by the workforce cabinet and may be allocated by the budget agency after consultation
with the workforce cabinet and any other state agencies, commissions, or organizations
required by state law. Funds shall be allocated to these agencies in accordance
with the allocations specified below:

SECTION 12. [EFFECTIVE JULY 1, 2019]

In accordance with IC 20-20-38, the budget agency, upon the request of the workforce
cabinet, may proportionately augment or reduce an allocation of federal funds made
under SECTION 11 of this act.

SECTION 13. [EFFECTIVE JULY 1, 2019]

Utility bills for the month of June, travel claims covering the period June 16 to
June 30, payroll for the period of the last half of June, any interdepartmental
bills for supplies or services for the month of June, and any other miscellaneous
expenses incurred during the period June 16 to June 30 shall be charged to
the appropriation for the succeeding year. No interdepartmental bill shall be recorded
as a refund of expenditure to any current year allotment account for supplies or
services rendered or delivered at any time during the preceding June period.

SECTION 14. [EFFECTIVE JULY 1, 2019]

The budget agency, under IC 4-10-11, IC 4-12-1-13, and IC 4-13-1, in cooperation
with the Indiana department of administration, may fix the amount of reimbursement
for traveling expenses (other than transportation) for travel within the limits of
Indiana. This amount may not exceed actual lodging and miscellaneous expenses
incurred. A person in travel status, as defined by the state travel policies and
procedures established by the Indiana department of administration and the budget
agency, is entitled to a meal allowance not to exceed during any twenty-four (24)
hour period the standard meal allowances established by the federal Internal Revenue
Service.

All appropriations provided by this act or any other statute, for traveling and
hotel expenses for any department, officer, agent, employee, person, trustee, or
commissioner, are to be used only for travel within the state of Indiana, unless
those expenses are incurred in traveling outside the state of Indiana on trips that
previously have received approval as required by the state travel policies and procedures
established by the Indiana department of administration and the budget agency. With
the required approval, a reimbursement for out-of-state travel expenses may be granted
in an amount not to exceed actual lodging and miscellaneous expenses incurred.
A person in travel status is entitled to a meal allowance not to exceed during any
twenty-four (24) hour period the standard meal allowances established by the federal
Internal Revenue Service for properly approved travel within the continental United
States and a minimum of $50 during any twenty-four (24) hour period for properly
approved travel outside the continental United States. However, while traveling
in Japan, the minimum meal allowance shall not be less than $90 for any twenty-four
(24) hour period. While traveling in Korea and Taiwan, the minimum meal allowance
shall not be less than $85 for any twenty-four (24) hour period. While traveling
in Singapore, China, Great Britain, Germany, the Netherlands, and France, the minimum
meal allowance shall not be less than $65 for any twenty-four (24) hour period.

In the case of the state supported institutions of postsecondary education, approval
for out-of-state travel may be given by the chief executive officer of the institution,
or the chief executive officer's authorized designee, for the chief executive officer's
respective personnel.

Before reimbursing overnight travel expenses, the auditor of state shall require
documentation as prescribed in the state travel policies and procedures established
by the Indiana department of administration and the budget agency. No appropriation
from any fund may be construed as authorizing the payment of any sum in excess of
the standard mileage rates for personally owned transportation equipment established
by the federal Internal Revenue Service when used in the discharge of state business.
The Indiana department of administration and the budget agency may adopt policies
and procedures relative to the reimbursement of travel and moving expenses of new
state employees and the reimbursement of travel expenses of prospective employees
who are invited to interview with the state.
SECTION 15. [EFFECTIVE JULY 1, 2019]

Notwithstanding IC 4-10-11-2.1, the salary per diem of members of boards, commissions, and councils who are entitled to a salary per diem is equal to $100 per day. However, members of boards, commissions, or councils who receive an annual or a monthly salary paid by the state are not entitled to the salary per diem provided in IC 4-10-11-2.1.

SECTION 16. [EFFECTIVE JULY 1, 2019]

No payment for personal services shall be made by the auditor of state unless the payment has been approved by the budget agency or the designee of the budget agency.

SECTION 17. [EFFECTIVE JULY 1, 2019]

No warrant for operating expenses, capital outlay, or fixed charges shall be issued to any department or an institution unless the receipts of the department or institution have been deposited into the state treasury for the month. However, if a department or an institution has more than $10,000 in daily receipts, the receipts shall be deposited into the state treasury daily.

SECTION 18. [EFFECTIVE JULY 1, 2019]

In case of loss by fire or any other cause involving any state institution or department, the proceeds derived from the settlement of any claim for the loss shall be deposited in the state treasury, and the amount deposited is hereby reappropriated to the institution or department for the purpose of replacing the loss. If it is determined that the loss shall not be replaced, any funds received from the settlement of a claim shall be deposited into the state general fund.

SECTION 19. [EFFECTIVE JULY 1, 2019]

If an agency has computer equipment in excess of the needs of that agency, then the excess computer equipment may be sold under the provisions of surplus property sales, and the proceeds of the sale or sales shall be deposited in the state treasury. The amount so deposited is hereby reappropriated to that agency for other operating expenses of the then current year, if approved by the director of the budget agency.

SECTION 20. [EFFECTIVE JULY 1, 2019]

This act does not authorize any rehabilitation and repairs to any state buildings, nor does it allow that any obligations be incurred for lands and structures, without the prior approval of the budget director or the director’s designee. This SECTION does not apply to contracts for the state universities supported in whole or in part by state funds.

SECTION 21. [EFFECTIVE JULY 1, 2019]

If an agency has an annual appropriation fixed by law, and if the agency also receives
an appropriation in this act for the same function or program, the appropriation in
this act supersedes any other appropriations and is the total appropriation for the
agency for that program or function.

SECTION 22. [EFFECTIVE JULY 1, 2019]

The balance of any appropriation or funds heretofore placed or remaining to the
credit of any division of the state of Indiana, and any appropriation or funds provided
in this act placed to the credit of any division of the state of Indiana, the powers,
duties, and functions whereof are assigned and transferred to any department for
salaries, maintenance, operation, construction, or other expenses in the exercise
of such powers, duties, and functions, shall be transferred to the credit of the
department to which such assignment and transfer is made, and the same shall be
available for the objects and purposes for which appropriated originally.

SECTION 23. [EFFECTIVE JULY 1, 2019]

The director of the division of procurement of the Indiana department of administration,
or any other person or agency authorized to make purchases of equipment, shall not
honor any requisition for the purchase of an automobile that is to be paid for from any
appropriation made by this act or any other act, unless the following facts are shown
to the satisfaction of the commissioner of the Indiana department of administration or
the commissioner's designee:
(1) In the case of an elected state officer, it shall be shown that the duties of the
office require driving about the state of Indiana in the performance of official duty.
(2) In the case of department or commission heads, it shall be shown that the statutory
duties imposed in the discharge of the office require traveling a greater distance
than one thousand (1,000) miles each month or that they are subject to official duty
call at all times.
(3) In the case of employees, it shall be shown that the major portion of the duties
assigned to the employee require travel on state business in excess of one thousand
(1,000) miles each month, or that the vehicle is identified by the agency as an integral
part of the job assignment.

In computing the number of miles required to be driven by a department head or an
employee, the distance between the individual's home and office or designated official
station is not to be considered as a part of the total. Department heads shall annually
submit justification for the continued assignment of each vehicle in their department,
which shall be reviewed by the commissioner of the Indiana department of administration,
or the commissioner's designee. There shall be an insignia permanently affixed on
each side of all state owned cars, designating the cars as being state owned. However,
this requirement does not apply to state owned cars driven by elected state officials
or to cases where the commissioner of the Indiana department of administration or
the commissioner's designee determines that affixing insignia on state owned cars
would hinder or handicap the persons driving the cars in the performance of their
official duties.

SECTION 24. [EFFECTIVE JULY 1, 2019]
When budget agency approval or review is required under this act, the budget agency may refer to the budget committee any budgetary or fiscal matter for an advisory recommendation. The budget committee may hold hearings and take any actions authorized by IC 4-12-1-11, and may make an advisory recommendation to the budget agency.

SECTION 25.  [EFFECTIVE JULY 1, 2019]

The governor of the state of Indiana is solely authorized to accept on behalf of the state any and all federal funds available to the state of Indiana. Federal funds received under this SECTION are appropriated for purposes specified by the federal government, subject to allotment by the budget agency. The provisions of this SECTION and all other SECTIONS concerning the acceptance, disbursement, review, and approval of any grant, loan, or gift made by the federal government or any other source to the state or its agencies and political subdivisions shall apply, notwithstanding any other law.

SECTION 26.  [EFFECTIVE JULY 1, 2019]

Federal funds received as revenue by a state agency or department are not available to the agency or department for expenditure until allotment has been made by the budget agency under IC 4-12-1-12(d).

SECTION 27.  [EFFECTIVE JULY 1, 2019]

A contract or an agreement for personal services or other services may not be entered into by any agency or department of state government without the approval of the budget agency or the designee of the budget director.

SECTION 28.  [EFFECTIVE JULY 1, 2019]

Except in those cases where a specific appropriation has been made to cover the payments for any of the following, the auditor of state shall transfer, from the personal services appropriations for each of the various agencies and departments, necessary payments for Social Security, public employees' retirement, health insurance, life insurance, and any other similar payments directed by the budget agency.

SECTION 29.  [EFFECTIVE JULY 1, 2019]

Subject to SECTION 24 of this act as it relates to the budget committee, the budget agency with the approval of the governor may withhold allotments of any or all appropriations contained in this act for the 2019-2021 biennium, if it is considered necessary to do so in order to prevent a deficit financial situation.

SECTION 30.  [EFFECTIVE JULY 1, 2019]

(10) The ability of the applicant to commit to providing at least twenty percent (20%) of the cost to deploy the proposed broadband infrastructure. When multiple applicants apply for a grant to provide broadband service to the same census block within an unserved area, the office state agency may establish a preference for applications with a greater capital contribution by the applicant.

(11) Any proposed plans to encourage the adoption and use of broadband services within the unserved area.

(12) Any other factors the office considers appropriate to enable the deployment of broadband infrastructure to provide qualified broadband service in unserved areas in Indiana.

(b) The following conditions apply to the awarding of grants under this chapter:

(1) The office A state agency shall not award a grant with respect to any geographic area if information made available to the office state agency, through comments or objections received under section 7(c) of this chapter or otherwise, indicates any of the following:

(A) The area is already being served by at least one (1) provider offering qualified broadband service in the area. However, any person may, in a petition filed with the office state agency, provide evidence that one (1) or more locations within one (1) or more census blocks in the area are unserved areas. Upon receiving a petition described in this clause, the office state agency shall notify all broadband providers operating in all census blocks included in the petition. Those broadband providers may in turn demonstrate to the office state agency that the locations included in the petition:

(i) are already served with qualified broadband service; or

(ii) will be served with qualified broadband service not later than eighteen (18) months after the date of the application for a grant under this chapter.

(B) The area is currently being built out for qualified broadband service by a qualified broadband service provider, and the construction is scheduled to be completed within one (1) year of the date of an application under this chapter.

(C) The area is currently planned for qualified broadband service expansion by a qualified broadband service provider:

(i) without state grant funding; and

(ii) with project completion forecast not later than eighteen (18) months after the date of an application under this chapter.

If the office state agency denies a grant on the basis of clause (A)(ii), (B), or (C), the qualified
broadband service provider involved in the current or planned project, as applicable, shall provide the office state agency with a schedule for completion of the current or planned build out. The qualified broadband service provider shall also provide the office state agency with quarterly status updates, beginning three (3) months after the office's state agency's decision denying a grant for the area, concerning any work done toward completion of the project described in clause (A)(ii), (B), or (C). If the qualified broadband service provider fails to provide a schedule for completion or a status report by the date required by the office state agency, or if the office state agency determines that the time frame for project completion described in clause (A)(ii), (B), or (C), as applicable, will likely not be met, the office state agency may award a grant under this chapter with respect to the area and shall provide notice of that fact to all former applicants that were previously denied a grant under this chapter with respect to the area on the basis of clause (A)(ii), (B), or (C). The qualified broadband service provider that failed to provide a schedule or report, or that failed to meet the time frame for project completion described in clause (A)(ii), (B), or (C), may not use this subdivision to subsequently challenge the awarding of a grant under this chapter with respect to the same area.

(2) The office A state agency shall not award a grant to any applicant that is receiving for the same unserved area for which a grant is sought under this chapter:

(A) a federal grant; or
(B) another state grant;
to provide qualified broadband service to the area under a grant program the express purpose of which is to provide broadband service to unserved areas.

(3) The office A state agency shall not discriminate between different types of technology used to provide qualified broadband service in connection with proposed qualified broadband projects.

(4) The office A state agency shall seek any assurances that may be necessary or appropriate to ensure that proposed qualified broadband projects will be substantially completed within the time period set forth in a grant application under this chapter.

(5) The office A state agency shall condition the release of any grant funds awarded under this chapter on:

(A) the progressive completion, as measured on a not more than quarterly basis, of the approved qualified broadband project; and
(B) operational testing, when possible, to confirm the level of service proposed in the grant application.

Once funds have been released in accordance with this subdivision, all authority and ownership of the broadband infrastructure vests with the qualified broadband service provider that built the infrastructure.

(6) A state agency may not award a grant of more than five million dollars ($5,000,000) for any one (1) qualified broadband project.

(e) (d) Except as provided in subsections (f) (k) and (m); (l), before August 15 of each year, the treasurer auditor of state shall distribute the wagering taxes set aside for revenue sharing under subsection (a)(1) to the county treasurer of each county that does not have a riverboat according to the ratio that the county's population bears to the total population of the counties that do not have a riverboat. (1) To each city located in the county according to the ratio the city's population bears to the total...

(3) After the distributions required in subdivisions (1) and (2) are made, the remainder shall be retained by the county.

(e) Money received by a city, town, or county under subsection (e) (d) or (h) (g) may be used for any of the following purposes:

(f) Before July 15 of each year, the treasurer auditor of state shall determine the total amount of money distributed to an entity under IC 4-33-12-6 or IC 4-33-12-8 during the preceding state fiscal year.

If the treasurer auditor of state determines that the total amount of money distributed to an entity under IC 4-33-12-6 or IC 4-33-12-8 during the preceding state fiscal year was less than the entity's base year revenue (as determined under IC 4-33-12-9), the treasurer auditor of state shall make a supplemental distribution to the entity from taxes collected under this chapter and deposited into the state general fund.

Except as provided in subsection (i), (h), the amount of an entity's supplemental distribution is equal to:

(1) the entity's base year revenue (as determined under IC 4-33-12-9); minus

(2) the sum of:

(A) the total amount of money distributed to the entity and constructively received by the entity during the preceding state fiscal year under IC 4-33-12-6 or IC 4-33-12-8; plus

(B) the amount of any admissions taxes deducted under IC 6-3.1-20-7.

(3) After the distributions required in subdivisions (1) and (2) are made, the remainder shall be paid in equal amounts to the consolidated city and the county.

(h) This subsection applies to a supplemental distribution made after June 30, 2017. The maximum amount of money that may be distributed under subsection (e) (f) in a state fiscal year is equal to the following:

(3) After June 30, 2021, if the total adjusted gross receipts received by licensees from gambling games authorized under this article during the preceding state fiscal year is less than the total adjusted gross receipts received by licensees from gambling games authorized under this article during the state fiscal year ending June 30, 2020, the maximum amount is equal to the result of:

(i) the total adjusted gross receipts received by licensees from gambling games authorized under this article during the preceding state fiscal year; divided by

(ii) the total adjusted gross receipts received by licensees from gambling games authorized under this article during the state fiscal year ending June 30, 2020.

If the total amount determined under subsection (f) exceeds the maximum amount determined under this subsection, the amount distributed to an entity under subsection (f) must be reduced according to the ratio that the amount distributed to the entity under IC 4-33-12-6 or IC 4-33-12-8 bears to the total amount distributed under IC 4-33-12-6 and IC 4-33-12-8 to all entities receiving a supplemental distribution.

This subsection applies to a supplemental distribution, if any, payable to Lake County, Hammond, Gary, or East Chicago under subsections (d) and (h). Beginning in July 2016, the treasurer auditor of state shall, after making any deductions from the supplemental distribution required by IC 6-3.1-20-7, deduct from the remainder of the supplemental distribution otherwise payable to the unit under this section the lesser of:

(1) the remaining amount of the supplemental distribution; or

(2) the difference, if any, between:

(A) three million five hundred thousand dollars ($3,500,000); minus

(B) the amount of admissions taxes constructively received by the unit in the previous state fiscal year.

The treasurer auditor of state shall distribute the amounts deducted under this subsection to the northwest Indiana redevelopment authority established under IC 36-7.5-2-1 for deposit in the development authority revenue fund established under IC 36-7.5-4-1.

(1) must be paid to the fiscal officer of the political subdivision and may be deposited in the political subdivision's general fund or riverboat fund established under IC 36-1-8-9, or both;

(2) may not be used to reduce the maximum levy under IC 6-1.1-18.5 of a county, city, or town or the maximum tax rate of a school corporation, but, except as provided in subsection (b)(2)(B), may be used at the discretion of the political subdivision to reduce the property tax levy of the county, city, or town for a particular year;

(3) except as provided in subsection (b)(2)(B), may be used for any legal or corporate purpose of the political subdivision, including the pledge of money to bonds, leases, or other obligations under IC 5-1-14-4; and

Money distributed under subsection (b)(2)(B) must be used for the purposes specified in subsection (b)(2)(B).

Money distributed under subsection (b) shall be deposited as being received from all riverboats whose supplemental wagering tax, as calculated under IC 4-33-12-1.5(b), is over three and five-tenths percent (3.5%). The amount deposited under this subsection, in each riverboat's account, is proportionate to the supplemental wagering tax received from that riverboat under IC 4-33-12-1.5 in the month of July. The amount deposited under this subsection must be distributed in the same manner as the supplemental...
wagering tax collected under IC 4-33-12-1.5. This subsection expires June 30, 2021.

(1) After June 30, 2021, the amount of wagering taxes that would otherwise be distributed to South Bend under subsection (e) (d) shall be withheld and deposited in the state general fund.

(c) For December, the auditor of state shall determine an annual uniform disbursement percentage to be applied in determining the amount of motor vehicle excise tax replacement money to be disbursed to each county in December as an annual adjustment.

(i) Before filing the proposed Medicaid state plan amendment with CMS, the proposed Medicaid state plan amendment referenced in subsection (h) shall be submitted by the office to the hospital assessment fee committee for the committee's approval.

(j) The hospital assessment fee committee shall coordinate with the office so that the disproportionate share payment plan described in subsection (g) is prepared and submitted to the office under subsection (g), and the committee's approval of the proposed state plan amendment pursuant to (i), is obtained in sufficient time so as to enable the office to file the proposed Medicaid state plan amendment with CMS before October 1, 2019.

(k) The office shall regularly update the hospital assessment fee committee regarding the status of the proposed Medicaid state plan amendment. All questions, proposals, directives, requirements, and other communications received by the office from CMS concerning the proposed Medicaid state plan amendment shall be provided to the committee within a reasonable time after receipt by the office. (m) In the event a provision of this section conflicts with another provision of this article, the provisions of this section shall control.

SECTION 191. IC 20-43-4-9, AS AMENDED BY P.L.217-2017, SECTION 124, IS AMENDED TO
READ AS FOLLOWS [EFFECTIVE JUNE 29, 2019]: Sec. 9. (a) Subject to subsections (b) and (c), this subsection applies to the calculation of state tuition support distributions that are based on the current ADM of a school corporation. The fall count of ADM, as adjusted by the state board under section 2 of this chapter, shall be used to compute state tuition support distributions made in the first six (6) months of the current state fiscal year, and the spring count of ADM, as adjusted by the state board under section 2 of this chapter, shall be used to compute state tuition support distributions made in the second six (6) months of the state fiscal year.

(b) This subsection applies to a school corporation that does not provide the estimates required by section 2(b) of this chapter before the deadline. For monthly state tuition support distributions made before the count of ADM is finalized, the department shall determine the distribution amount for such a school corporation for a state fiscal year of the biennium, using data that were used by the general assembly in determining the state tuition support appropriation for the budget act for that state fiscal year. The department may adjust the data used under this subsection for errors.

(c) If the state board adjusts a count of ADM after a distribution is made under this article, the adjusted count retroactively applies to the amount of state tuition support distributed to a school corporation affected by the adjusted count. The department shall settle any overpayment or underpayment of state tuition support resulting from an adjusted count of ADM on the schedule determined by the department and approved by the budget agency.

SECTION 192. IC 20-43-6-3, AS AMENDED BY P.L.217-2017, SECTION 127, IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JUNE 29, 2019]: Sec. 3. (a) A school corporation's basic tuition support for a state fiscal year is the amount determined under the applicable provision of this section.

(b) This subsection applies to a school corporation that does not have any students in the school corporation's current ADM for the year for whom, of the instructional services that the students receive from the school corporation, at least fifty percent (50%) is virtual instruction. The school corporation's basic tuition support for a state fiscal year is equal to the result using the following formula:

- **STEP ONE**: Multiply the foundation amount multiplied by the school corporation's current ADM.

- **STEP TWO**: Multiply the foundation amount by six thousand six hundred sixty-seven ten thousandths (0.6667).

- **STEP THREE**: Multiply the **STEP TWO** amount by the school corporation's complexity index.

- **STEP FOUR**: Multiply the **STEP THREE** amount by the school corporation's current ADM.

- **STEP FIVE**: This **STEP** applies only to a school corporation that has at least eighteen percent (18%) of its ADM eligible for the English language learners program and that experienced a percentage decrease of at least forty-five percent (45%) in the school corporation's complexity index for the school year ending in 2017 compared to the school corporation's complexity index for the current school year. For such a school corporation determine the result of:
  - (A) the school corporation's current ADM; multiplied by
  - (B) one hundred twenty-eight dollars ($128).

- **STEP SIX**: Determine the result of:
  - (A) the **STEP ONE** amount; plus
  - (B) the **STEP FOUR** amount; plus
  - (C) the **STEP FIVE** amount, if applicable.

(c) This subsection applies to a school corporation that has students in the school corporation's current ADM for the year for whom, of the instructional services that the students receive from the school corporation, at least fifty percent (50%) is virtual instruction. The school corporation's basic tuition support for a state fiscal year is equal to the result using the following formula:
STEP ONE: Determine the total number of students in the school corporation's current ADM for the year for whom, of the instructional services that the students receive from the school corporation, at least fifty percent (50%) is virtual instruction.

STEP TWO: Determine the result of the school corporation's current ADM for the year minus the STEP ONE amount.

STEP THREE: Determine the result of:
(A) the foundation amount; multiplied by
(B) the STEP TWO amount.

STEP FOUR: Determine the result of:
(A) the STEP ONE amount; multiplied by
(B) eighty percent (80%) of the foundation amount.

STEP FIVE: Multiply the foundation amount by six thousand six hundred sixty-seven ten thousandths (0.6667).

STEP SIX: Multiply the STEP FIVE amount by the school corporation's complexity index.

STEP SEVEN: Multiply the STEP SIX amount by the STEP TWO amount.

STEP EIGHT: Multiply the STEP SIX amount by the STEP ONE amount.

STEP NINE: Multiply the STEP EIGHT amount by eighty percent (80%).

STEP TEN: This STEP applies only to a school corporation that has at least eighteen percent (18%) of its ADM eligible for the English language learners program and that experienced a percentage decrease of at least forty-five percent (45%) in the school corporation's complexity index for the school year ending in 2017 compared to the school corporation's complexity index for the current school year. For such a school corporation determine the result of:
(A) the school corporation's current ADM; multiplied by
(B) one hundred twenty-eight dollars ($128).

STEP ELEVEN: Determine the result of:
(A) the STEP THREE amount; plus
(B) the STEP FOUR amount; plus
(C) the STEP SEVEN amount; plus
(D) the STEP NINE amount; plus

SECTION 198. IC 20-43-10-3.5, AS AMENDED BY P.L.86-2018, SECTION 185, IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JUNE 29, 2019]: Sec. 3.5. (a) As used in this section, "school" means a school corporation, charter school, and a virtual charter school.

(b) Subject to the requirements of this section, a school qualifies for a teacher appreciation grant as
provided in this section for a state fiscal year if one (1) or more licensed teachers:

(1) employed in the classroom by the school; or

(2) directly providing virtual education;

were rated as effective or as highly effective, using the most recently completed teacher ratings.

(c) A school may not receive a teacher appreciation grant under this section unless:

(1) the school has in the state fiscal year in which the teacher appreciation grants are made under
this section:

(A) adopted an annual policy concerning the distribution of teacher appreciation grants; and

(B) submitted the policy to the department for approval; and

(2) the department has approved the policy.

The department shall specify the date by which a policy described in subdivision (1) must be submitted
to the department.

(d) The amount of a teacher appreciation grant for a qualifying school corporation or virtual charter
school is equal to:

(1) thirty forty-five dollars ($30); ($45); multiplied by

(2) the school's current ADM.

However, the grant amount for a virtual charter school may not exceed the statewide average grant
amount.

(e) The following apply to the distribution of teacher appreciation grants:

(1) If the total amount to be distributed as teacher appreciation grants for a particular state fiscal year
exceeds the amount appropriated by the general assembly for teacher appreciation grants for that
state fiscal year, the total amount to be distributed as teacher appreciation grants to schools shall be
proportionately reduced so that the total reduction equals the amount of the excess. The amount of
the reduction for a particular school is equal to the total amount of the excess multiplied by a
fraction. The numerator of the fraction is the amount of the teacher appreciation grant that the school
would have received if a reduction were not made under this section. The denominator of the
fraction is the total amount that would be distributed as teacher appreciation grants to all schools if
a reduction were not made under this section.

(2) If the total amount to be distributed as teacher appreciation grants for a particular state fiscal year
is less than the amount appropriated by the general assembly for teacher appreciation grants for that
state fiscal year, the total amount to be distributed as teacher appreciation grants to schools for that
particular state fiscal year shall be proportionately increased so that the total amount to be
distributed equals the amount of the appropriation for that particular state fiscal year.

(f) The annual teacher appreciation grant to which a school is entitled for a state fiscal year shall be
distributed to the school before December 5 of that state fiscal year.

(g) The following apply to a school's policy under subsection (c) concerning the distribution of teacher
appreciation grants:

(1) The governing body shall differentiate between a teacher rated as a highly effective teacher and
a teacher rated as an effective teacher. The policy must provide that the amount of a stipend awarded
to a teacher rated as a highly effective teacher must be at least twenty-five percent (25%) more than
the amount of a stipend awarded to a teacher rated as an effective teacher.

(2) The governing body of a school may differentiate between school buildings.

(3) A stipend to an individual teacher in a particular year is not subject to collective bargaining, but
is discussable, and is in addition to the minimum salary or increases in salary set under
IC 20-28-9.1.5. The governing body may provide that an amount not exceeding fifty percent (50%)
of the amount of a stipend to an individual teacher in a particular state fiscal year becomes a
permanent part of and increases the base salary of the teacher receiving the stipend for school years
beginning after the state fiscal year in which the stipend is received. The addition to base salary is not subject to collective bargaining, but is discussable.

(h) A teacher appreciation grant received by a school shall be allocated among and used only to pay cash stipends to all licensed teachers employed in the classroom who are rated as effective or as highly effective and employed by the school as of December 1. **The following apply to the grant allocation under this subsection:**

(1) Two-thirds (2/3) of the grant received by the school must be granted to all licensed teachers employed in the classroom who are rated as effective or as highly effective and employed.

(2) The remaining one-third (1/3) of the grant received by a school must be granted to teachers with less than five (5) years of service who are rated as effective or as highly effective, in addition to the grant amount to those teachers under subdivision (1).

(i) The lead school corporation or interlocal cooperative administering a cooperative or other special education program or administering a career and technical education program, including programs managed under IC 20-26-10, IC 20-35-5, IC 20-37, or IC 36-1-7, shall award teacher appreciation grant stipends to and carry out the other responsibilities of an employing school corporation under this section for the teachers in the special education program or career and technical education program.

(j) A school shall distribute all stipends from a teacher appreciation grant to individual teachers within twenty (20) business days of the date the department distributes the teacher appreciation grant to the school. Any part of the teacher appreciation grant not distributed as stipends to teachers before February must be returned to the department on the earlier of the date set by the department or June 30 of that state fiscal year.

(k) The department, after review by the budget committee, may waive the December 5 deadline under subsection (f) to distribute an annual teacher appreciation grant to the school under this section for that state fiscal year and approve an extension of that deadline to a later date within that state fiscal year, if the department determines that a waiver and extension of the deadline are in the public interest.

(l) The state board may adopt rules under IC 4-22-2, including emergency rules in the manner provided in IC 4-22-2-37.1, as necessary to implement this section.

(m) This section expires June 30, 2019-2021.
