

**A SECTION-BY-SECTION OUTLINE OF PD 3043,
2018 INDIANA CODE PROBLEMS NOT SUITABLE FOR RESOLUTION IN THE TECHNICAL CORRECTIONS BILL**

(1) AMENDMENTS TO CODE SECTIONS, CODE SECTIONS ADDED, AND CODE CHAPTERS AND ARTICLES REPEALED:

SEC.	IC §	Page	Explanation of the problem and the suggested resolution	Effective Date	Person who brought the problem to OCR's attention or was consulted by OCR about the correction
1	4-35-7-12		Missing provisions. IC 4-35 governs gambling games at racetracks. IC 4-35-7-12 requires that a person licensed under that article provide support for the Indiana horse racing industry on a monthly basis by distributing for horse racing purses and horsemen's associations percentages of the adjusted gross receipts from wagering at each casino operated by the licensee. It also directs the allocation of the amounts among the various breeds of horses. The section was last amended by the SEA 441-2015 trailer bill, SEA 23-2016 [P.L.122-2016], to resolve a four way conflict between versions of the section amended in the 2015 legislative session. The conflict resolution, however, inadvertently omitted from IC 4-35-7-12 two provisions concerning the distribution of money for standardbred purposes. The amendment made in this SECTION restores the missing provisions to IC 4-35-7-12 in subsection (f)(2)(C) and (f)(2)(D) effective upon passage.	Upon Passage	Ross Hooten Attorney, Legislative Services Agency Lea Ellingwood General Counsel, Indiana Horse Racing Commission
