts due to a justifiable decrease in the number of teaching positions shall be determined on the basis of performance rather than seniority. (3) Notification due to a reduction in force must be delivered between May 1 and July 1.
(b) For a cancellation of a teacher's contract for a reason other than a reduction in force, the notice required under subsection (a)(1) must inform the teacher that, not later than five (5) days after the teacher's receipt of the notice, the teacher may request a private conference with the superintendent. The superintendent must set the requested meeting not later than ten (10) days after the request.
(c) At the conference between the superintendent and the teacher, the teacher may be accompanied by a representative.
(d) After the conference between the superintendent and the teacher, the superintendent shall make a written recommendation to the governing body of the school corporation regarding the cancellation of the teacher's contract.

The final decision must be in writing and must be made not more than thirty (30) days after the governing body receives the teacher's request for the additional private conference. At the private conference the governing body shall do the following:
(1) Allow the teacher to present evidence to refute the reason or reasons for contract cancellation and supporting evidence provided by the school corporation. Any evidence presented at the private conference must have been exchanged by the parties at least seven (7) days before the private conference.

The amount that would otherwise have been allocated for the salary increase of teachers rated ineffective or improvement necessary shall be allocated for compensation of all teachers rated effective and highly effective based on the criteria in subsection (b).
(d) A teacher who does not receive a raise or increment under subsection (c) may file a request with the superintendent or superintendent's designee not later than five (5) days after receiving notice that the teacher received a rating of ineffective. The teacher is entitled to a private conference with the superintendent or superintendent's designee.

(e) Not later than January 31, 2012, the department shall publish a model salary schedule that a school corporation may adopt.

(g) The department shall report any noncompliance with this section to the state board.

(h) The state board shall take appropriate action to ensure compliance with this section.

(i) This chapter may not be construed to require or allow a school corporation to decrease the salary of any teacher below the salary the teacher was earning on or before July 1, 2012, if that decrease would be made solely to conform to the new salary scale.

(j) After June 30, 2011, all rights, duties, or obligations established under IC 20-28-9-1 before its repeal are considered rights, duties, or obligations under this section.

   (1) a sabbatical;
   (2) a disability leave; or
   (3) a sick leave.

   (b) The school corporation may grant consecutive leaves to a teacher.

   (c) A school corporation may grant partial compensation for a leave in an amount the school corporation determines. However, if a teacher on a sabbatical serves an employer that agrees to reimburse the school corporation in whole or in part of the amount of the teacher's regular salary, the school corporation may grant full or partial compensation.

   (d) A teacher who is pregnant shall be granted a leave of absence for the period provided in and subject to section 5 of this chapter.

   (e) Except where a contract is not required under IC 20-28-7.5 in a situation that occurs before or after the commencement of leave, the teacher and the school corporation shall execute a regular teacher's contract for each school year in which any part of the teacher's leave is granted.

   (f) The teacher has the right to return to a teaching position for which the teacher is certified or otherwise qualified under the rules of the state board.

   (1) status as a professional or established teacher;
   (2) accumulation of successive years of service;
   (3) service performed under a teacher's contract under IC 20-28-6-8; or
   (4) status or rights negotiated under IC 20-29;
remain intact.

   (b) During a leave the teacher may maintain coverage in a group insurance program by paying the total premium including the school corporation's share, if any, attributable to the leave period. The school corporation may elect to pay all or part of the cost of the premium as an adopted or negotiated fringe benefit to teachers on leave.

   (c) During a leave extending into a part of a school year, a teacher accumulates sick leave under IC 20-28-9-9 through IC 20-28-9-12, or a salary schedule of the school corporation that provides greater
sick leave, in the same proportion that the number of days the teacher is paid during the year for work or leave bears to the total number of days for which teachers are paid in the school corporation.

(d) Except as provided in section 1 of this chapter, during a leave of a probationary teacher, the period of probationary successive years of service under a teacher's contract that is a condition precedent to becoming a professional or established teacher under IC 20-28-6-8 is uninterrupted for that teacher. However, this probationary period may not include an entire school year spent on leave.

(e) All or part of a leave granted for sickness or disability, including pregnancy related disability, may be charged at the teacher's discretion to the teacher's available sick days. However, the teacher is not entitled to take accumulated sick days when the teacher's physician certifies that the teacher is capable of performing the teacher's regular teaching duties. The teacher is entitled to complete the remaining leave without pay.

Leave of absence; pregnancy

Sec. 5. (a) A teacher who is pregnant may continue in active employment as late into pregnancy as the teacher wishes, if the teacher can fulfill the requirements of the teacher's position.

(b) Temporary disability caused by pregnancy is governed by the following:

(1) A teacher who is pregnant shall be granted a leave of absence any time between the commencement of the teacher's pregnancy and one (1) year following the birth of the child, if the teacher notifies the superintendent at least thirty (30) days
before the date on which the teacher wishes to start the leave. The teacher shall notify the superintendent of the expected length of this leave, including with this notice either:

(A) a physician's statement certifying the teacher's pregnancy; or
(B) a copy of the birth certificate of the newborn; whichever is applicable. However, in the case of a medical emergency caused by pregnancy, the teacher shall be granted a leave, as otherwise provided in this section, immediately on the teacher's request and the certification of the emergency from an attending physician.

(2) All or part of a leave taken by a teacher because of a temporary disability caused by pregnancy may be charged, at the teacher's discretion, to the teacher's available sick days. However, the teacher is not entitled to take accumulated sick days when the teacher's physician certifies that the teacher is capable of performing the teacher's regular teaching duties. The teacher is entitled to complete the remaining leave without pay. However, the teacher may receive compensation for the pregnancy leave under a collective bargaining agreement or, if the teacher is not represented by an exclusive representative, by governing body policy.

(9) To adopt, amend, or rescind rules the board considers necessary and administratively feasible to carry out this chapter under IC 4-22-2.

(10) To request from any public agency the assistance, services, and data that will enable the board properly to carry out the board's functions and powers.

(11) To publish and report in full an opinion in every case decided by the board.

Chapter 4. Rights and Responsibilities of School Employees and Employers

IC 20-29-4-1
Rights of school employees
Sec. 1. School employees may:
(1) form, join, or assist school employee organizations;
(2) participate in collective bargaining with school employers through representatives of their own choosing; and
(3) engage in other activities, individually or in concert;
to establish, maintain, or improve salaries, wages, salary and wage related fringe benefits, and other matters set forth in IC 20-29-6-4 and IC 20-29-6-5.

IC 20-29-4-2
School employee not required to join or financially support school employee organization
Sec. 2. (a) A school employee may not be required to join or financially support through the payment of:
(1) fair share fees;
(2) representation fees;
(3) professional fees; or
(4) other fees;
a school employee organization.
(b) A rule, regulation, or contract provision requiring financial support from a school employee to a school employee organization is void.

IC 20-29-4-3
Responsibilities of school employers
Sec. 3. School employers have the responsibility and authority to manage and direct on behalf of the public the operations and activities of the school corporation to the full extent authorized by law, including but not limited to the following:
(1) Direct the work of the school employer's employees.
(2) Establish policy through procedures established in IC 20-29-6-4 and IC 20-29-6-5.

(7) Take actions necessary to carry out the mission of the public
schools as provided by law.

IC 20-29-5
Chapter 5. Units and Exclusive Representatives

IC 20-29-5-1
Exclusive representatives; selection of unit
Sec. 1. (a) The exclusive representative shall serve for school employees within certain groups referred to in this chapter as units or bargaining units. A bargaining unit may not contain both certificated and noncertificated employees. Subject to this limitation, the units for which an exclusive representative serves are determined in accordance with subsections (b) through (d).

(b) The parties may agree on the appropriate unit. For this purpose, the parties consist of the school employer and a school employee organization representing at least twenty percent (20%) of the school employees in a proposed unit.

(c) If the parties do not reach an agreement on the appropriate unit, or if a school employee in the proposed unit files a complaint about the unit with the board, the board shall determine the proper unit after a hearing. The board's decision must be based on but not limited to the following considerations:

(1) Efficient administration of school operations.
(2) The existence of a community of interest among school employees.
(3) The effects on the school corporation and school employees of fragmentation of units.
(4) Recommendations of the parties involved.

(d) In making a determination under subsection (c), the board shall give notice to all interested parties in accordance with the rules of the board. In giving notice under this subsection, the board is not required to follow IC 4-21.5.

IC 20-29-5-2
Recognition of school employer organization as exclusive representative by school employer
Sec. 2. (a) A school employer may recognize as the exclusive representative of the school employer's employees within an appropriate unit a school employee organization that presents to the employer evidence of the school employee organization's representation of a majority of the school employees within the unit, unless:

(1) another school employee organization representing twenty percent (20%) of the school employees within the unit files written objections to the recognition; or
(2) a school employee files a complaint to the composition of the unit with the school employer or the board within the notice period set forth in this section.

(b) Before recognizing an exclusive representative under this section, the school employer shall post a written public notice of the school employer's intention to recognize the school employee
organization as exclusive representative of the school employees within the unit. The notice must be posted, for thirty (30) calendar days immediately preceding recognition, in each of the buildings where the school employees in any unit principally work.

IC 20-29-5-3
Determination of exclusive representative other than exclusive school employee organization

Sec. 3. (a) If an exclusive school employee organization is not determined under section 2 of this chapter, the determination of whether a school employee organization shall be the exclusive representative shall be determined under this section.

(b) A school employee organization may file a petition asserting that:

(1) twenty percent (20%) of the employees in an appropriate unit wish to be represented for collective bargaining by the school employee organization as exclusive representative; or

(2) the designated exclusive representative is no longer the representative of the majority of school employees in the unit.

(c) The school employer may file a petition asserting:

(1) that one (1) or more school employee organizations have presented to the school employer a claim to be recognized as the exclusive representative in an appropriate unit; or

(2) that the school employer has good faith doubt that the previously certified school employee organization represents a majority of employees in the bargaining unit.

(d) Twenty percent (20%) of the school employees in a unit may file a petition asserting that the designated exclusive representative is no longer the representative of the majority of school employees in the unit.

(e) The board shall investigate a petition filed under subsection (b), (c), or (d). If the board has reasonable cause to believe that a question exists as to whether the designated exclusive representative or any school employee organization represents a majority of the school employees in a unit, the board shall provide for an appropriate hearing within thirty (30) days. In holding a hearing, the board is not required to comply with IC 4-21.5.

(f) If the board finds, based on the record of a hearing held under subsection (e), that a question of representation exists, the board shall direct an election by secret ballot in a unit the board determines to be appropriate.

(g) Certification as the exclusive representative may be granted only to a school employee organization that has been selected in a secret ballot election under subsection (f), by a majority of all the employees in an appropriate unit as their representative.

(h) An election described in subsection (f) may not be held in a bargaining unit if a valid election has been held in the preceding twenty-four (24) month period.

IC 20-29-5-4
Elections
Sec. 4. In any election under this chapter, the board shall:
(1) determine who is eligible to vote in the election; and
(2) establish rules governing the election.

IC 20-29-5-5
Ballots
Sec. 5. The ballot in an election under this chapter must contain the following:
(1) The name of the petitioning school employee organization.
(2) The names of any other school employee organization showing written evidence satisfactory to the board of at least twenty percent (20%) representation of the school employees within the unit.
(3) A provision for choosing "No representation by a school employee organization."

IC 20-29-5-6
Dues deductions
Sec. 6. (a) The school employer shall, on receipt of the written authorization of a school employee:
(1) deduct from the pay of the employee any dues designated or certified by the appropriate officer of a school employee organization that is an exclusive representative of any employees of the school employer; and
(2) remit the dues described in subdivision (1) to the school employee organization.
(b) Deductions under this section must be consistent with:
(1) IC 22-2-6;
(2) IC 22-2-7; and
(3) IC 20-28-9-18.

IC 20-29-5-7
Teacher members on committees
Sec. 7. (a) This section does not apply to the bargaining team for the exclusive representative.
(b) The percentage of teacher positions the exclusive representative may appoint to serve on a statutory or locally created district wide committee may not exceed the percentage of teachers in the school corporation who are members of the exclusive representative. If multiplying the number of teacher positions on the committee by the percentage of teachers in the school corporation who are members of the exclusive representative does not produce a whole number, the product must be rounded up to the nearest whole number. The percentage of positions applies to the number of teacher positions on a committee and not to the total number of positions on
a committee.

(c) The percentage of teacher positions the exclusive representative may appoint to serve on a statutory or locally created school wide committee may not exceed the percentage of teachers in the school who are members of the exclusive representative. If multiplying the number of teacher positions on the committee by the percentage of teachers in the school who are members of the exclusive representative does not produce a whole number, the product must be rounded up to the nearest whole number. The percentage of positions applies to the number of teacher positions on a committee and not to the total number of positions on a committee.

(d) A committee to which this section applies may not address subjects of bargaining under this article. A school employer's appointment of a teacher to a committee is not an unfair practice as it relates to the appointment of the teacher committee members.

(e) By September 15 of each school year, the local president or other officer or designee of the exclusive representative shall certify by affidavit to the school employer the number of teachers in each school and in the entire school corporation who are members of the exclusive representative.

Chapter 6. Collective Bargaining

IC 20-29-6-1
Duty to bargain collectively and discuss

Sec. 1. School employers and school employees shall:
(1) have the obligation and the right to bargain collectively the items set forth in section 4 of this chapter;
(2) have the right and obligation to discuss any item set forth in section 7 of this chapter; and
(3) enter into a contract embodying any of the matters listed in section 4 of this chapter on which they have bargained collectively.

IC 20-29-6-2
Contracts

Sec. 2. (a) Any contract may not include provisions that conflict with:
(1) any right or benefit established by federal or state law;
(2) school employee rights set forth in IC 20-29-4-1 and IC 20-29-4-2;
(3) school employer rights set forth in IC 20-29-4-3;
(4) restructuring options available to a school employer under federal or state statutes, regulations, or rules because of the failure of the school corporation or a school to meet federal or state accountability standards;
(5) a school employer's ability to contract, partner, or operate jointly with an educational entity that provides postsecondary credits to students of the school employer or dual credits from the school employer and the educational entity; or
(6) section 4.5(a) of this chapter.

(b) A subject that is set forth in section 4.5(a) of this chapter may not be included in any contract after June 30, 2011.

IC 20-29-6-3
Unlawful deficit financing

Sec. 3. (a) It is unlawful for a school employer to enter into any agreement that would place the employer in a position of deficit financing due to a reduction in the employer's actual general fund revenue or an increase in the employer's expenditures when the expenditures exceed the employer's current year actual general fund revenue.

(b) A contract that provides for deficit financing is void to that extent, and an individual teacher's contract executed under the contract is void to that extent.

IC 20-29-6-4
Subjects of bargaining
Sec. 4. (a) A school employer shall bargain collectively with the exclusive representative on the following:

(1) Salary.
(2) Wages.
(3) Salary and wage related fringe benefits, including accident, sickness, health, dental, vision, life, disability, retirement benefits, and paid time off as permitted to be bargained under IC 20-28-9-11.

(b) Salary and wages include the amounts of pay increases available to employees under the salary scale adopted under IC 20-28-9-1.5, but do not include the teacher evaluation procedures and criteria, or any components of the teacher evaluation plan, rubric, or tool.

IC 20-29-6-4.5
Prohibited subjects of collective bargaining
Sec. 4.5. (a) For a contract entered into after June 30, 2011, a school employer may not bargain collectively with the exclusive representative on the following:

(1) The school calendar.
(2) Teacher dismissal procedures and criteria.
(3) Restructuring options available to a school employer under federal or state statutes, regulations, or rules because of the failure of the school corporation or a school to meet federal or state accountability standards.
(4) The ability of a school employer to contract, partner, or operate jointly with an educational entity that provides postsecondary credits to students of the school employer or dual credits from the school employer and the educational entity.
(5) Any subject not expressly listed in section 4 of this chapter.

(b) A subject set forth in subsection (a) that may not be bargained collectively may not be included in an agreement entered into under this article.

As added by P.L.48-2011, SEC.15.

IC 20-29-6-4.7
Bargaining on teacher evaluation procedures and criteria prohibited; duration of contract
Sec. 4.7. (a) A school employer may not bargain collectively with the exclusive representative on teacher evaluation procedures and criteria after this section has been enacted into law.

(b) A contract entered into between a school employer and an exclusive representative after this section has been enacted into law may not extend past the end of a state budget biennium.

As added by P.L.48-2011, SEC.16.
Grievance procedure
Sec. 5. A contract entered into under this chapter may contain a grievance procedure.

IC 20-29-6-6
Limitations on obligation to bargain collectively
Sec. 6. The obligation to bargain collectively does not include the final approval of a contract concerning any items. Agreements reached through collective bargaining are binding as a contract only if ratified by the governing body of the school corporation and the exclusive representative. The obligation to bargain collectively does not require the school employer or the exclusive representative to agree to a proposal of the other or to make a concession to the other.

IC 20-29-6-7
Subjects of discussion
Sec. 7. A school employer shall discuss with the exclusive representative of certificated employees the following items:
(1) Curriculum development and revision.
(2) Selection of curricular materials.
(3) Teaching methods.
(4) Hiring, evaluation, promotion, demotion, transfer, assignment, and retention of certificated employees.
(5) Student discipline.
(6) Expulsion or supervision of students.
(7) Pupil/teacher ratio.
(8) Class size or budget appropriations.
(9) Safety issues for students and employees in the workplace, except those items required to be kept confidential by state or federal law.
(10) Hours.

IC 20-29-6-8
Contract, agreement, or concession not required
Sec. 8. The obligation to discuss does not require either party to enter into a contract, agree to a proposal, or make a concession related to the items listed in section 7 of this chapter. A failure to reach an agreement on a matter of discussion does not allow the use of any part of the impasse procedure under IC 20-29-8.

IC 20-29-6-9
Discussions outside obligation to bargain collectively
Sec. 9. The obligation to bargain collectively or discuss a matter does not prevent:
(1) a school employee from petitioning the school employer,
governing body, or superintendent for a redress of the employee's grievances, either individually or through the exclusive representative; or
(2) the school employer or superintendent from conferring with a citizen, taxpayer, student, school employee, or other person considering the operation of the schools and the school corporation.

IC 20-29-6-10
Recommendations by superintendent
Sec. 10. Nothing shall prevent a superintendent or the superintendent's designee from making recommendations to the school employer.

Commencement of collective bargaining
Sec. 12. Formal collective bargaining between a school corporation and the exclusive representative shall not begin before:
(1) August 1 in the first year of the state budget biennium; or
(2) August 1 in the second year of the state budget biennium if the parties agreed to a one (1) year contract during the first year of the state budget biennium or the contract provides for renegotiating certain financial items the second year of a two (2) year contract.
Informal negotiations may be held before August 1.

IC 20-29-6-12.5
Certification of estimated available revenue
Sec. 12.5. (a) Before August 1 of the first year of the state budget biennium, the department shall provide the parties with an estimate of the general fund revenue available for bargaining in the school corporation from the school funding formula.
(b) Within thirty (30) days after the date of the fall count of ADM of the school year in the first year of the state budget biennium, the department shall provide the parties with a certification of estimated general fund revenue available for bargaining from the school funding formula. A school employer that has passed a general fund operating referendum under IC 20-46-1 must have that amount certified by the department of local government finance. The school corporation must obtain the certification before the commencement of bargaining. These certifications must be the basis for determinations throughout impasse proceedings under this chapter.
IC 20-29-6-13
Appointment of mediator
Sec. 13. (a) If, at any time after at least sixty (60) days following the beginning of formal bargaining collectively between the parties, an impasse is declared, the board shall appoint a mediator from the board's staff or an ad hoc panel.
(b) The mediator shall begin mediation within fifteen (15) days after the board receives notice of impasse.
(c) The mediation must consist of not more than three (3) mediation sessions and must result in one (1) of the following:
(1) An agreement between the parties on the items permitted to be bargained under section 4 of this chapter.
(2) Each party's last best offer, including fiscal rationale, related to items permitted to be bargained under section 4 of this chapter.
(d) Costs for the mediator shall be borne equally by the parties.

Initiation of factfinding
Sec. 15.1. (a) If an agreement has not been reached on the items permitted to be bargained collectively under section 4 of this chapter, within fifteen (15) days after mediation under section 13 of this chapter has ended, the board shall initiate factfinding.
(b) Factfinding must culminate in the factfinder imposing contract terms on the parties. The factfinder must select one (1) party's last best offer as the contract terms. The factfinder's order must be restricted to only those items permitted to be bargained and included in the collective bargaining agreement under section 4 of this chapter and must not put the employer in a position of deficit financing (as defined in IC 20-29-2-6). The factfinder's order may not impose terms beyond those proposed by the parties in their last, best offers.
(c) Costs for the factfinder shall be borne equally by the parties.
(d) Factfinding may not last longer than fifteen (15) days.
As added by P.L.229-2011, SEC.181.

IC 20-29-6-16
Continuation of existing agreement; circumstances

Sec. 16. (a) If an agreement has not been reached on the items to be bargained collectively by November 1, as provided in IC 6-1.1-17-5, the parties shall continue the terms of the current contract that is in effect, and the school employer may issue tentative individual contracts and prepare its budget on that basis. During this period, in order to allow the successful resolution of the dispute, the school employer may not unilaterally change the terms or conditions of employment that are issues in dispute.

(b) Upon the expiration of the current contract that is in effect, the school employer shall continue under the terms of the current contract that is in effect, with no increase or increment in salary, wages, or benefits for any bargaining unit employee until a new contract is executed, unless continuation would put the school employer in a position of deficit financing due to a reduction in the employer's actual general fund revenue or an increase in an employer's expenditures when the expenditures exceed the current year actual general fund revenue.

(c) The only parts of the contract that must continue under this section are the items contained in the contract and listed in section 4 of this chapter.

(d) This section may not be construed as relieving the school employer or the school employee organization from the duty to bargain collectively until a mutual agreement has been reached and a contract entered as called for in this chapter.

(b) The board's decision must be restricted to only those items permitted to be bargained and included in the collective bargaining agreement under section 4 of this chapter and must not put the employer in a position of deficit financing, as defined in IC 20-29-2-6. The board's decision may not impose terms beyond those proposed by the parties in their last, best offers.

(c) The board must rule on the appeal within thirty (30) days after receipt of notice of appeal.

IC 20-29-7
Chapter 7. Unfair Practices

IC 20-29-7-1
Unfair practices by school employer

Sec. 1. (a) It is an unfair practice for a school employer to do any of the following:

(1) Interfere with, restrain, or coerce school employees in the exercise of the rights guaranteed in IC 20-29-4.
(2) Dominate, interfere, or assist in the formation or administration of any school employee organization or contribute financial or other support to the organization. Subject to rules adopted by the governing body, a school employer may permit school employees to confer with the school employer or with any school employee organization during working hours without loss of time or pay.
(3) Encourage or discourage membership in any school employee organization through discrimination in regard to:
   (A) hiring;
   (B) tenure of employment; or
   (C) any term or condition of employment.

(5) Refuse to:
   (A) bargain collectively; or
   (B) discuss; with an exclusive representative as required by this article.
(6) Fail or refuse to comply with any provision of this article.

(b) If:

IC 20-29-7-2
Unfair practices by school employee organization

Sec. 2. It is an unfair practice for a school employee organization or the organization's agents to do any of the following:

   (A) school employees in the exercise of the rights guaranteed by this article; or
   (B) a school employer in the selection of its representatives for the purpose of bargaining collectively, discussing, or adjusting grievances.

This subdivision does not impair the right of a school employee organization to adopt its own rules with respect to the
acquisition or retention of membership in the school employee organization.
(2) Cause or attempt to cause a school employer to discriminate against an employee in violation of section 1 of this chapter.
(3) Refuse to bargain collectively with a school employer if the school employee organization is the exclusive representative.
(4) Fail or refuse to comply with any provision of this article.

IC 20-29-7-3
Right of school employer or school employee organization to bring suit
Sec. 3. This chapter does not in any way restrict the right of a:
(1) school employer; or
(2) school employee organization;
to bring suit for specific performance or breach of performance, or both, of a collective bargaining contract in any court having jurisdiction.

IC 20-29-7-4
Prevention of unfair practices
Sec. 4. (a) Unfair practices are remediable under this section.
(b) A school employer or a school employee who believes the employer or employee is aggrieved by an unfair practice may file a complaint under oath:
(1) setting out a summary of the facts involved; and
(2) specifying the section or sections of this article alleged to have been violated.
(c) The board shall:
(1) give notice to the person or school employee organization against whom the complaint is directed; and
(2) determine the matter raised in the complaint.
(d) Appeals may be taken under IC 4-21.5-3.
(e) A hearing examiner or agent of the board, who may be a member of the board, may:
(1) take testimony; and
(2) make findings and conclusions.

   (4) any other state agency.
(e) The factfinder shall conduct the factfinding hearing in public in a room or facility owned by the county or local unit of government located in the county in which the school employer is located, or if the school employer is located in more than one (1) county, in the county in which the greatest number of students who attend the school employer's schools reside. The public hearing may begin not earlier than October 1 in the first year of the state budget biennium and must be concluded by December 31 of the same year.

(f) The factfinding process may not exceed fifteen (15) days from beginning to end, and not more than two (2) of those days may be used for public testimony, which may be taken at the discretion of the factfinder. (g) The factfinder shall make a recommendation as to the settlement of the disputes over which the factfinder has jurisdiction.

(h) The factfinder shall:

(1) make the investigation, hearing, and findings as expeditiously as the circumstances permit; and
(2) deliver the findings to the parties and to the board.

(i) The board, after receiving the findings and recommendations, may make additional findings and recommendations to the parties based on information in:

(1) the report; or
(2) the board's own possession.

The board may not make any recommendations to the parties related to any items not specifically identified in IC 20-29-6-4.

(j) At any time within five (5) days after the findings and recommendations are delivered to the board, the board may make the findings and recommendations of the factfinder and the board's additional findings and recommendations, if any, available to the public through news media and other means the board considers effective.

(k) The board shall make the findings and recommendations described in subsection (j) available to the public not later than ten (10) days after the findings and recommendations are delivered to the board.

IC 20-29-8-8
Factors considered by factfinder

Sec. 8. In conducting hearings and investigations, the factfinder is not bound by IC 4-21.5. The factfinder shall, however, consider the following factors:

(1) Past memoranda of agreements and contracts between the parties.
(2) Comparisons of wages and hours of the employees involved with wages of other employees working for other public agencies and private concerns doing comparable work, giving consideration to factors peculiar to the school corporation.

(3) The public interest.

(B) fails to return at the beginning of a semester; or
(C) stops attending school during a semester; and

(4) The withdrawal is due to:
   (A) financial hardship and the individual must be employed
to support the individual's family or a dependent;
   (B) illness; or
   (C) an order by a court that has jurisdiction over the child.
During the exit interview, the school principal shall provide to the
student and the student's parent a copy of statistics compiled by the
department concerning the likely consequences of life without a high
school diploma. The school principal shall advise the student and the
student's parent that the student's withdrawal from school may
prevent the student from receiving or result in the revocation of the
student's employment certificate and driver's license or learner's
permit.
(c) For purposes of this section, the following must be in written
form:
   (1) An individual's request to withdraw from school.
   (2) A parent's consent to a withdrawal.

       and for whom there is no record of transfer to another school.
   (2) The number of individuals who withdrew from school
       following an exit interview.
(f) If an individual to which this section applies:
   (1) has not received consent to withdraw from school under this

   (2) fails to return to school at the beginning of a semester or
during the semester;
the principal of the school that the individual last attended shall
deliver by certified mail or personal delivery to the bureau of child
labor a record of the individual's failure to return to school so that the
bureau of child labor revokes any employment certificates issued to
the individual and does not issue any additional employment
certificates to the individual. For purposes of IC 20-33-3-13, the
individual shall be considered a dropout.
(g) At the same time that a school principal delivers the record
under subsection (f), the principal shall deliver by certified mail or
personal delivery to the bureau of motor vehicles a record of the individual's failure to return to school so that the bureau of motor vehicles revokes any driver's license or learner's permit issued to the individual and does not issue any additional driver's licenses or learner's permits to the individual before the individual is at least eighteen (18) years of age. For purposes of IC 9-24-2-1, the individual shall be considered a dropout.

The principal and a parent of the student shall both sign the form to acknowledge that the parent understands the content of the form.

(c) If the parent of the student refuses to sign the form provided by the principal under subsection (b), the student is considered a dropout and the principal shall report the student to the bureau of motor vehicles for action under section 28.5(g) of this chapter. ARTICLE 38. EDUCATIONAL COMPACTS

IC 20-38-1
Chapter 1. Interstate Agreement of Qualifications of Educational Personnel

IC 20-38-1-1
Contents of interstate agreement

Sec. 1. The following interstate agreement on qualification of educational personnel is enacted into law and entered into by this state with all other states legally joining the interstate agreement in substantially the following form:

INTERSTATE AGREEMENT ON QUALIFICATION OF EDUCATIONAL PERSONNEL

Article 1 – Purpose, Findings, and Policy

1. The states party to this agreement, desiring by common action to improve their respective school systems by utilizing the teacher or other professional educational person wherever educated, declare that it is the policy of each of them, on the basis of cooperation with one another, to take advantage of the preparation and experience of such persons wherever gained, thereby serving the best interests of society, of education, and of the teaching profession. It is the purpose of this agreement to provide for the development and execution of such programs of cooperation as will facilitate the movement of teachers and other professional educational personnel among the states party to it, and to authorize specific interstate educational personnel contracts to achieve that end.

2. The party states find that included in the large movement of population among all sections of the nation are many qualified educational personnel who move for family and other personal reasons but who are hindered in using their professional skill and experience in their new locations. Variations from state to state in requirements for qualifying educational personnel discourage such personnel from taking the steps necessary to qualify in other states. As a consequence, a significant number of professionally prepared and experienced educators is lost to our school systems. Facilitating the employment of qualified educational personnel, without reference to their states of origin, can increase the available educational resources. Participation in this compact can increase the availability of educational manpower. All contracts shall be subject to approval of the Indiana state board of education.

Article 2 – Definitions

As used in this agreement and contracts made pursuant to it, unless the context clearly requires otherwise:

1. "Educational personnel" means persons who must meet requirements pursuant to state law as a condition of employment in educational programs.

2. "Designated state official" means the education official of a state selected by that state to negotiate and enter into, on behalf of the
individual's state, contracts pursuant to this agreement.

3. "Accept", or any variant thereof, means to recognize and give effect to one (1) or more determinations of another state relating to the qualifications of educational personnel in lieu of making or requiring a like determination that would otherwise be required by or pursuant to the laws of a receiving state.

4. "State" means a state, territory, or possession of the United States; the District of Columbia; or the Commonwealth of Puerto Rico.

5. "Originating state" means a state (and the subdivision thereof, if any) whose determination that certain educational personnel are qualified to be employed for specific duties in schools is acceptable in accordance with the terms of a contract made pursuant to Article 3.

6. "Receiving state" means a state (and the subdivisions thereof) which accept educational personnel in accordance with the terms of a contract made pursuant to Article 3.

Article 3 – Interstate Educational Personnel Contracts

1. The designated state official of a party state may make one (1) or more contracts on behalf of the official's state with one (1) or more other party states providing for the acceptance of educational personnel. Any such contract for the period of its duration shall be applicable to and binding on the states whose designated state officials enter into it, and the subdivisions of those states, with the same force and effect as if incorporated in this agreement. A designated state official may enter into a contract pursuant to this article only with states in which the official finds that there are programs of education, certification standards, or other acceptable qualifications that assure preparation or qualification of educational personnel on a basis sufficiently comparable, even though not identical to that prevailing in the official's own state.

2. Any such contract shall provide for:

   (a) Its duration.

   (b) The criteria to be applied by an originating state in qualifying educational personnel for acceptance by a receiving state.

   (c) Such waivers, substitutions, and conditional acceptances as shall aid the practical effectuation of the contract without sacrifice of basic educational standards.

   (d) Any other necessary matters.

3. No contract made pursuant to this agreement shall be for a term longer than five (5) years, but any such contract may be renewed for like or lesser periods.

4. Any contract dealing with acceptance of educational personnel on the basis of their having completed an educational program shall specify the earliest date or dates on which originating state approval of the program or programs involved can have occurred. No contract made pursuant to this agreement shall require acceptance by a receiving state of any persons qualified because of successful completion of a program before January 1, 1954.

5. The certification or other acceptance of a person who has been
accepted pursuant to the terms of a contract shall not be revoked or otherwise impaired because the contract has expired or been terminated. However, any certificate or other qualifying document may be revoked or suspended on any ground which would be sufficient for revocation or suspension of a certificate or other qualifying document initially granted or approved in the receiving state.

6. A contract committee composed of the designated state officials of the contracting states or their representatives shall keep the contract under continuous review, study means of improving its administration, and report no less frequently than once a year to the heads of the appropriate education agencies of the contracting states.

Article 4 – Approved and Accepted Programs

1. Nothing in this agreement shall be construed to repeal or otherwise modify any law or regulation of a party state relating to the approval of programs of educational preparation having effect solely on the qualification of educational personnel within that state.

2. To the extent that contracts made pursuant to this agreement deal with the educational requirements for the proper qualification of educational personnel acceptance of a program of educational preparation shall be in accordance with such procedures and requirements as may be provided in the applicable contract.

Article 5 – Interstate Cooperation

The party states agree that:

1. They will, so far as practicable, prefer the making of multilateral contracts pursuant to Article 3 of this agreement.

2. They will facilitate and strengthen cooperation in interstate certification and other elements of educational personnel qualification and for this purpose shall cooperate with agencies, organizations, and associations interested in certification and other elements of educational personnel qualification.

Article 6 – Agreement Evaluation

The designated state officials of any party state may meet from time to time as a group to evaluate progress under the agreement and to formulate recommendations for changes.

Article 7 – Other Arrangements

Nothing in this agreement shall be construed to prevent or inhibit other arrangements or practices of any party state or states to facilitate the interchange of educational personnel.

Article 8 – Effect and Withdrawal

1. This agreement shall become effective when enacted into law by two (2) states. Thereafter it shall become effective as to any state upon its enactment of this agreement.

2. Any party state may withdraw from this agreement by enacting a statute repealing the same, but no such withdrawal shall take effect until one (1) year after the governor of the withdrawing state has given notice in writing of the withdrawal to the governors of all other party states.

3. No withdrawal shall relieve the withdrawing state of any obligation imposed upon it by a contract to which it is a party. The
duration of contracts and the methods and conditions of withdrawal therefrom shall be those specified in their terms.

Article 9 – Construction and Severability

This agreement shall be liberally construed so as to effectuate the purposes thereof. The provisions of this agreement shall be severable and if any phrase, clause, sentence, or provision of this agreement is declared to be contrary to the constitution of any state or of the United States, or the application thereof to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this agreement and the applicability thereof to any government, agency, person, or circumstance shall not be affected thereby. If this agreement shall be held contrary to the constitution of any state participating therein, the agreement shall remain in full force and effect as to the state affected as to all severable matters.

IC 20-38-1-2

Authorized person to negotiate and enter contracts; rules

Sec. 2. (a) The state superintendent, or a person authorized to act in behalf of the state superintendent, is the education official selected by this state to negotiate and enter into, on behalf of this state, contracts under the interstate agreement set forth in section 1 of this chapter.

(b) The designated education official, acting jointly with similar officers of other party states, may adopt rules to carry out more effectively the terms of the interstate agreement.

(c) The designated education official is authorized, empowered, and directed to cooperate with all departments, agencies, and officers of state government and its subdivisions in facilitating the proper administration of the following:

(1) The interstate agreement.

(2) A supplementary agreement entered into by this state under the interstate agreement.

Chapter 2. Compact for Education

IC 20-38-2-1
Contents of compact for education

Sec. 1. The following compact for education, which has been negotiated by the representatives of the fifty (50) states, is approved, ratified, adopted, enacted into law, and entered into by the state as a party and a signatory state, namely:

COMPACT FOR EDUCATION

ARTICLE 1.
PURPOSE AND POLICY.

A. It is the purpose of this compact to:
1. Establish and maintain close cooperation and understanding among executive, legislative, professional educational, and lay leadership on a nationwide basis at the state and local levels.
2. Provide a forum for the discussion, development, crystallization and recommendation of public policy alternatives in the field of education.
3. Provide a clearinghouse of information on matters relating to educational problems and how they are being met in different places throughout the nation, so that the executive and legislative branches of state government and of local communities may have ready access to the experience and record of the entire country, and so that both lay and professional groups in the fields of education may have additional avenues for the sharing of experience and the interchange of ideas in the formation of public policy in education.
4. Facilitate the improvement of state and local educational systems so that all of them will be able to meet adequate and desirable goals in a society which requires continuous qualitative and quantitative advance in educational opportunities, methods and facilities.

B. It is the policy of this compact to encourage and promote local and state initiative in the development, maintenance, improvement, and administration of educational systems and institutions in a manner which will accord with the needs and advantages of diversity among localities and states.

C. The party states recognize that each of them has an interest in the quality and quantity of education furnished in each of the other states, as well as in the excellence of its own educational systems and institutions, because of the highly mobile character of individuals within the nation, and because the products and services contributing to the health, welfare, and economic advancement of each state are supplied in significant part by persons educated in other states.

ARTICLE 2.
STATE DEFINED.

As used in this compact, "state" means a state, territory or possession of the United States, the District of Columbia, or the Commonwealth of Puerto Rico.

ARTICLE 3.
THE COMMISSION.

A. The education commission of the states, hereinafter called "the commission," is established. The commission shall consist of seven (7) members representing each party state. One (1) of such members shall be the governor; two (2) shall be members of the state legislature selected by its respective houses and serving in such manner as the legislature may determine; and four (4) shall be appointed by and serve at the pleasure of the governor, unless the laws of the state otherwise provide. If the laws of a state prevent legislators from serving on the commission, six (6) members shall be appointed and serve at the pleasure of the governor, unless the laws of the state otherwise provide. In addition to any other principles or requirements which a state may establish for the appointment and service of its members of the commission, the guiding principle for the composition of the membership on the commission for each party state shall be that the members representing such state shall by virtue of their training, experience, knowledge or affiliations be in a position collectively to reflect broadly the interests of the state government, higher education, the state education system, local education, lay and professional, public and nonpublic educational leadership. Of those appointees, one (1) shall be the head of a state agency or institution, designated by the governor, having responsibility for one (1) or more programs of public education. In addition to the members of the commission representing the party states, there may be not to exceed ten (10) nonvoting commissioners selected by the steering committee for terms of one (1) year. Such commissioners shall represent leading national organizations of professional educators or persons concerned with educational administration.

B. The members of the commission shall be entitled to one (1) vote each on the commission. No action of the commission shall be binding unless taken at a meeting at which a majority of the total number of votes on the commission are cast in favor thereof. Action of the commission shall be only at a meeting at which a majority of the commissioners are present. The commission shall meet at least once a year. In its bylaws, and subject to such directions and limitations as may be contained therein, the commission may delegate the exercise of any of its powers to the steering committee or the executive director, except for the power to approve budgets or requests for appropriations, and power to make policy recommendations pursuant to Article 4 and adoption of the annual report pursuant to Article 3(J).

C. The commission shall have a seal.

D. The commission shall elect annually, from among its members, a chairman, who shall be a governor, a vice chairman, and a treasurer. The commission shall provide for the appointment of an executive director. Such executive director shall serve at the pleasure of the commission, and together with the treasurer and such other personnel as the commission may deem appropriate shall be bonded in such amount as the commission shall determine. The executive director
shall be secretary.

E. Irrespective of the civil service, personnel, or other merit system laws of any of the party states, the executive director subject to the approval of the steering committee shall appoint, remove or discharge such personnel as may be necessary for the performance of the functions of the commission, and shall fix the duties and compensation of such personnel. The commission in its bylaws shall provide for the personnel policies and programs of the commission.

F. The commission may borrow, accept, or contract for the services of personnel from any party jurisdiction, the United States, or any subdivision or agency of the aforementioned governments, or from any agency of two (2) or more of the party jurisdictions or their subdivisions.

G. The commission may accept for any of its purposes and functions under this compact any and all donations, and grants of money, equipment, supplies, materials, and services, conditional or otherwise, from any state, the United States, or any other governmental agency, or from any person, firm, association, foundation, limited liability company, or corporation, and may receive, utilize and dispose of the same. Any donation or grant accepted by the commission pursuant to this paragraph or services borrowed pursuant to Article 3(F) shall be reported in the annual report of the commission. Organization and operation of commission

Sec. 11. ARTICLE XI. ORGANIZATION AND OPERATION OF THE INTERSTATE COMMISSION

A. The interstate commission shall, by a majority of members present and voting, within twelve (12) months after the first interstate
commission meeting, adopt bylaws to govern its conduct and carry out the purposes of this compact, including the following:

1. Establishing the fiscal year of the interstate commission.
2. Establishing an executive committee and other necessary committees.
3. Providing for the establishment of committees and for governing any delegation of authority or function of the interstate commission.
4. Providing reasonable procedures for calling and conducting meetings of the interstate commission and ensuring reasonable notice of each meeting.
5. Establishing the titles and responsibilities of the officers and staff of the interstate commission.
6. Providing a mechanism for concluding the operations of the interstate commission and the return of surplus funds existing upon the termination of the compact after the payment and reserving of all the debts and obligations of the interstate commission.
7. Providing "start up" rules for initial administration of this compact.

B. The interstate commission shall, by a majority of members, elect annually from its members a chairperson, a vice chairperson, and a treasurer, each of whom has the authority and duties specified in the bylaws. The chairperson or vice chairperson, as applicable, shall preside at all meetings of the interstate commission. The elected officers shall serve without compensation or remuneration from the interstate commission. However, subject to the availability of budgeted funds, the officers shall be reimbursed for ordinary and necessary costs and expenses incurred in the performance of their responsibilities as officers of the interstate commission.

C. Executive Committee, Officers, and Personnel

1. The executive committee has the authority and duties set forth in the bylaws, including:
   a. managing the affairs of the interstate commission in a manner consistent with the bylaws and purposes of the interstate commission;
   b. overseeing an organizational structure within, and appropriate procedures for, the interstate commission to provide for the creation of rules, operating procedures, and administrative and technical support functions; and
   c. planning, implementing, and coordinating communications and activities with other state, federal, and local government organizations to advance the goals of the interstate commission.

2. The executive committee may, subject to the approval of the interstate commission, appoint or retain an executive director for a period, upon such terms and conditions, and for such compensation as the interstate commission may consider appropriate. The executive director shall serve as secretary to the interstate commission but is not a member of the interstate
commission. The executive director shall hire and supervise other persons authorized by the interstate commission.

D. The interstate commission's executive director and interstate commission employees are immune from suit and liability, personally or in their official capacities, for a claim for damage to or loss of property or personal injury or other civil liability caused or arising out of or relating to an actual or alleged act, error, or omission that occurred, or that such a person had a reasonable basis for believing occurred, within the scope of interstate commission employment, duties, or responsibilities. However, a person is not protected from suit or liability for damage, loss, injury, or liability caused by the intentional or willful and wanton misconduct of the person.

1. The liability of the interstate commission's executive director, an employee, or a representative, acting within the scope of the person's employment or duties for acts, errors, or omissions occurring within the person's state may not exceed the limits of liability set forth under the Constitution and laws of that state for state officials, employees, and agents. The interstate commission is an instrumentality of the states for purposes of such an action. This subsection shall be construed to protect such person from suit or liability for damage, loss, injury, or liability caused by the intentional or willful and wanton misconduct of the person.

2. The interstate commission shall defend the executive director and its employees and, subject to the approval of the attorney general or other appropriate legal counsel of a member state represented by an interstate commission representative, shall defend the interstate commission representative in a civil action seeking to impose liability arising out of an actual or alleged act, error, or omission that occurred within the scope of interstate commission employment, duties or responsibilities, or that the defendant reasonably believed occurred within the scope of interstate commission employment, duties, or responsibilities, provided that the actual or alleged act, error, or omission did not result from intentional or willful and wanton misconduct on the part of the defendant.

3. To the extent not covered by the state involved, a member state, the interstate commission, and the representatives and employees of the interstate commission are held harmless in the amount of a settlement or judgment, including attorney's fees and costs, obtained against persons arising out of an actual or alleged act, error, or omission that occurred within the scope of interstate commission employment, duties, or responsibilities, or that the persons reasonably believed occurred within the scope of interstate commission employment, duties, or responsibilities, provided that the actual or alleged act, error, or omission did not result from intentional or willful and wanton misconduct on the part of the persons.

IC 20-38-3-12
Rulemaking functions of commission

Sec. 12. ARTICLE XII. RULEMAKING FUNCTIONS OF THE INTERSTATE COMMISSION

A. The interstate commission shall adopt reasonable rules to effectively and efficiently achieve the purposes of this compact. However, if the interstate commission exercises its rulemaking authority in a manner that is beyond the scope of the purposes of or power granted under this compact, the action by the interstate commission is invalid and has no force or effect.

B. Rules shall be made under a rulemaking process that substantially conforms to the "Model State Administrative Procedure Act," of 1981 Act, Uniform Laws Annotated, Vol. 15, p. 1 (2000) as amended, as may be appropriate to the operations of the interstate commission.

C. Not later than thirty (30) days after a rule is adopted, a person may file a petition for judicial review of the rule. However, the filing of a petition does not stay or otherwise prevent the rule from becoming effective unless a court finds that the petitioner has a substantial likelihood of success. The court shall defer to the actions of the interstate commission consistent with applicable law and shall not find the rule to be unlawful if the rule represents a reasonable exercise of the interstate commission's authority.

D. If a majority of the legislatures of the member states rejects a rule by enactment of a statute or resolution in the same manner used to adopt the compact, the rule has no further force and effect in any compacting state.

IC 20-38-3-13
Oversight, enforcement, and dispute resolution

Sec. 13. ARTICLE XIII. OVERSIGHT, ENFORCEMENT, AND DISPUTE RESOLUTION

A. Oversight

1. The executive, legislative, and judicial branches of state government in each member state shall enforce this compact and take all actions necessary and appropriate to effectuate the compact's purposes and intent. This compact and the rules adopted under this compact have standing as statutory law.

2. All courts shall take judicial notice of this compact and the rules adopted under this compact in any judicial or administrative proceeding in a member state pertaining to the subject matter of this compact that may affect the powers, responsibilities, or actions of the interstate commission.

3. The interstate commission is entitled to receive all service of process in any proceeding and has standing to intervene in the proceeding for all purposes. Failure to provide service of process to the interstate commission renders a judgment or an order void as to the interstate commission, this compact, or adopted rules.
B. If the interstate commission determines that a member state has defaulted in the performance of its obligations or responsibilities under this compact, the bylaws, or the adopted rules, the interstate commission shall do the following:

1. Provide written notice to the defaulting state and other member states of the nature of the default, the means of curing the default, and any action taken by the interstate commission. The interstate commission shall specify the conditions by which the defaulting state must cure its default.
2. Provide remedial training and specific technical assistance regarding the default.
3. If the defaulting state fails to cure the default, the defaulting state shall be withdrawn from this compact upon an affirmative vote of a majority of the member states, and all rights, privileges, and benefits conferred by this compact are terminated from the effective date of the defaulting state's withdrawal. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of the default.
4. Suspension or termination of membership in this compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or withdraw shall be given by the interstate commission to the governor, the majority and minority leaders of the defaulting state's legislature, and each of the member states.
5. The member state that has been suspended or withdrawn is responsible for all assessments, obligations, and liabilities incurred through the effective date of its suspension or termination, including obligations, the performance of which extends beyond the effective date of suspension or withdrawal.
6. The interstate commission shall not bear any costs relating to any member state that has been found to be in default or that has been suspended or withdrawn from this compact unless otherwise mutually agreed upon in writing between the interstate commission and the defaulting member state.
7. The defaulting member state may appeal the action of the interstate commission by petitioning the United States District Court for the District of Columbia or the federal district where the interstate commission has its principal offices. The prevailing party shall be awarded all costs of such litigation, including reasonable attorney's fees.

C. Dispute Resolution

1. The interstate commission shall attempt, upon the request of a member state, to resolve disputes that are subject to this compact and that may arise among member states and between member and nonmember states.
2. The interstate commission shall adopt a rule providing for both mediation and binding dispute resolution for disputes as appropriate.

D. Enforcement
1. The interstate commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of this compact.

2. The interstate commission may, by majority vote of the members, initiate legal action in the United States District Court for the District of Columbia or, at the discretion of the interstate commission, in the federal district where the interstate commission has its principal offices, to enforce compliance with this compact and its adopted rules and bylaws against a member state in default. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing party shall be awarded all costs of such litigation, including reasonable attorney's fees.

3. The remedies set forth in this section are not the exclusive remedies of the interstate commission. The interstate commission may avail itself of any other remedies available under state law or the regulation of a profession.

IC 20-38-3-14
Financing of commission

Sec. 14. ARTICLE XIV. FINANCING OF THE INTERSTATE COMMISSION

A. The interstate commission shall pay, or provide for the payment of, the reasonable expenses of its establishment, organization, and ongoing activities.

B. The interstate commission may levy on, and collect an annual assessment from, each member state to cover the cost of the operations and activities of the interstate commission and its staff. The total amount of the assessment must be sufficient to cover the interstate commission's annual budget as approved each year. The total annual assessment amount shall be allocated based upon a formula to be determined by the interstate commission, which shall adopt a rule binding upon all member states.

C. The interstate commission may not incur obligations of any kind before securing the funds adequate to meet the obligations, nor shall the interstate commission pledge the credit of any of the member states, except by and with the authority of the member state.

D. The interstate commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the interstate commission are subject to the audit and accounting procedures established under its bylaws. However, all receipts and disbursements of funds handled by the interstate commission shall be audited yearly by a certified or licensed public accountant, and the report of the audit shall be included in and become part of the annual report of the interstate commission.

Sec. 15. ARTICLE XV. MEMBER STATES, EFFECTIVE DATE, AND AMENDMENT
A. Any state is eligible to become a member state.
B. This compact becomes effective and binding upon legislative enactment of the compact into law by at least ten (10) of the states. It becomes effective and binding as to any other member state upon enactment of the compact into law by that state. The governors of nonmember states or their designees shall be invited to participate in the activities of the interstate commission on a nonvoting basis before adoption of the compact by all states.
C. The interstate commission may propose amendments to this compact for enactment by the member states. An amendment shall not become effective and binding upon the interstate commission and the member states unless and until the amendment is enacted into law by unanimous consent of the member states.

IC 20-38-3-16
Withdrawal and dissolution
Sec. 16. ARTICLE XVI. WITHDRAWAL AND DISSOLUTION
A. Withdrawal
1. Once effective, this compact continues in force and remains binding upon each and every member state. However, a member state may withdraw from this compact by repealing the statute that enacted the compact into law.
2. Withdrawal from this compact shall be by repealing the statute that enacted this compact into law but does not take effect until one (1) year after the effective date of the repealing statute and until written notice of the withdrawal has been given by the withdrawing state to the governor of each other member state.
3. The withdrawing state shall immediately notify the chairperson of the interstate commission in writing upon the introduction of legislation repealing this compact in the withdrawing state. The interstate commission shall notify the other member states of the withdrawing state's intent to withdraw within sixty (60) days of its receipt of the written notification.
4. The withdrawing state is responsible for all assessments, obligations, and liabilities incurred through the effective date of its withdrawal, including obligations, the performance of which extend beyond the effective date of withdrawal.
5. Reinstatement following withdrawal of a member state shall occur upon the withdrawing state reenacting this compact or upon a later date as determined by the interstate commission.
B. Dissolution of Compact
1. This compact dissolves effective upon the date of the withdrawal or default of the member state that reduces the membership in the compact to one (1) member state.
2. Upon the dissolution of this compact, this compact becomes
void and is of no further force or effect, and the business and affairs of the interstate commission shall be concluded, and surplus funds shall be distributed, in accordance with the bylaws.  

**IC 20-38-3-17**

**Severability and construction**

Sec. 17. ARTICLE XVII. SEVERABILITY AND CONSTRUCTION

A. The provisions of this compact are severable, and if any phrase, clause, sentence, or provision is considered unenforceable, the remaining provisions of this compact are enforceable.

B. The provisions of this compact shall be liberally construed to effectuate its purposes.

C. This compact may not be construed to prohibit the applicability of other interstate compacts to which the states are members.

**IC 20-38-3-18**

**Binding effect of compact and other laws**

Sec. 18. ARTICLE XVIII. BINDING EFFECT OF COMPACT AND OTHER LAWS

A. Other Laws

1. This compact does not prevent the enforcement of any other law of a member state that is not inconsistent with this compact.

2. All member states' laws that conflict with this compact are superseded to the extent of the conflict.

B. Binding Effect of the Compact

1. All lawful actions of the interstate commission, including all rules and bylaws adopted by the interstate commission, are binding upon the member states.

2. All agreements between the interstate commission and the member states are binding in accordance with their terms.

3. If a provision of this compact exceeds the constitutional limits imposed on the legislature of any member state, the provision is ineffective to the extent of the conflict with the constitutional provision in question in that member state.

Transfer of custody of fund balance to state
Sec. 6. (a) A county council may adopt a resolution to: 
(1) elect to surrender the custody of the fund; and 
(2) order the board of county commissioners, the county auditor, 
and the county treasurer to take any and all steps necessary to 
surrender the custody of a fund held in trust by the county. 
If the county council adopts a resolution under this section, the 
amount of money distributed to and held in trust by the county is due 
and payable to the treasurer of state. A county council may elect 
whether the county shall surrender all or any part of the fund. If the 
county retains custody of any money in the fund, the county shall 
loan the money as otherwise provided by law. Any part of the money 
in the fund surrendered by the county shall be paid to the treasurer of 
state immediately after the election by the county council. 
(b) Within ten (10) days after the passage of the resolution by a 
county council of a county electing to surrender the custody of the 
fund, the county auditor shall prepare and file with the board of 
commissioners of the county a report showing the following: 
(1) The total amount of the fund that has been entrusted to and 
is held in trust by the county. 
(2) The total amount of the funds that is loaned as provided by 

law.

(2) the county auditor to draw the county auditor's warrant, payable to the treasurer of state, for the amount of the fund that is not loaned and is held in cash in the custody and possession of the county as shown by the report.

The county auditor shall forward the warrants to the auditor of state together with a certified copy of the report. The county auditor shall also forward with the payment a certified copy of the resolution of the county council electing to surrender the custody of the fund or any part of the fund.

d) After passage by the county council of a resolution electing to surrender the custody of the funds, no part of the fund that is in the custody of the county may be loaned by the county or by any official of the county. Except as provided in this subsection, all outstanding loans of the fund at the time of the passage of the resolution shall be collected when due. Any loan that comes due and payable after the passage of the resolution may be renewed for one (1) additional five (5) year period, on the application of the person owing the loan as provided by law. However, a loan that is more than one (1) year delinquent in payment of principal or interest at the time of the passage of the resolution of the county council may not be renewed.

(f) At the same time and in the same manner, there shall be paid to the treasurer of state interest to the date of the semiannual payment on the balance of the funds held in trust by the county from the immediately preceding October 31 or April 30 at the rate fixed by law. Whenever within the preceding six (6) months any payment of the fund has been made by the county to the treasurer of state, the
county shall also pay interest at the rate fixed by law on the amount of the payment to the date of receipt of the payment by the treasurer of state. If the amount collected as interest on the fund is not sufficient to make payment of interest to the treasurer of state, the county auditor shall draw the county auditor's warrant on the general fund of the county for an amount sufficient when added to the amount collected as interest on the fund to pay the interest due to the state.

(g) The board of county commissioners shall, in its annual budget estimate, include an estimate of the amount necessary to make the payments from the county general fund as required by this section, and the county council shall appropriate the amount of the estimate.

The amount of the reduction for a particular school corporation under section 3 of this chapter is equal to the total amount of the excess determined under section 3 of this chapter multiplied by a fraction. The numerator of the fraction is the amount of the distribution for state tuition support that the school corporation would have received if a reduction were not made under this section. The denominator of the fraction is the total amount that would be distributed for state tuition support to all school corporations if a reduction were not made under this section.

IC 20-43-2-5
Year round school; adjusted distribution
Sec. 5. If a school corporation operates on a twelve (12) month school year program, as approved by the state superintendent, the distribution of state support for the program shall be made under an adjusted formula to be approved by the state superintendent. The adjustment formula shall grant to each school corporation operating an approved twelve (12) month school year an amount of money that must be on the same basis as the distribution for the regular support program, prorated per diem to reflect the extended school term.

Adult education; transfer to fund obligations
Sec. 6. (a) If money appropriated in a fiscal year by the general assembly for adult education is insufficient to fund the state adult education distribution formula provided in the rules adopted by the state board, the budget agency may transfer a sufficient amount of money from any excess in the state appropriation for state tuition support for the fiscal year to fund the state adult education distribution formula.
(b) Before the budget agency makes a transfer under this section, the budget agency shall refer the matter to the budget committee for an advisory recommendation.

Summer school education; transfer to fund obligations
Sec. 7. (a) If the money appropriated in a fiscal year by the general assembly for summer school education is insufficient to fund the state summer school distribution formula provided in the rules adopted by the state board to carry out IC 20-30-7-1, the budget agency may transfer a sufficient amount of money from any excess in the state
appropriation for state tuition support for the fiscal year to fund the state summer school distribution formula.

(b) Before the budget agency makes a transfer under this section, the budget agency shall refer the matter to the budget committee for an advisory recommendation.

IC 20-43-2-7.5
Augmentation of the appropriation for state tuition support to offset reductions in distributions for basic tuition support; conditions; fund transfers

Sec. 7.5. (a) Before July 1 of each year, the budget agency, with the assistance of the department, shall estimate the amount of the distributions that will be made for choice scholarships for the following state fiscal year.

(b) In the state fiscal year beginning July 1, 2013, the budget agency may transfer money from the state tuition reserve fund to the state general fund if the budget director, after review by the budget committee, makes a determination that the amount of the distribution for that state fiscal year for basic tuition support has been reduced under section 3 of this chapter because the amount of the distributions for the state fiscal year for choice scholarships has exceeded the estimated amount of the distributions for choice scholarships for the state fiscal year, as determined under subsection (a). The maximum amount that may be transferred to the state general fund under this subsection for the state fiscal year may not exceed the lesser of:

1. the amount of the reduction in basic tuition support distributions described in this subsection; or
2. twenty-five million dollars ($25,000,000).

Any amounts transferred under this subsection shall be used to augment the appropriation for state tuition support for the state fiscal year and shall be distributed to school corporations to restore the distributions for basic tuition support that are reduced under section 3 of this chapter.

(c) In the state fiscal year beginning July 1, 2014, the budget agency may transfer money from the state tuition reserve fund to the state general fund if the budget director, after review by the budget committee, makes a determination that the amount of the distribution for that state fiscal year for basic tuition support has been reduced under section 3 of this chapter because the amount of the distributions for the state fiscal year for choice scholarships has exceeded the estimated amount of the distributions for choice scholarships for the state fiscal year, as determined under subsection (a). The maximum amount that may be transferred to the state general fund under this subsection for the state fiscal year may not exceed the lesser of:

1. the amount of the reduction in basic tuition support distributions described in this subsection; or
2. twenty-five million dollars ($25,000,000).
Any amounts transferred under this subsection shall be used to augment the appropriation for state tuition support for the state fiscal year and shall be distributed to school corporations to restore the distributions for basic tuition support that are reduced under section 3 of this chapter.

(d) Transfers under this section are in addition to any transfers made from the state tuition reserve fund under IC 4-12-1-15.7 or any other law.

(e) This section expires June 30, 2015.

IC 20-43-2-8
State fiscal year distribution schedule; transition from calendar year schedule

Sec. 8. (a) Beginning July 1, 2013, distributions for basic tuition support, honors diploma awards, complexity grants, special education grants, career and technical education grants, choice scholarships, Mitch Daniels early graduation scholarships, and full-day kindergarten grants shall be made on a state fiscal year basis rather than a calendar year basis.

(b) The following is the intent of the general assembly:

(1) The distributions for basic tuition support, honors diploma awards, special education grants, career and technical education grants, choice scholarships, and Mitch Daniels early graduation scholarships that are provided for under this article (as this article exists on January 1, 2013) for calendar year 2013 shall be made only during the first six (6) months of calendar year 2013.

(2) Except as otherwise provided, the distributions for basic tuition support, honors diploma awards, complexity grants, special education grants, career and technical education grants, choice scholarships, Mitch Daniels early graduation scholarships, and full-day kindergarten grants that are provided for under this article (as this article exists on July 1, 2013) shall be made during the state fiscal year beginning July 1, 2013.

(3) IC 20-43-3-7 applies to the distributions made after June 30, 2013.

(c) The department shall make any adjustments required to carry out the change from distributions made on a calendar year basis to distributions made on a state fiscal year basis.

Sec. 1. If a computation under this article results in a fraction and a rounding rule is not specified, the fraction shall be rounded as follows:

(1) All calculations related to the complexity index shall be computed by rounding to the nearest ten thousandth (0.0001).
(2) All tuition support distributions shall be computed by rounding the levy or tuition support distribution to the nearest dollar ($1) amount.
(3) The fraction calculated in IC 20-43-2-4 shall be computed by rounding to the nearest one millionth (0.000001).
(4) If a calculation is not covered by subdivision (1), (2), or (3), the result of the calculation shall be rounded to the nearest one hundredth (0.01).

IC 20-43-3-4
Calculation; previous year revenue
Sec. 4. (a) This subsection applies to the determination of a school corporation's previous year's revenue for purposes of determining distributions under this article before July 1, 2013. A school corporation's previous year revenue equals the amount determined under STEP TWO of the following formula:

STEP ONE: Determine the school corporation's basic tuition support actually received for the year that precedes the current year.

STEP TWO: Subtract from the STEP ONE result an amount equal to the reduction in the school corporation's state tuition support under any combination of subsection (d) or IC 20-30-2-4.

(b) This subsection applies to the determination of a school corporation's previous year's revenue for purposes of determining distributions under this article after June 30, 2013, but before July 1, 2014. A school corporation's previous year revenue equals the amount determined under STEP THREE of the following formula:

STEP ONE: Determine the school corporation's basic tuition
support actually received for the state fiscal year that precedes the current state fiscal year.

STEP TWO: After making the following calculations, subtract the amount determined under clause (H) from the STEP ONE result:

(A) Subtract one (1) from the school corporation's 2012 complexity index.
(B) Multiply the clause (A) result by the school corporation's 2012 ADM.
(C) Multiply the clause (B) result by four thousand two hundred eighty dollars ($4,280).
(D) Subtract one (1) from the school corporation's 2013 complexity index.
(E) Multiply the clause (D) result by the school corporation's 2013 ADM.
(F) Multiply the clause (E) result by four thousand four hundred five dollars ($4,405).
(G) Determine the sum of the clause (C) and clause (F) results.
(H) Divide the clause (G) result by two (2).

STEP THREE: Subtract from the STEP TWO result an amount equal to the reduction in the school corporation's state tuition support under any combination of subsection (d) or IC 20-30-2-4.

(c) This subsection applies to the determination of a school corporation's previous year's revenue for purposes of determining distributions under this article after June 30, 2014. A school corporation's previous year revenue equals the amount determined under STEP TWO of the following formula:

STEP ONE: Determine the school corporation's basic tuition support actually received for the state fiscal year that immediately precedes the current state fiscal year.

STEP TWO: Subtract from the STEP ONE result an amount equal to the reduction in the school corporation's state tuition support under any combination of subsection (d) or IC 20-30-2-4.

(d) A school corporation's previous year revenue must be reduced if:

(1) the school corporation's state tuition support for special education or career and technical education is reduced as a result of a complaint being filed with the department after December 31, 1988, because the school program overstated the number of children enrolled in special education programs or career and technical education programs; and

(2) the school corporation's previous year revenue has not been reduced under this subsection more than one (1) time because of a given overstatement.

The amount of the reduction equals the amount the school corporation would have received in state tuition support for special education and career and technical education because of the
overstatement.

   (1) are computed in any part based on a count of students under IC 20-43-4-2; and
   (2) are made after June 30, 2013.
   (b) If the state board subsequently adjusts under IC 20-43-4-2 a count used for a distribution under this article, the department shall adjust subsequent distributions to the school corporation that are affected by the adjusted count, on the schedule determined by the department, to reflect the differences between the distribution that the school corporation received and the distribution that the school corporation would have received if the adjusted count had been used.

Chapter 4. Determination of Pupil Enrollment; ADM; Adjusted ADM

IC 20-43-4-1
Determination; eligible pupils
Sec. 1. (a) An individual is an eligible pupil if the individual is a pupil enrolled in a school corporation and:
(1) the school corporation has the responsibility to educate the pupil in its public schools without the payment of tuition;
(2) subject to subdivision (5), the school corporation has the responsibility to pay transfer tuition under IC 20-26-11 because the pupil is:
   (A) transferred for education to another school corporation; or
   (B) placed in an out-of-state institution or facility by or with the consent of the department of child services;
(3) the pupil is enrolled in a school corporation as a transfer student under IC 20-26-11-6 or entitled to be counted for ADM purposes as a resident of the school corporation when attending its schools under any other applicable law or regulation;
(4) the state is responsible for the payment of transfer tuition to the school corporation for the pupil under IC 20-26-11; or
(5) all of the following apply:
   (A) The school corporation is a transferee corporation.
   (B) The pupil does not qualify as a qualified pupil in the transferee corporation under subdivision (3) or (4).
   (C) The transferee corporation's attendance area includes a state licensed private or public health care facility or child care facility where the pupil was placed:
      (i) by or with the consent of the department of child services;
      (ii) by a court order;
      (iii) by a child placing agency licensed by the department of child services;
      (iv) by a parent or guardian under IC 20-26-11-8; or
      (v) by or with the consent of the department under IC 20-35-6-2.

(b) For purposes of a career and technical education grant, an eligible pupil includes a student enrolled in a charter school.

IC 20-43-4-2
Determination of ADM; adjustments; estimates
Sec. 2. (a) A school corporation's ADM is the number of eligible pupils enrolled in:
(1) the school corporation; or
(2) a transferee corporation;
on the days fixed in September and in February by the state board for a count of students under section 3 of this chapter and as subsequently adjusted not later than the date specified under the rules adopted by the state board. The state board may adjust the school's count of eligible pupils if the state board determines that the count is unrepresentative of the school corporation's enrollment. In addition, a school corporation may petition the state board to make an adjusted count of students enrolled in the school corporation if the corporation has reason to believe that the count is unrepresentative of the school corporation's enrollment.

(b) Each school corporation shall in June of 2013 and in May of each year thereafter provide to the department an estimate of the school corporation's ADM that will result from the count of eligible pupils in the following September. The department may update and adjust the estimate as determined appropriate by the department.

IC 20-43-4-3
Fixing day to determine ADM

Sec. 3. (a) Subject to subsection (b), the state board shall make an ADM count of the eligible pupils enrolled in each school corporation two (2) times each school year, with one (1) count date occurring in each of the following periods:

(1) The fall count of ADM shall be made on a day during September fixed by the state board.

(2) The spring count of ADM shall be made on a day during February fixed by the state board.

(b) However, if extreme patterns of:

(1) student in-migration;

(2) illness;

(3) natural disaster; or

(4) other unusual conditions in a particular school corporation's enrollment;

on either a count day fixed by the state board or the subsequent adjustment date cause the enrollment to be unrepresentative of the school corporation's enrollment, the state board may designate another day for determining the school corporation's enrollment.

IC 20-43-4-4
Adjusted count; children with disabilities; count for purposes of the special education grant

Sec. 4. (a) The state board shall monitor changes that occur after the fall count of ADM in the number of students enrolled in programs for children with disabilities. The state board shall:

(1) before December 2 of that same year; and

(2) before April 2 of the following calendar year;

make an adjusted count of students enrolled in programs for children
with disabilities. The state superintendent shall certify the December adjusted count to the budget committee before February 5 of the following year and the April adjusted count not later than May 31 immediately after the date of the April adjusted count. The state board may adjust the school's count of students enrolled in programs for children with disabilities if the state board determines that the count is unrepresentative of the school corporation's enrollment.

(b) The department shall distribute special education grants under IC 20-43-7 using only the count specified in IC 20-43-7-1.

IC 20-43-4-4.6
Count for career and technical education grants

Sec. 4.6. IC 20-43-8-1 applies to a count of students for career and technical education grants.

As added by P.L.205-2013, SEC.277.

IC 20-43-4-5
Counting kindergarten pupils

Sec. 5. In determining ADM, each kindergarten pupil shall be counted as one-half (1/2) pupil. If a school corporation commences kindergarten in a school year, the ADM of the current and prior calendar years shall be adjusted to reflect the enrollment of the kindergarten pupils.

As added by P.L.2-2006, SEC.166.

IC 20-43-4-6
Determination; full-time equivalency basis

Sec. 6. (a) In determining ADM, each pupil enrolled in a public school and a nonpublic school is to be counted on a full-time equivalency basis if the pupil:

1) is enrolled in a public school and a nonpublic school;
2) has legal settlement in a school corporation; and
3) receives instructional services from the school corporation.

(b) For purposes of this section, full-time equivalency is calculated as follows:

STEP ONE: Determine the result of:
(A) the number of days instructional services will be provided to the pupil, not to exceed one hundred eighty (180); divided by
(B) one hundred eighty (180).

STEP TWO: Determine the result of:
(A) the pupil's public school instructional time (as defined in IC 20-30-2-1); divided by
(B) the actual public school regular instructional day (as defined in IC 20-30-2-2).

STEP THREE: Determine the result of:
(A) the STEP ONE result; multiplied by
(B) the STEP TWO result.
STEP FOUR: Determine the lesser of one (1) or the result of:
   (A) the STEP THREE result; multiplied by
   (B) one and five hundredths (1.05).
However, the state board may, by rules adopted under IC 4-22-2,
specify an equivalent formula if the state board determines that the
equivalent formula would more accurately reflect the instructional
services provided by a school corporation during a period that a
particular ADM count is in effect for the school corporation.

IC 20-43-4-7
Adjusted ADM; minimum percentage of the February count
Sec. 7. For purposes of this article, a school corporation's
"adjusted ADM" for the current year is the school corporation's
current ADM. However, for purposes of determining the adjusted
ADM for distributions in the state fiscal year beginning July 1, 2013,
and in the state fiscal year beginning July 1, 2014, the school
corporation's February count of ADM may not be less than ninety
percent (90%) of the school corporation's September count of ADM,
regardless of the actual amount of the February count of ADM.

Treatment of postsecondary enrollment opportunity programs

Calculation of state tuition support distributions based on current
ADM; adjusted ADM counts; payment reconciliation
Sec. 9. (a) This subsection applies to the calculation of state tuition
support distributions that are:
   (1) made before July 1, 2013; and
   (2) based on the current ADM of a school corporation.
The fall count of ADM for the school year ending June 30, 2013, as
adjusted by the state board under section 2 of this chapter, shall be
used to compute state tuition support distributions.
   (b) Subject to subsection (c), this subsection applies to the
calculation of state tuition support distributions that are:
   (1) made after June 30, 2013; and
   (2) based on the current ADM of a school corporation.
The fall count of ADM, as adjusted by the state board under section 2
of this chapter, shall be used to compute state tuition support
distributions made in the first six (6) months of the current state fiscal year, and the spring count of ADM, as adjusted by the state board under section 2 of this chapter, shall be used to compute state tuition support distributions made in the second six (6) months of the state fiscal year.

(c) If the state board adjusts a count of ADM after a distribution is made under this article, the adjusted count retroactively applies to the amount of state tuition support distributed to a school corporation affected by the adjusted count. The department shall settle any overpayment or underpayment of state tuition support resulting from an adjusted count of ADM on the schedule determined by the department and approved by the budget agency.

IC 20-43-5-2
Components of transition to foundation revenue per adjusted ADM
Sec. 2. The following amounts must be determined under this chapter to calculate a school corporation's transition to foundation revenue per adjusted ADM for a state fiscal year:
(1) The school corporation's complexity index for the state fiscal year under section 3 of this chapter.
(2) The school corporation's foundation amount for the state fiscal year under section 4 of this chapter.
(3) The school corporation's previous year revenue foundation amount for the state fiscal year under section 5 of this chapter.
(4) The school corporation's transition to foundation amount for the state fiscal year under section 6 of this chapter.
(5) The school corporation's transition to foundation revenue for the state fiscal year under section 7 of this chapter.

IC 20-43-5-3
Calculation; complexity index
Sec. 3. A school corporation's complexity index is determined under the following formula:
STEP ONE: Determine the greater of zero (0) or the result of the following:
(1) Determine the percentage of the school corporation's students who were eligible for free or reduced price lunches in the school year ending in the later of:
   (A) 2011 for the purposes of determining the complexity index in 2012 and 2013; or
   (B) the first year of operation of the school corporation.
(2) Determine the quotient of:
   (A) in 2012:
      (i) two thousand one hundred twenty-nine dollars ($2,129); divided by
      (ii) four thousand two hundred eighty dollars ($4,280); and
   (B) in 2013:
      (i) two thousand one hundred ninety dollars ($2,190);
divided by
(ii) four thousand four hundred five dollars ($4,405).

(3) Determine the product of:
(A) the subdivision (1) amount; multiplied by
(B) the subdivision (2) amount.

STEP TWO: Determine the result of one (1) plus the STEP ONE result.

STEP THREE: This STEP applies if the STEP TWO result in 2012 is equal to or greater than at least one and twenty-eight hundredths (1.28) and applies if the STEP TWO result in 2013 is at least one and thirty-one hundredths (1.31). Determine the result of the following:
(1) In 2012, subtract one and twenty-eight hundredths (1.28) and in 2013, subtract one and thirty-one hundredths (1.31) from the STEP TWO result.
(2) Determine the result of:
(A) the STEP TWO result; plus
(B) the subdivision (1) result.

The data to be used in making the calculations under STEP ONE must be the data collected in the annual pupil enrollment count by the department.

IC 20-43-5-4
Calculation; foundation amount
Sec. 4. A school corporation's foundation amount is the STEP ONE amount (for a state fiscal year beginning after June 30, 2013) or the STEP THREE amount (for the first six (6) months of 2013) determined as follows:

STEP ONE: The STEP ONE amount is as follows:
(A) In the first six (6) months of 2013, four thousand four hundred five dollars ($4,405).
(B) In the state fiscal year beginning July 1, 2013, four thousand five hundred sixty-nine dollars ($4,569).
(C) In the state fiscal year beginning July 1, 2014, four thousand five hundred eighty-seven dollars ($4,587).

STEP TWO: For the first six (6) months of 2013, multiply the STEP ONE amount by the school corporation's complexity index.

STEP THREE: For the first six (6) months of 2013, determine the sum of the STEP TWO amount and the following:
(A) Zero dollars ($0), if the school corporation's current ADM is less than five hundred (500).
(B) One hundred fifty dollars ($150), if the school corporation's current ADM is at least five hundred (500) and is not more than one thousand (1,000).
(C) The result of one hundred fifty thousand dollars ($150,000) divided by the school corporation's current ADM,
if the school corporation's current ADM is more than one thousand (1,000).

IC 20-43-5-5

Sec. 5. A school corporation's previous year revenue foundation amount for a state fiscal year is equal to the result of:
(1) the school corporation's previous year revenue; divided by
(2) the school corporation's ADM of the previous year.

IC 20-43-5-6
Calculation; transition to foundation amount
Sec. 6. (a) A school corporation's transition to foundation amount for a state fiscal year is equal to the result determined under STEP TWO of the following formula:

STEP ONE: Determine the difference of:
(A) the school corporation's foundation amount; minus
(B) the school corporation's previous year revenue foundation amount.

STEP TWO: A school corporation's STEP TWO amount is the following:
(A) For a charter school located outside Marion County that has previous year revenue that is not greater than zero (0), the charter school's STEP TWO amount is the quotient of:
   (i) the school corporation's transition to foundation revenue for the state fiscal year where the charter school is located; divided by
   (ii) the school corporation's current ADM.
(B) For a charter school located in Marion County that has previous year revenue that is not greater than zero (0), the charter school's STEP TWO amount is the weighted average of the transition to foundation revenue for the school corporations where the students counted in the current ADM of the charter school have legal settlement, as determined under item (iv) of the following formula:
   (i) Determine the transition to foundation revenue for each school corporation where a student counted in the current ADM of the charter school has legal settlement.
   (ii) For each school corporation identified in item (i), divide the item (i) amount by the school corporation's current ADM.
   (iii) For each school corporation identified in item (i), multiply the item (ii) amount by the number of students counted in the current ADM of the charter school that have legal settlement in the particular school corporation.
(iv) Determine the sum of the item (iii) amounts for the charter school.

(C) The STEP TWO amount for a school corporation that is not a charter school described in clause (A) or (B) is the following:

(i) The school corporation's foundation amount for the state fiscal year if the STEP ONE amount is zero (0) or greater.

(ii) The amount determined under subsection (b), if the school corporation's STEP ONE amount is less than zero (0).

(b) For the purposes of STEP TWO (C)(ii) in subsection (a), determine the result of:

(1) the result determined for the school corporation under STEP ONE (B) of subsection (a); minus

(2) the result of:

(A) the absolute value of the STEP ONE amount; divided by

(B) the following:

(i) Five (5) in the state fiscal year beginning July 1, 2013.

(2) eighty-eight dollars ($88).

(m) This subsection does not apply to a school in its first year of operation. A school qualifies for a grant under this subsection if the school's school year over school year percentage growth in its graduation rate is at least five percent (5%), comparing the graduation rate for the school year ending in the immediately preceding state fiscal year to the graduation rate for the school year immediately preceding that school year. The grant amount for the state fiscal year is:
(1) the count of the school corporation's pupils who met the requirements for graduation in the school year ending in the immediately preceding state fiscal year; multiplied by (2) one hundred seventy-six dollars ($176).

Determination of grant amount for 2013-2014
    Sec. 2. The total amount to be distributed under this chapter to a school corporation or charter school for the state fiscal year beginning July 1, 2013, is the amount determined in STEP FOUR or STEP SIX (whichever is applicable) of the following formula:
    STEP ONE: Determine the greater of zero (0) or the result determined under clause (B) after making the following determinations:
        (A) Determine the percentage of the school corporation's students who were eligible for free or reduced price lunches in the school year ending in the later of:
            (i) 2013; or
            (ii) the first year of operation of the school corporation.
        For a conversion charter school, the percentage determined under this clause is the percentage of the sponsor school corporation.
        (B) Determine the quotient of:
            (i) the percentage determined under clause (A); divided by
            (ii) two (2).
    STEP TWO: This STEP applies if the result determined under clause (B) of STEP ONE is greater than thirty-three hundredths (0.33). Determine the result of the following:
        (A) Subtract thirty-three hundredths (0.33) from the result determined under clause (B) of STEP ONE.
        (B) Determine the sum of:
            (i) the result determined under clause (B) of STEP ONE; plus
            (ii) the clause (A) result.
    STEP THREE: This STEP applies if STEP TWO applies. Determine the product of:
        (A) the STEP TWO result; multiplied by
        (B) the school corporation's foundation amount for the state fiscal year.
    STEP FOUR: This STEP applies if STEP TWO applies. Determine the product of:
        (A) the STEP THREE result; multiplied by
        (B) the school corporation's current ADM.
    STEP FIVE: This STEP applies if the result determined under clause (B) of STEP ONE is less than or equal to thirty-three hundredths (0.33). Determine the product of:
(A) the result determined under clause (B) of STEP ONE; multiplied by
(B) the school corporation's foundation amount for the state fiscal year.

STEP SIX: This STEP applies if STEP FIVE applies. Determine the product of:
(A) the STEP FIVE result; multiplied by
(B) the school corporation's current ADM.

Sec. 3. The total amount to be distributed under this chapter to a school corporation or charter school for the state fiscal year beginning July 1, 2014, is the amount determined in STEP FOUR or STEP SIX (whichever is applicable) of the following formula:

STEP ONE: Determine the greater of zero (0) or the result determined under clause (B) after making the following determinations:
(A) Determine the percentage of the school corporation's students who were receiving financial assistance under IC 20-33-5 (or, in the case of a school corporation described in IC 20-33-5-7.5(a), the percentage of the school corporation's students who were eligible to receive financial assistance under IC 20-33-5, as estimated and reported under IC 20-33-5-7.5(a)) in the school year ending in the later of:
(i) 2014; or
(ii) the first year of operation of the school corporation. For a conversion charter school, the percentage determined under this clause is the percentage of the sponsor school corporation.
(B) Determine the quotient of:
(i) the percentage determined under clause (A); divided by
(ii) two (2).

STEP TWO: This STEP applies if the result determined under clause (B) of STEP ONE is greater than thirty-five hundredths (0.35). Determine the result of the following:
(A) Subtract thirty-five hundredths (0.35) from the result determined under clause (B) of STEP ONE.
(B) Determine the sum of:
(i) the result determined under clause (B) of STEP ONE; plus
(ii) the clause (A) result.

STEP THREE: This STEP applies if STEP TWO applies. Determine the product of:
(A) the STEP TWO result; multiplied by
(B) the school corporation's foundation amount for the state fiscal year.

STEP FOUR: This STEP applies if STEP TWO applies. Determine the product of:
(A) the STEP THREE result; multiplied by
(B) the school corporation's current ADM.

STEP FIVE: This STEP applies if the result determined under clause (B) of STEP ONE is less than or equal to thirty-five hundredths (0.35). Determine the product of:

As added by P.L.2-2006, SEC.168.

IC 20-45-7-2
Policy
Sec. 2. The following is declared to be the policy of this chapter:
(1) That in certain areas in Indiana there exists a condition created by the shift in population from urban centers to outlying areas that has created administrative and financial problems in the maintenance and operation of school systems in these areas, resulting in maladjustment of taxable wealth in these areas for levying taxes for the operation of the schools.
(2) That improvement in the administrative and financial structures of the qualified school corporations existing in these outlying areas to the urban centers is essential for the following:
   (A) The establishment and maintenance of a general uniform and efficient system of public schools to provide a more equalized educational opportunity for public school pupils.
   (B) The achievement of greater equity in school tax rates among the inhabitants of the various existing qualified school corporations in these areas.
   (C) The provision for more use of the public funds expended for the support of the public school system.
(3) That existing statutes with respect to the granting of financial assistance on a countywide basis, allowing a more favorable use of the taxable wealth of the county for the support of the various school districts within the county, are inadequate to effectuate the need for this improvement in those areas.
(4) That modification in the present statutory provisions pertaining to the levying of tax rates for school purposes for the areas that qualify within the definitions in this chapter is essential to carry out the purposes of IC 20-23-4, and to that end it is the intent of the general assembly, by this chapter, to make provision for a more satisfactory use of the taxable wealth of counties that qualify under this chapter for the promotion, betterment, and improvement of their educational systems.

IC 20-45-8-1  
Application

As added by P.L.2-2006, SEC.168.

IC 20-45-8-2  
Policy  
Sec. 2. The following is declared to be the policy of this chapter:  
(1) That in certain areas in Indiana there exists a condition created by the large concentration of taxable property in a single township away from outlying areas that has created administrative and financial problems in the maintenance and operation of school systems in those areas, resulting in maladjustment of taxable wealth in such areas for levying taxes for the operation of the schools.  
(2) That improvement in the administrative and financial structures of the qualified school corporations existing on March 12, 1965, in those outlying areas is essential for:  
(A) the establishment and maintenance of a general uniform and efficient system of public schools to provide a more equalized educational opportunity for public school pupils;  
(B) the achievement of greater equity in school tax rates among the inhabitants of the various qualified school corporations existing on March 12, 1965, in these areas; and  
(C) the provision for more use of the public funds expended for the support of the public school systems.  
(3) That statutes existing on March 12, 1965, with respect to the granting of financial assistance on a countywide school basis, allowing a more favorable use of the taxable wealth of the county for the support of the various school districts within or attached to the county, are inadequate to effectuate the need for this improvement in those areas described in this chapter.  
(4) That modification in the statutory provisions existing on March 12, 1965, pertaining to the levying of tax rates for school purposes for those areas that qualify within the definitions in this chapter is essential to carry out the purposes of IC 20-23-4, and the tax levied under this chapter shall be considered a county tax within the meaning of IC 20-23-4, and to that end it is the intent of the general assembly, by this chapter, to make provision for a more satisfactory use of the taxable wealth of counties that qualify under this chapter for the promotion, betterment, and improvement of their educational systems.

STEP ONE: Calculate the quotient of:
(A) the total amount deposited in the fund in calendar year 1979 or the first year in which a deposit was made, whichever is later; divided by
(B) for:
   (i) a calendar year ending before January 1, 2013, the total ADM of the immediately preceding school year of qualified school corporations that received money from the fund in 1979, as determined in the fall count of ADM for the school year ending in the immediately preceding calendar year; and

(A) the STEP ONE result; multiplied by
(B) for:
   (i) a calendar year ending before January 1, 2013, the ADM of the immediately preceding school year of the qualified school corporation that received money from the fund in 1979, as determined in the fall count of ADM for the school year ending in the immediately preceding calendar year; and

(d) If the tax receipts in any calendar year are more than the total of the entitlements because of the collection of delinquencies for prior years, each entitlement shall be increased in the same percentage so that the entire fund is exhausted.

IC 20-46-1-7
Transfer of certain levies from general fund

Sec. 7. (a) This section applies to a school corporation that added an amount to the school corporation's base tax levy before 2002 as the result of the approval of an excessive tax levy by the majority of individuals voting in a referendum held in the area served by the school corporation under IC 6-1.1-19-4.5 (before its repeal).

(b) A school corporation may adopt a resolution before September 21, 2005, to transfer the power of the school corporation to levy the amount described in subsection (a) from the school corporation's general fund to the school corporation's fund. Sec. 19. If a majority of the persons who voted in the referendum did not vote "yes" on the referendum question:

1. the school corporation may not make any levy for its referendum tax levy fund; and
2. another referendum under this section may not be held earlier than three hundred fifty (350) days after the date of the referendum.

**IC 20-46-1-19.5**  
**Limitations on successive referenda**

Sec. 19.5. (a) If a referendum is approved by the voters in a school
corporation under this chapter in a calendar year, another referendum may not be placed on the ballot in the school corporation under this chapter in the following calendar year.

(b) Notwithstanding any other provision of this chapter and in addition to the restriction specified in subsection (a), if a school corporation imposes in a calendar year a referendum levy approved in a referendum under this chapter, the school corporation may not simultaneously impose in that calendar year more than one (1) additional referendum levy approved in a subsequent referendum under this chapter.

IC 20-46-1-20
Restrictions on promoting a position on a referendum

Sec. 20. (a) Except as otherwise provided in this section, during the period beginning with the adoption of a resolution by the governing body of a school corporation to place a referendum under this chapter on the ballot and continuing through the day on which the referendum is submitted to the voters, the school corporation may not promote a position on the referendum by doing any of the following:

1. Using facilities or equipment, including mail and messaging systems, owned by the school corporation to promote a position on the referendum, unless equal access to the facilities or equipment is given to persons with a position opposite to that of the school corporation.

2. Making an expenditure of money from a fund controlled by the school corporation to promote a position on the referendum.

3. Using an employee to promote a position on the referendum during the employee's normal working hours or paid overtime, or otherwise compelling an employee to promote a position on the referendum at any time. However, if a person described in subsection (d) is advocating for or against a position on the referendum or discussing the referendum as authorized under subsection (d), an employee of the school corporation may assist the person in presenting information on the referendum, if requested to do so by the person described in subsection (d).

4. Promoting a position on the referendum by:
   A. using students to transport written materials to their residences or in any way involving students in a school organized promotion of a position;
   B. including a statement within another communication sent to the students' residences; or
   C. initiating discussion of the referendum at a meeting between a teacher and parents of a student regarding the student's performance or behavior at school. However, if the parents initiate a discussion of the referendum at the meeting, the teacher may acknowledge the issue and direct the parents to a source of factual information on the referendum.

However, this section does not prohibit an official or employee of the
school corporation from carrying out duties with respect to a referendum that are part of the normal and regular conduct of the official's or employee's office or agency, including the furnishing of factual information regarding the referendum in response to inquiries from any person.

(b) The staff and employees of a school corporation may not personally identify a student as the child of a parent or guardian who supports or opposes the referendum.

(c) This subsection does not apply to:

(1) a personal expenditure to promote a position on a local public question by an employee of a school corporation whose employment is governed by a collective bargaining contract or an employment contract; or

(2) an expenditure to promote a position on a local public question by a person or an organization that has a contract or an arrangement (whether formal or informal) with the school corporation solely for the use of the school corporation's facilities.

A person or an organization that has a contract or arrangement (whether formal or informal) with a school corporation to provide goods or services to the school corporation may not spend any money to promote a position on the petition or remonstrance. A person or an organization that violates this subsection commits a Class A infraction.

(d) Notwithstanding any other law, an elected or appointed school board member or a school corporation superintendent, school corporation assistant superintendent, or chief school business official of a school corporation may at any time:

(1) personally advocate for or against a position on a referendum; or

(2) discuss the referendum with any individual, group, or organization or personally advocate for or against a position on a referendum before any individual, group, or organization;

so long as it is not done by using public funds. Advocacy or discussion allowed under this subsection is not considered a use of public funds. However, this subsection does not authorize or apply to advocacy or discussion by a school board member, superintendent, assistant superintendent, or school business official to or with students that occurs during the regular school day.

(e) A student may use school equipment or facilities to report or editorialize about a local public question as part of the news coverage of the referendum by a student newspaper or broadcast.

Maximum levy
Sec. 6. (a) The levy imposed for an assessment date before January 16, 2011, may not exceed the maximum permissible levy permitted under this section as this section was effective on January 1, 2011.
(b) Except as provided in subsection (c), the levy imposed for an assessment date after January 15, 2011, may not exceed the amount determined by multiplying:
(1) the school corporation's maximum permissible levy for the fund for the previous year under this chapter, after eliminating the effects of temporary excessive levy appeals and any other temporary adjustments made to the levy for the calendar year (regardless of whether the school corporation imposed the entire amount of the maximum permissible levy in the immediately preceding year); by
(2) the assessed value growth quotient determined under IC 6-1.1-18.5-2.

(c) This subsection applies to a school corporation if the school corporation's maximum permissible levy for the fund for calendar year 2009 was at least twenty-four percent (24%) less than the school corporation's maximum permissible levy for the fund for calendar year 2008. For the purposes of determining the school corporation's maximum permissible levy for the fund for calendar year 2013, the amount determined under this subsection shall be used under subsection (b)(1) as the school corporation's maximum permissible levy for the fund for the previous year. The school corporation shall be treated as having a maximum permissible levy for the fund in calendar year 2012 that is equal to the maximum permissible levy for the fund that the school corporation would have had in calendar year 2012 if:

(1) the school corporation's maximum permissible levy is recalculated for calendar year 2009 to eliminate any loss in the school corporation's maximum permissible levy for the fund; and
(2) the school corporation is treated as having levied the entire amount of the school corporation's recalculated maximum permissible levy for the fund in 2009, 2010, and 2011; as determined by the department of local government finance. The adjustment under this subsection is a permanent adjustment in the school corporation's maximum permissible levy for the fund.

Appeal; increased fuel or other costs; increase in maximum levy
Sec. 10. (a) A school corporation may appeal to the department of local government finance under IC 6-1.1-19 to increase the maximum levy permitted for the school corporation's fund. To be granted an increase by the department of local government finance, the school corporation must establish that the increase is necessary because of a transportation operating cost increase of at least ten percent (10%) over the preceding year as a result of at least one (1) of the following:

1. A fuel expense increase.
2. A significant increase in the number of students enrolled in the school corporation that need transportation or a significant increase in the mileage traveled by the school corporation's buses compared with the previous year.
3. A significant increase in the number of students enrolled in special education who need transportation or a significant increase in the mileage traveled by the school corporation's buses due to students enrolled in special education as compared with the previous year.
4. Increased transportation operating costs due to compliance with a court ordered desegregation plan.
5. The closure of a school building within the school corporation that results in a significant increase in the distances that students must be transported to attend another school building.

In addition, before the department of local government finance may grant a maximum levy increase, the school corporation must establish that the school corporation will be unable to provide transportation services without an increase. The department of local government finance may grant a maximum operating costs levy increase that is less than the increase requested by the school corporation.

(b) If the department of local government finance determines that a permanent increase in the maximum permissible levy is necessary, the maximum levy after the increase granted under this section becomes the school corporation's maximum permissible levy under this chapter.

Authority to impose levy; maximum levy; petition for adjustment of levy
Sec. 4. (a) Each school corporation may levy for a calendar year a property tax for the fund in accordance with the school bus acquisition plan adopted under this chapter. The levy imposed for the March 1, 2011, and January 15, 2012, assessment dates may not exceed the amount approved by the department of local government finance under section 5 of this chapter and IC 6-1.1-17. In setting the levy for the March 1, 2011, and January 15, 2012, assessment dates, the department of local government finance shall evaluate whether the levy proposed by a school corporation exceeds the reasonable needs of the school corporation to carry out the purposes of the fund and approve a levy that does not exceed the reasonable needs of the school corporation to carry out the purposes of this chapter. In making its determination, the department of local government finance may consider whether a school corporation has in a previous year transferred money from the fund to the school corporation's rainy day fund or a fund other than the school bus replacement fund. Except as provided in subsection (b), a levy imposed for an assessment date after January 15, 2012, may not exceed an amount determined by multiplying:

(1) the school corporation's maximum permissible levy determined under this section for the previous year, after eliminating the effects of temporary excessive levy appeals and any other temporary adjustments made to the levy for the calendar year (regardless of whether the school corporation imposed the entire amount of the maximum permissible levy in the immediately preceding year); by
(2) the assessed value growth quotient determined under IC 6-1.1-18.5-2.

Conduct of public hearing; lease authorization procedures

Sec. 12. (a) At the hearing, all interested persons have a right to be heard upon the necessity for the execution of the proposed lease and whether the rental to be paid to the lessor corporation under the proposed lease is a fair and reasonable rental for the proposed building. The hearing may be adjourned to a later date or dates.

   (b) Within thirty (30) days following the termination of the hearing, the governing body or bodies of the school corporation or corporations may by a majority vote of all members of the governing body or bodies:
      (1) authorize the execution of the proposed lease as originally agreed upon; or
      (2) make modifications to the proposed lease that are agreed upon with the lessor corporation.

However, the lease rentals as set out in the published notice may not be increased in any modifications approved under subdivision (2).

As added by P.L.2-2006, SEC.170.

IC 20-47-2-13
Notice of signing of lease; appeal

Sec. 13. (a) If the execution of the lease as originally agreed upon or as modified by agreement is authorized by the governing body or bodies of the school corporation or corporations, the governing body shall give notice of the signing of the lease by publication one (1) time in:

   (1) a newspaper of general circulation printed in the English language in the school corporation;
   (2) a newspaper described in subdivision (1) in each school corporation if the proposed lease is a joint lease; or
   (3) if no such newspaper is published in the school corporation,
in any newspaper of general circulation published in the county.
(b) This subsection does not apply to a lease for which a school corporation after June 30, 2008, makes a preliminary determination as described in IC 6-1.1-20-3.1 or IC 6-1.1-20-3.5 or a decision as described in IC 6-1.1-20-5, or, in the case of a lease not subject to IC 6-1.1-20-3.1, IC 6-1.1-20-3.5, or IC 6-1.1-20-5, adopts a resolution or ordinance authorizing the lease after June 30, 2008. Within thirty (30) days after the publication of notice under subsection (a), fifty (50) or more taxpayers in the school corporation or corporations who:
(1) will be affected by the proposed lease; and
(2) are of the opinion that:
(A) necessity does not exist for the execution of the lease; or
(B) the proposed rental provided for in the lease is not a fair and reasonable rental;
may file a petition in the office of the county auditor of the county in which the school corporation or corporations are located. The petition must set forth the taxpayers’ objections to the lease and facts showing that the execution of the lease is unnecessary or unwise or that the lease rental is not fair and reasonable, as the case may be.
(c) Upon the filing of a petition under subsection (b), the county auditor shall immediately certify a copy of the petition, together with any other data that is necessary to present the questions involved, to the department of local government finance. Upon receipt of the certified petition and data, if any, the department of local government finance shall fix a time, date, and place for the hearing of the matter, which may not be less than five (5) nor more than thirty (30) days thereafter. The department of local government finance shall:
(1) conduct the hearing in the school corporation or corporations, or in the county where the school corporation or corporations are located; and
(2) give notice of the hearing to the members of the governing body or bodies of the school corporation or corporations and to the first fifty (50) taxpayers who signed the petition under subsection (b) by a letter signed by the commissioner or deputy commissioner of the department of local government finance and enclosed with full prepaid postage addressed to the taxpayer petitioners at their usual place of residence, at least five (5) days before the hearing.
The decision of the department of local government finance on the appeal, upon the necessity for the execution of the lease and as to whether the rental is fair and reasonable, is final.

IC 20-47-2-14
Limitation on time to file appeal
Sec. 14. An action to contest the validity of the lease or to enjoin the performance of any of the terms and conditions of the lease may not be instituted at any time later than:

Acquisition of land for building site; sale to lessor corporation

Sec. 15. The lessor corporation shall acquire, own, and hold in fee simple the land on which a school building or buildings are to be erected under this chapter. A school corporation that proposes to lease such a school building, either alone or jointly with another school corporation, and owns the land on which it desires that the building or buildings be erected may sell and transfer that land to the lessor corporation in fee simple, subject to the following conditions:

(1) Before the sale may take place, the governing body of the school corporation must file a petition with the circuit court of the county in which the school corporation is located, requesting the appointment of:

(A) one (1) disinterested freeholder of the school corporation as an appraiser; and
(B) two (2) disinterested appraisers licensed under IC 25-34.1;

who are residents of Indiana to determine the fair market value of the land. One (1) of the appraisers described in clause (B) must reside not more than fifty (50) miles from the land.

(2) Upon their appointment, the three (3) appraisers shall proceed to fix the fair market value of the land and shall report the amount fixed to the circuit court within two (2) weeks after their appointment.

(3) The school corporation may sell the land to the lessor corporation for an amount not less than the amount fixed as the fair market value by the three (3) appraisers, which shall be paid in cash upon delivery of the deed by the school corporation to the lessor corporation. However, if the land was acquired by the school corporation within three (3) years immediately preceding the date of the filing of the petition with the circuit court, the land may not be sold for an amount less than the amount paid by the school corporation for the land.

IC 20-47-2-16
Lessor corporation; sale of bonds and securities; mortgage bonds

Sec. 16. (a) A corporation qualifying as a lessor corporation under this chapter may, in furtherance of its corporate purposes, issue and
sell stock, bonds, and other securities. Mortgage bonds issued by a lessor corporation that are a first lien on the leased property are legal and proper investments for state banks and trust companies, insurance companies, and fiduciaries. Bonds issued under this section may be callable upon notice in the manner provided in the mortgage indenture, at premiums up to five percent (5%) with accrued and unpaid interest.

(b) Stocks, bonds, and other securities issued by a lessor corporation shall be sold in the manner provided in IC 5-1-11. However, the notice of sale shall be published in the manner required for bonds of the county in which the school building is located.

(c) Shares of common stock issued by a lessor corporation are not required to be sold at a public sale. The price of the shares shall be determined by the lessor corporation, but the price of the shares may not exceed the lesser of:

(1) the necessary expense of incorporation, preparation of preliminary plans and specifications, and other preliminary expense necessary to the preparation of the proposed lease and publication of notice of the lease; or
(2) a sum equal to five percent (5%) of the proposed cost of the building or buildings.

(d) None of the costs of construction of the building, the purchase of the equipment for the building, or the incidental expenses in connection with the construction or purchase may be paid from stocks, bonds, or securities of the lessor corporation unless those stocks, bonds, or securities are sold at public sale as provided in this section.

(e) The approval of the securities commissioner is not required in connection with the issuance and sale of any stocks, bonds, or other securities of the lessor corporation.

(f) A part of the proceeds from stocks, bonds, or other securities sold at public sale may be used to reimburse the incorporators or any other person or persons who may have advanced funds for essential preliminary expenses as provided for in this section, with interest on the amount reimbursed not to exceed five percent (5%).

IC 20-47-2-17
Refunding of outstanding bonds; appeal

Sec. 17. (a) As used in this section, "bonds" includes bonds, debentures, or other evidences of indebtedness.

(b) A lessor corporation having outstanding bonds that by their terms are redeemable before their maturities may issue bonds in the manner provided by section 16 of this chapter to refund the outstanding bonds. The refunding bonds may be issued in an amount not exceeding the sum of:

(1) the principal amount of the outstanding bonds;
(2) any premium required to be paid upon redemption of the outstanding bonds; and
(3) the estimated expenses to be incurred in connection with the
issuance of the refunding bonds.

(c) The sum of the net interest cost to the lessor corporation of the refunding bonds plus the premium required to be paid in connection with the redemption of the outstanding bonds and the estimated expenses to be incurred in connection with the issuance of the refunding bonds may not exceed the total interest that would have been payable by the lessor corporation on the bonds being refunded from the date of redemption to the maturity of the bonds being refunded. Net interest cost on the refunding bonds is the amount determined by computing the total interest on all the refunding bonds to their maturities and deducting from that amount the premium bid, if any.

(d) Refunding bonds issued under this section:

(1) are legal and proper investments;
(2) are exempt from taxation; and
(3) may be sold without registration with or approval of the securities division of the office of the secretary of state or securities commissioner;

in the same manner, under the same conditions, and subject to the same limitations as any other bonds issued by lessor corporations under section 16 of this chapter. However, no proceedings or actions by the lessee nor approval by any board, commission, or agency are required in connection with the refunding, and the refunding authorized in this section does not affect the obligation of the lessee to pay the lease rental under the lease of the building or buildings.

(e) An action to contest the validity of refunding bonds issued under this section may not be brought after the fifteenth day following the receipt of bids for the bonds.

(f) In connection with the issuance of refunding bonds, the lessee school corporation or school corporations may enter into an amendment to the lease with the lessor corporation providing for an extension of the time set forth in the lease before the option of the lessee or lessees to purchase may be exercised to a time agreed upon between the lessee school corporation or school corporations and the lessor corporation.

As added by P.L.2-2006, SEC.170.

IC 20-47-2-18
Issuance of bonds; use of proceeds to refund outstanding bonds and make improvements; appeal

(2) An addition to a school building owned by a lessor corporation or owned by the school corporation to which a lessor corporation has leased property under this chapter, and any remodeling incidental to that addition.
(3) Remodeling of or construction of appurtenances to a school
building owned by a lessor corporation.

(c) A lessor corporation having outstanding bonds that by their terms are redeemable before their maturities may issue bonds in the manner provided under section 16 of this chapter to refund the outstanding bonds and construction of improvements.

(d) Refunding and improvement bonds issued under this section:
   (1) are legal and proper investments;
   (2) are exempt from taxation; and
   (3) may be sold without registration with or approval of the securities division of the office of the secretary of state or the securities commissioner;

in the same manner, under the same conditions, and subject to the same limitations as any other bonds issued by lessor corporations under section 16 of this chapter.

(e) In connection with the issuance of refunding and improvement bonds, the lessee school corporation or school corporations may enter into an amendment to the lease with the lessor corporation providing for:

   (1) an extension of the time set forth in the lease before the option of the lessee or lessees to purchase may be exercised to a time agreed upon between the lessee school corporation or school corporations and the lessor corporation;
   (2) an extension of the term of the lease, not to exceed ten (10) years, to include the improvements in the description of the leased property; and
   (3) increased lease rental payments after the completion of the improvements.

(f) No proceedings or actions by the lessee nor approval by any board, commission, or agency are required in connection with a refunding under this section, and the refunding does not affect the obligation of the lessee to pay the lease rental under the lease of the building or buildings. However, all provisions, restrictions, and limitations of this chapter that are not inconsistent with this section, including the petition of school patrons, notice of hearing, hearing, notice of execution, and right to file an objecting petition, apply to an amendment of the lease increasing the lease rental payments as if the amendment were an original lease.

(g) An action to contest the validity of refunding and improvement bonds issued under this section may not be brought after the fifteenth day following the receipt of bids for the bonds.

(b) Not later than thirty (30) days following the termination of the
hearing, the governing body or bodies of the school corporation or

Sec. 11. (a) If the execution of the lease as originally agreed upon
or as modified by agreement is authorized by the governing body or

(2) are of the opinion that:
   (A) no necessity exists for the execution of the lease; or
   (B) the proposed rental provided for in the lease is not a fair and reasonable rental;
may file a petition in the office of the county auditor of the county in which the school corporation or corporations are located. The petition must set forth the taxpayers' objections to the lease and facts showing that the execution of the lease is unnecessary or unwise, or that the lease rental is not fair and reasonable, as the case may be.

(c) Upon the filing of a petition under subsection (b), the county auditor shall immediately certify a copy of the petition and any other data that is necessary to present the questions involved to the department of local government finance. Upon receipt of the certified petition and data, if any, the department of local government finance shall fix a date, time, and place for the hearing of the matter, which may not be less than five (5) nor more than thirty (30) days after receipt of the petition and data, if any. (1) to buy real estate;
(2) to erect buildings for school or administrative purposes;
(3) to enlarge, remodel, and repair school buildings; or
(4) for one (1) or more of the purposes described in subdivisions (1) through (3).
The proceeds of the sale of bonds under this subsection may not be used for a purpose other than a purpose described in subdivisions (1) through (4).
(b) The board may periodically, as the need arises, issue school funding bonds to take up and retire the principal and accrued interest of any outstanding bonds of the school city. School funding bonds may be issued only if the board determines it is to the advantage of the school city to refund the outstanding bonds of the school city. A school funding bond may not be issued and the proceeds of a school funding bond may not be used for a purpose other than to refund or take up and discharge outstanding bonds of the school city. Any preexisting bonds for which the school city is liable under IC 20-25-4, this chapter, or a predecessor law are outstanding bonds of the school city under this subsection.
(c) Before school building bonds may be issued under subsection (a), the board shall, by a resolution entered into the record in the board's corporate minutes, demonstrate a particular need for the money and the inability of the school city to supply the money from any other applicable fund under the control of the board. Before
school funding bonds may be issued under subsection (b), the board shall, by a resolution entered into the record of the board's corporate minutes, provide a description of the bonds to be taken up, including the kind, date, date of maturity, and amount of the bonds.

(d) Bonds issued under this section must:

   (2) bear interest at a rate payable semiannually; and
   (3) mature at a time or times fixed in the resolution of the board.

(g) Before offering bonds authorized by this section for sale, the board must give three (3) weeks notice of the date fixed for the sale of the bonds. The notice must include a description of the bonds and invite bids for the bonds. The notice shall be given by three (3) advertisements, one (1) time each week for the three (3) consecutive weeks immediately preceding the day of sale in a newspaper published and with a general circulation in Indianapolis. Notice may also be required in other advertisements if ordered by the board.

(h) The board shall sell the bonds to the highest and best bidder and has the right to reject any bid. The proceeds arising from the sale shall be used only for the purpose declared in the resolution of the board.

IC 20-48-3-5
Temporary loans

Sec. 5. (a) The board may, if the board's general fund is exhausted or in the board's judgment is in danger of exhaustion, make temporary loans for the use of the board's general fund to be paid out of the proceeds of taxes levied by the school city for the board's general fund. The amount borrowed for the general fund must be paid into the board's general fund and may be used for any purpose for which the board's general fund lawfully may be used. A temporary loan must:

   (1) be evidenced by the promissory note or notes of the school city;
   (2) bear interest that is payable, according to the note or notes, periodically or at the maturity of the note or notes and at not more than seven percent (7%) per annum; and
   (3) mature at a time or times determined by the board, but not later than one (1) year after the date of the note or notes.

Loans made in a calendar year may not be for a sum greater than the amount estimated by the board as proceeds to be received by the board from the levy of taxes made by the school city for the board's
general fund. Successive loans may be made to aid the general fund in a calendar year, but the total amount of successive loans outstanding at any time may not exceed the estimated proceeds of taxes levied for the board's general fund.

(b) A loan under this section may not be made until notice asking for bids is given by newspaper publication. Notice must be made one (1) time in a newspaper published in the school city at least seven (7) days before the time the bids for the loans will be opened. A bidder shall name the amount of interest the bidder agrees to accept, not exceeding seven percent (7%) per annum. The loan shall be made to the bidder or bidders bidding the lowest rate of interest. The note, notes, or warrants may not be delivered until the full price of the face of the loan is paid to the treasurer of the school city, and interest does not accrue on the loan until delivery.

IC 20-48-3-6
Temporary transfers; proceeds of bonds

Sec. 6. (a) A school city wishing to make a temporary loan for its general fund under this section may temporarily borrow money, without payment of interest, from the school city's treasury if the school city has in its treasury money derived from the sale of bonds that cannot or will not in the due course of the business of the school city be expended in the near future. A school city shall, by its board, take the following steps required by law to obtain a temporary loan under this section:

(1) Present to the department of local government finance and the state board of accounts:
   (A) a copy of the corporate action of the school city concerning the school city's desire to make a temporary loan;
   (B) a petition showing the particular need for a temporary loan;
   (C) the amount and the date or dates when the general fund will need the temporary loan or the installments of the loan;
   (D) the date on which the loan and each installment of the loan will be needed;
   (E) the estimated amounts from taxes to come into the general fund;
   (F) the dates when it is expected the proceeds of taxes will be received by the school city for the general fund;
   (G) the amount of money the school city has in each fund derived from the proceeds of the sale of bonds that cannot or will not be expended in the near future; and
   (H) a showing of when, to what extent, and why money in the bond service fund will not be expended in the near future.

(2) Request the department of local government finance and the state board of accounts to authorize a temporary loan from the bond service fund for the general fund.

(b) If:

(1) the department of local government finance finds and orders
that there is need for a temporary loan and that it should be made;
(2) the state board of accounts finds that the money proposed to be borrowed will not be needed during the period of the temporary loan by the fund from which it is to be borrowed; and
(3) the state board of accounts and the department of local government finance approve the loan;
the business manager and treasurer of the school city shall, upon the approval of the state board of accounts and the department of local government finance, take all steps necessary to transfer the amount of the loans as a temporary loan from the fund to be borrowed from to the general fund of the school city. The loan is a debt of the school city chargeable against its constitutional debt limit.

(c) The state board of accounts and the department of local government finance:
(1) may fix the total amount that may be borrowed on a petition; and
(2) shall determine:
(A) at what time or times;
(B) in what installments; and
(C) for what periods;
the money may be borrowed.
The treasurer and business manager of the school city, as money is collected from taxes levied on behalf of the general fund, shall credit the amount of money collected from taxes levied to the loan until the amount borrowed is fully repaid to the fund from which the loan was made. The treasurer and business manager of the school city shall at the end of each calendar month report to the board the amounts applied from taxes to the payment of the loan.

(d) The school city shall, as often as once a month, report to both the state board of accounts and the department of local government finance:
(1) the amount of money borrowed and unpaid;
(2) any anticipated similar borrowings for the current month;
(3) the amount left in the general fund; and
(4) the anticipated drafts on the bond service fund for the purposes for which the fund was created.

(e) The state board of accounts and the department of local government finance, or either acting independently:
(1) if it appears that the fund from which the loan was made requires the repayment of all or part of the loan before maturity; or
(2) if the general fund no longer requires all or part of the proceeds of the loan;
may require the school city to repay all or part of the loan. A school city shall, if necessary to repay all or part of a loan under this subsection, exercise its power to obtain a temporary loan from others under section 5 of this chapter to raise the money needed to repay the bond service fund the amount ordered repaid.

STEP ONE: Add the ADA of students in grades 1 through 12 of the school corporation during the current school year in which application for an advancement is made and twice the ADA increase of the school corporation for the preceding three (3) years. However, the state board may make adjustments to reflect the effect of changes of boundary lines, loss of transfer students, or loss of resident students to private, parochial, or cooperative program schools within the three (3) year period.
STEP TWO: Divide the STEP ONE amount by twenty-five (25) to determine the number of classrooms needed to house the estimated enrollment increase.
STEP THREE: Subtract from the STEP TWO amount the number of classrooms that:

(A) are owned, under a lease-rental arrangement, or under construction in the school corporation; and
(B) were constructed for and normally used for classroom purposes at the time of making application for an advancement.

However, there shall not be subtracted classrooms in a building or buildings found to be inadequate for the proper education of students under standards and procedures prescribed by the state board or that have been condemned under IC 20-26-7-29 through IC 20-26-7-34 and that are to be replaced by funds applied for.
STEP FOUR: Multiply the STEP THREE amount by twenty thousand dollars ($20,000).

(c) For purposes of this section, the school corporation's tax ability, in terms of money, is the amount determined under STEP TWO of the following formula:

STEP ONE: Determine six and one-half percent (6 1/2%) of the adjusted value of taxable property in a school corporation as determined under IC 36-1-15-4 for state and county taxes
immediately preceding the date of application.

STEP TWO: Subtract from the STEP ONE amount the sum of the following:

(A) The principal amount of any outstanding general obligation bonds of the school corporation.
(B) The principal amount of outstanding obligations of any corporation or holding company that has entered into a lease-rental agreement with the applicant school corporation.
(C) The principal amount of outstanding civil township, town, or city school building bonds.

If the school corporation's tax ability is less than one hundred dollars ($100), the school corporation's tax ability is considered for purposes of this section as being one hundred dollars ($100).

Prioritizing nonemergency loans

Sec. 14. School corporations having the highest school building index must be considered first for advancements. The advancements must be made in descending order of need as shown by the school building index. The state board, after giving consideration to the:

(1) relative order of the various applicant school corporations with regard to the school building index;
(2) matters and facts that are required to be considered under this chapter; and
(3) intent and purposes of this chapter;
shall make an advancement to the various school corporations for the purpose of construction, remodeling, or repairing in the amounts that are found by the state board to be necessary to enable the school corporations to provide for the classrooms and school buildings necessary and required to place the educational facilities of the school corporations on as nearly a uniform and relatively adequate basis as possible.

Repayment of advancement; state tuition support

Sec. 15. (a) An advancement under this chapter is not an obligation of the school corporation within the meaning of the limitation against indebtedness under the Constitution of the State of Indiana. This chapter does not relieve the governing body of a school corporation of any obligation under Indiana law to qualify the school corporation for state tuition support. The school corporation must perform all the acts necessary to obtain state tuition support payments.

(b) A school corporation receiving an advancement under this chapter shall agree to have the total amount of the money advanced plus one percent (1%) of the outstanding balance deducted from the distribution of state tuition support:

(1) for a period not to exceed twenty (20) years; or
(2) until all the money advanced plus one percent (1%) has been deducted.

(c) The state board shall reduce the amount of each distribution of state tuition support to any school corporation that has received an advancement under this chapter in an amount to be agreed upon between the state board and the school corporation. The amount must include one percent (1%) on the balance of the advancement. However, if a school corporation:

(1) has received an advancement or advancements to replace a building or buildings under this chapter; and
(2) has not abandoned the building or buildings for classroom purposes upon completion of the classrooms for which the application for funds has been made;

the state board may amend the amount of the deductions. The amended deduction may include all state tuition support payable to the school corporation.

(d) If an advancement:

(1) has been previously made under this chapter; and
(2) was to be repaid within a period of less than twenty (20) years;

the receiving school corporation and the state board may renegotiate the agreement for repayment. The new agreement may provide any period of repayment by the receiving school corporation as long as the period does not exceed twenty (20) years from the date of the original advancement.

Sec. 17. An advance is not an obligation of the school corporation within the meaning of the limitation on or prohibition against indebtedness under the Constitution of the State of Indiana. As added by P.L.2-2006, SEC.172.

IC 20-49-4-18
Repayment of advance; terms; state tuition support

Sec. 18. To ensure timely payment of advances according to the terms, the state may in its sole discretion withhold from funds due to school corporations to which advances are made amounts necessary to pay the advances and the interest on the advances in accordance with their respective terms. The terms of the advances shall be established by the state board after consulting with the department and upon the approval of the budget agency in advance of the time the respective advances are made. However, in the case of school corporations with advances outstanding on July 1, 1993, the withholding may be adjusted to conform with this chapter. The state board and the state board of finance shall reduce each distribution of state tuition support to each school corporation to which an advance is made in an amount to be agreed upon by the state and the school corporation. If an advance is made to a school corporation career and technical education school described in IC 20-37-1-1, the reduction for a payment obligation for the advance shall be allocated as provided in section 18 of this chapter.

(b) Each sale, transfer, or liquidation under this section is subject to the following conditions:

(1) Each sale, transfer, or liquidation may be made only to a department, an agency, a commission, an instrumentality, or a public body of the state, including the Indiana bond bank.

(2) Each sale, transfer, or liquidation of agreements may be made only for cash.

(3) Payments under the sale, transfer, or liquidation must be made to the treasurer of state for the fund and reported to the state board of finance.

(4) The total amount of cash received by the fund from the sale may not be less than the outstanding principal amount of all or a part of the agreements sold plus accrued interest owed.

(5) If necessary to facilitate a sale, transfer, or liquidation, the state board or the state board of finance may agree to act on behalf of an entity described in subdivision (1) by collecting payment on advances that are:

   (A) received directly from a school corporation, if any direct payments are received; or
   (B) deducted from amounts appropriated and made available for state tuition support.

An agreement by the state board or the state board of finance under this subdivision is a valid and enforceable contractual obligation but is not a debt of the state within the meaning of the limitation against indebtedness under the Constitution of the State of Indiana.

(6) Each proposed sale, transfer, or liquidation must be reviewed by the budget committee and approved by the budget agency.
