Chapter 13.2. Notification Concerning Dense Breast Determination

IC 25-22.5-13.2-1

Notice of high breast density

Sec. 1. A facility that performs a mammography examination shall, if the patient is determined by the facility to have an amount of breast and connective tissue in comparison to fat in the breast that would require follow up care or testing, notify the patient of the determination. The notice required under this section must be included with a summary of the written mammography report.
